POOR BLOOD IS JUST LIKE SLOW POISON

Makes You Feel Lazy and Discouraged. You Get Nothing Done.

PEPTO-MANGAN PURIFIES

Tune Up Your Blood With It. Notice the Difference with Rich Red Blood in Your Yeins.

The man or women for child with a sickly-looking complexion, a pale wan face, has blood that is filled with poison. Instead of rich red blood coursing through their veins, they are trying to get along with blood that is weak and thin. It doesn't carry life-giving qualities through the body. You see those men and women every day. They are so tired. Their shoulders droop. They slouch. It is all they can do to get

As soon as you begin to feel that way take Pepto-Mangan, the well-known plood tonic. It will clear away the poisons and make your blood rich with red corpuscles.

Pepto-Mangan is prepared in both iquid and tablet form. One has the same medicinal value as the other. Take either kind you prefer. But be ure you get the genuine Pepto-Mangan -"Gude's." The full name, "Gude's Pepto-Madgan," should be on the pack-Advertisement.
