BRUSH VALLEY.

A birthday surprise party was held at the home of Mr. and Mrs. William H. Breen on Tuesday evening, the occasion being the thirty-fourth anniversary of Mr. Breen's natal day. Many gifts were received and refreshments were served of ice cream, cake and candy. Those present were, Mr. and Mrs. James Scholl and granddaughter Margaret, Mr. and Mrs. Henry White and children Helen, Floyd, Frank, Earl, and George, Mr. and Mrs. Harvey Musser and sons, Clayton and Thomas, Mr. and Mrs. Lee Vonada, Mrs. Lewis Cornan and daughter Bertha, Mr. and Mrs. Harvey Rote and children Roy, Carrie, Russel, Mr. and Mrs. John Rachaup, Mr. and Mrs. Bruce Hettinger, and son Stanford, Mr. and Mrs. William F. Rishel and children Catherine, Jean, Robert, John, Beiber, Harry Grenoble, Jay Rachaup, Edna Feidler, Lodie Musser.

AARONSBURG.

Prof. C. T. Gramley's senior class in the High school realized \$35.00 from their recent social.
John Durst sustained an injury to his foot while at work at the stone quarry, which is keeping him housed up.
Harold and Kermit Orwig, of Northumberland, spent Sunday with their grandparents, Mr. and Mrs. C. G. Bright. They were accompanied back home by Master David, who will spend some time with his parents there.

FARM ACCOUNTS.

The County Agent Ready to Distribute Farm Account Books and Help Farmers Keep Accurate Records.

Do you keep an exact account of your income and expenses or do you regard your bank-book and check-book as the sole source of record? Does a balance of \$500 at the end of the year mean that you have saved \$500? Does a debt of \$500 at the end of the year mean to you that you have lost \$500 during that year? Just the opposite may be true of the above instances. A good system of accounts is the best way to be certain whether you are a success or failure.

Do you know which farming operation gives you the greatest return for your investment? Do you know how much you have made from corn, wheat, hay, hogs, cows or any other item of your farm income?

These are a few of the ways a Farm Account Book will be a help to you. They may be obtained at the Farm Bureau office at cost and we will be very glad to help you start an account book at any time through the year that you may need help. It is not safe to guess. How long would a business firm continue in business without a good accounting system? A successful farmer of to-day must also be a good business man. April 1st is a good time to start.—County Agent.

Mule Sale To-morrow (Friday).

The mule sale in Centre Hall was postponed last Saturday until Friday of this week, February 25, owing to the extreme weather conditions.

This is an extra fine carload of Missouri Mules, especially selected for use on Pennsylvania farms; stout, healthy animals, ready for work—the finest lot of animals ever delivered in the Eastern market, ranging in ages from three to five years. All are of good weight, one span weighing 2300.

Don't forget the date—Friday, February 25, at Centre Hall.

Automatic Telephones Are Demonstrated at Meeting.

Three hundred Bell telephone men from different parts of the state, at a meeting in Harrisburg last week, got a glimpse of the modern system of "machine switching" which eventually will do away with the telephone switchboard operator.

The system of "automatic telephones" is being tried out by the Bell company in Philadelphia, but speakers at the meeting would not venture a guess when the system will be in general use throughout the state. The telephone men were brought together from many different cities to learn how it works.

York Gets Grange Meeting.

This year's session of the Pennsylvania state grange will be held at York, from December 23 to 26, inclusive. Mr. McSparran, the state master, having accepted York's invitation. Two thousand delegates are usually in attendance.

Farm Calendar.

Timely Reminders from The Pennsylvania State College

SPRAYING.

An Erie county farmer checked his scale spray in his orchard last year. Where the spray was used he harvested 98 per cent perfect fruit; where he did not spray the crop was 45 per cent perfect. On another variety sprayed fruit was 79 per cent perfect, and unsprayed was worthless. Overhaul your spray machine now and get it ready for the scale spray before the buds burst.

DAIRY FEED.

With 43 per cent cottonseed meal selling for from \$40 to \$45 per ton, it would look as though the price has reached the bottom. Linnseed meal is also down to \$45 to \$50 per ton, and it would appear that one would be safe in laying in a supply at these prices.

GARDEN.

A comparison at this time of the imported celery with the home grown, shows the latter up to fine advantage. Every gardener should resolve to grow his own celery this year.

BROODING CHICKS.

The losses which often occur in brooding chicks may be lessened to a considerable degree by the use of coal burning brooders. From 300 to 400 chicks can readily be placed under one of these brooders with excellent results.

PURCHASE CLOVER SEED EARLY.

In localities where it is the custom to seed clover on winter wheat, it is desirable to seed during the last week in February, or any time in March when the soil is honey-combed, or when there is a light fall snow. Ten to twelve pounds of good quality seed is a generous rate of seeding.

FOUND.

A good tire chain, on Sunday evening of last week. Owner may have same by applying to Abner W. Alexander, Centre Hall, Pa., Route 1.

14 Inches of Snow.

Sunday morning saw the ground covered with a foot of snow and by night another two inches had been added, bringing the total to fourteen inches, which exceeded the combined snowfall for the past winter, up until that time, by four inches. Fortunately it lay practically undisturbed, except in a few places, where it drifted slightly.

Set Date for C. H. S. Commencement.

The 1921 graduating class of the Centre Hall High school will be the largest in the history of the school, provided the class remains intact until May 6th, the date set for the graduation exercises. Ten girls and five boys comprise the senior class, and they are the following: Harold Keller, William Sweetwood, Russel Reish, Thomas Grove, Kryder Miller, Emily Jordan, Elizabeth R. Veyer, Pearl Ruble, Gertrude Ruble, Esther Wagner, Annabell Smith, Beatrice Kreamer, Hazel Ripka, Ruth Ripka, and Grace Fye.

State's Wheat Crop Worth More Than \$51,000,000.

Pennsylvania's wheat crop in 1920 was worth more than \$51,000,000 according to figures made public a few days ago by Statistician L. H. Wible of the Pennsylvania Department of Agriculture. Lancaster county maintained the leadership in the state by producing a crop that had a cash value of \$5,520,769.20, while York county came in for second honors with a crop worth \$3,415,639.50 and Franklin county was third, while Adams, Berks, Bucks, Centre, Chester, Columbia, Cumberland, Dauphin, Lebanon, Lehigh, Northampton and Northumberland counties all produced crops worth more than a million dollars.

The average price received for last year's wheat was \$1.91 per bushel as compared with \$2.15 received in 1919. The yield per acre last year was 17.3 bushels per acre as compared with 17.8 bushels in 1919. The value of the total crop last year was \$51,351,242.65 as compared with \$62,878,984.94.

Centre county, from an acreage of 35,237 acres, produced 591,982 bushels of wheat, an average of 16.8 bushels per acre; average price per bushel, \$1.85; total value of crop, \$1,095,166.70.

More Than 750 Bills Before Legislature.

More than 750 bills are now before the legislature of Pennsylvania, the number introduced in the house to the day of adjournment last week having passed the 600 mark. Over 250 bills have been presented in the senate. A larger percentage than usual of the bills in hand are of general character, the number of appropriations received being less than in ordinarily the case in former sessions. The house has a heavy calendar for Monday, February 22, when it will resume sessions, there being thirty-eight bills on third reading and twenty on second reading stage.

Hughes Accepts Cabinet Post.

Selection of Charles Evans Hughes, of New York, to be secretary of state was definitely announced on Saturday by President-elect Harding. Mr. Hughes has accepted.

GEORGES VALLEY.

Ira Linglie with his brother Morris made a trip to our valley on Monday. William Leister and sister, Miss Meda, spent Sunday at the J. B. Ripka home. Mrs. H. I. Foust, of Centre Hill, spent a few days last week at the home of her daughter, Mrs. J. C. Reeder.

The stork visited the home of Mr. and Mrs. Ray Sharer last Tuesday and left them a little boy, which has been named Reeder Jacob.

The play and box social held at the Decker school house last Saturday evening was largely attended and every body enjoyed themselves. The proceeds went to pay the organ recently purchased for the benefit of the school.

Miss Lola Wolfe, teacher of the Poke Hill school, resigned, and her place is being filled by Miss Anna Reacker. Miss Wolfe went to Lock Haven where she was married and from there left with her husband for Illinois where they will visit friends.

"Some Idle Gossipers"

(Who Live in Centre Hall and Vicinity.)
If you must talk, tell the truth.
"Be sure you are right, then go ahead."
Gossipers always entrap themselves, so you better not gossip.

HEAR THIS SERMON

At the LUTHERAN CHURCH
SUNDAY EVENING, 7:30.
By the Pastor,
REV. M. C. DRUMM.

Chautauqua Guarantors Met.

A meeting of the 1921 Centre Hall Chautauqua guarantors was held in the public school building on Friday evening. There was a small attendance, but nevertheless an interesting meeting was held. A reorganization was effected by electing the following officers for the year: President, E. M. Huyett; secretary, N. L. Bartges; assistant secretary, Edw. J. Bailey; treasurer, D. K. Keller. The matter of the Chautauqua and the winter lyceum course continuing to be operated under one head, as was done last year for the first time, was discussed, and the consensus of opinion favored the arrangement.

The old committee being unable to close their affairs until after the last number of the 1920-21 lecture course, which closes on March 3rd, nothing other than re-organizing was taken up at the meeting.

With a cash balance close to \$120.00 in the treasury, the prospects for a successful summer and winter course of entertainment for Hall and community are very bright.

Sermon Postponed.

On account of the heavy snow Sunday there were no services at Spring Mills or Tusseyville. The next service at Spring Mills in two weeks, March 6, at 2:30 p. m., is the scheduled time for Communion. So the sermon on "The Modern Dance" will be preached on Wednesday night of Holy Week, March 23.

This same sermon will be preached at Tusseyville, Sunday night, March 6.

A week of prayer service will be held in the charge as follows: Monday, Tuesday, and Wednesday nights at Spring Mills, and Thursday, Friday and Saturday nights at Centre Hall. All persons in the charge can attend this week of service. All others are also welcome.

Farmer's Hand Torn Off in Corn Sheller.

Charles Fisher, aged about twenty-seven years, a son of Edward Fisher, Danville R. F. D. 7, will go through life minus his right hand as he met with a frightful accident on the farm of Reeder Shultz, a neighbor and his cousin, when the hand was torn off at the wrist.

Fisher, who is employed on the farm of his father, on Wednesday went to the Shultz farm, which is close by, to help husk corn. In some manner his right hand was drawn into the shelling machine. Fisher's wife and his sister-in-law, who were assisting at the husking, were with him at the time of the accident. Fisher was quickly placed in Grover Swank's automobile and driven to the Geisinger hospital where the surgeons operated at once.

Pass this Bill in the Interest of True Sportsmanship.

For years the farmers of Centre county have been complaining of so-called "sportsmen" who kill their chickens and turkeys during the hunting season, but if the bill passes the state legislature introduced by Senator H. W. Schwartz, of Lehigh county, these outlaws will have something to account for hereafter. The bill provides that hunters killing or attempting to kill domestic animals and poultry are made liable to a loss of hunter's license and a fine of \$100. Convictions must be reported to the state game commission for revocation of license.

Income Tax Facts You Ought to Know.

Births, deaths and marriages during the year 1920 affect materially income tax returns for the year.

Millions of babies were added to family circles, each of whom brings an exemption of \$200 in the parents' income tax return.

Widow and widowers who lost husbands or wives during the year are especially affected. They are single for the purposes of the income tax law and are granted only an exemption of \$1000, unless the head of a family.

Persons who were divorced or separated by mutual agreement during the year also must consider themselves as single persons.

The status of the taxpayer on December 31, 1920, determines the amount of the exemptions. If on that day the taxpayer was married and living with husband or wife, claim may be made for the \$2,000 exemption. If single, or married and not living with wife or husband on December 31, the exemption is only \$1,000.

Persons who reached majority during the year and whose earnings for that period amounted to \$1,000 or more, according to their marital status, must file a return and pay a tax on their net income in excess of those amounts.

To avoid penalty, the return must be in the hands of the Collector of Internal Revenue for the district, in which the taxpayer lives, or has his principal place of business, on or before midnight of March 15, 1921.

MILLHEIM.

Miles Boob recently returned from Iowa, where he had gone from Akron, O., when the slump came. He expects to remain at home and assist his father, C. E. Boob, on the farm.

Prof. Lewis R. Lenhart reports the following collections made by the pupils of the Millheim schools for the Armentia Relief fund: Collected at the door of the Auditorium, \$21; collected by solicitors, \$163.80; total, \$184.80. Considering that each of the four churches and Sunday schools of the borough had drives on for the same purpose, the schools did exceptionally well.

The many friends hereabouts of Dr. John Hardenbergh, who nearly a year ago went to St. Petersburg, Fla., will be pleased to learn that he recently passed the Florida medical examinations and has started practicing medicine there. He writes that he likes his new location and the prospects for a lucrative practice are very bright.

Mrs. Susan Swartz, who spends most of her time with her daughter, Mrs. A. M. Shook, of Millheim, last Friday celebrated her 81st birthday anniversary at the home of another daughter, Mrs. H. N. Fiedler, near Madisonburg. The Fiedlers that day butchered a beef and two fat hogs and Mrs. Swartz proved to be still a good help at a butchering. She is exceptionally active for her age.

Early Friday morning a stranger aroused Dr. Allison, proprietor of the National hotel, and requested admittance into the hotel until time for the bus to take him to Coburn. He told Mr. Allison that he had been driving a Paige touring car and had met two men who were walking and took them on his car. He said that a short distance east of Spring Mills he had occasion to get off to adjust something at the engine and walked to the rear of the car to light a cigar when suddenly the men whom he was taking along drove away at a rapid speed. He said the car did not belong to him and he did not know the license number. He claimed to be from Tyrone.

FOR SALE.

Pair of Mules, coming two years old. Allright in every way.—John H. Horner, Centre Hall, Pa., Route No. 1.

TOWN AND COUNTY NEWS.

HAPPENINGS OF LOCAL INTEREST FROM ALL PARTS

The sale season is on the move.
Mr. and Mrs. Fred Stover, of Altoona, are visiting relatives in Centre Hall.
Dr. J. R. G. Allison, of Millheim, visited the J. W. Runkle family last Friday.

A marriage license was issued last week to G. Frank Smith and Miss M. Alverda Sweeney, both of Potters Mills.
To-morrow (Friday) the imposing residence property of the late Dr. and Mrs. J. F. Alexander, in Centre Hall, will be put up at public sale.

Newspaper editors of Pennsylvania will make a visit to the Pennsylvania State College during the coming spring as guests of students and college officials.

The buck deer were not all killed off last season, according to Samuel Horner, of Coyer, who saw a large deer, with a fine rack, run over his fields one day last week.

Owing to a slight illness of Miss Isabel Rowe, assistant principal of the Centre Hall High school, her place in the school room was taken by Rev. M. C. Drumm for several days the past week.

Miss Ruth Smith, daughter of Mr. and Mrs. L. L. Smith, was forced to temporarily give up her work as assistant to the principal in the Boalsburg High school, on account of an attack of tonsillitis.

G. M. Smetzler, of Minneapolis, Minnesota, started for his home on Monday after a few weeks' visit with his brothers in Penns. Valley. He will stop enroute at Clyde, Ohio, to visit his brother, David Smetzler.

The Evangelistic campaign being conducted at Millheim by the Newell Brothers is creating much interest, and it is estimated that over 1000 people crowded into the church on Sunday night to hear the Evangelist.

The old-fashioned "spelling-bee" may be said to be extinct, but Joseph R. Haney, teacher of Wolfs Chapel school, revived the ancient custom on Monday night when scholars from three district schools, participated in the spelling match.

Montgomery & Co., Bellefonte's leading clothing store, make the statement, "We know the war is over," meaning that there is no longer cause for high prices in wearing apparel. Read their ad in the Reporter and see to what extent they have cut prices.

James Frohm succeeded in killing a fine red fox on Nittany mountain one day last week, and while he was skinning the animal his dog picked up another trail and brought a second red fox around to him, which he shot but not with sufficient force to kill, and the sly fellow got away.

A. S. Gilmore, of Williamsport, has been appointed administrator in the estate of Amanda M. Kerr, late of Centre Hall borough, deceased. Mr. Gilmore was in Centre Hall on Saturday and made the necessary arrangements for the publication of the legal notice, and while in town was the guest of Mr. and Mrs. W. Frank Bradford.

A maximum penalty of \$5,000 fine or three years' imprisonment or both is provided by the bill to enforce the provisions of the Volstead prohibition law introduced in the state legislature last week. If the bill should become a law and the maximum penalty imposed a few times the number of wet spots in Pennsylvania would be greatly decreased.

The Reporter is again indebted to Dr. Alfred Beirly of Chicago, for several art calendars that are indeed beautiful to look upon. Advertising, as they do, the printing and lithographic firms of that great city, the pictures are works of art and firmly establish the fact that printing is indeed one of the great arts. Dr. Beirly has our sincere thanks for his thoughtful consideration of the Reporter on so many occasions.

The beaver colony, established last year in the Penn State Forest, is thriving this winter, according to a report sent to the Pennsylvania Department of Forestry by District Forester Bartschat, of Milroy. He said the lack of deep snow enabled the animals to obtain plenty of food. Visitors have been coming to the dam all winter, as they are able to drive their automobiles within half a mile of the colony.

In a few lines, last week, the Reporter mentioned the success of Edgeway T. Gramley, youngest son of Mr. and Mrs. T. M. Gramley, of Spring Mills, in being signed up by the New York American League baseball team, for the coming season. Gramley is a right-hander and pitched for Penn State last year and did not lose a game. He worked with the Rail Lights, the big independent team in Toledo, late last summer and did very well. He goes to New York with a recommendation from Hugo Besdek, the baseball and football coach at Penn State.
