Mrs. C. E. Royer.

Grain and Bread.

The farmer who is following the market reports in various sections of the country, finds a wide range in the price quoted on wheat, oats and corn. In Pennsylvania there is as much as forty cents variation in wheat and more on corn and oats. Of all the quotations observed by the writer, who has been searching agricultural papers, inland dailies and weeklies throughout Pennsylvania, there are no quotations as low as those quoted by the grain dealers in Centre Hall. This statement is to be regretted because of its utter truth. It appears there ought to be a better market for grain from this point, when other sections, not more favorably located, are offering from 20 to 25 per cent more.

And then, on the other hand, can any of our readers outside of Centre Hall tell us that they are paying fourteen cents for a loaf of bread? We do it here. Ten loaves of bread for the price of one bushel of wheat!

Flyer Hits Automobile; 2 Girls Killed

Margaret and Bessie Brown, daughters of Mr. and Mrs. Harry Brown, of South Renovo, were killed on Friday afternoon, when passenger train No. 571 struck an automobile driven by Mr. Brown. Mr. Brown and his three daughters had driven to North Bend early in the afternoon and were returning home about 3 o'clock. The car was crossing the Pennsylvania railroad tracks near North Bend station, when the engine stalled.

Mr. Brown and one of his daughters leaped from the machine. A few seconds later the Buffalo express due in Renovo at 3:15 crashed into the car. The gasoline tank exploded and the two children, who had remained in the car were engulfed in flames.

The train was brought to a stop and the train crew and numerous passengers hurried back to the scene. After frantic efforts the flames were subdued and the two children were found beneath the wreckage. The elder child, Bessie, eleven years old, had apparently died instantly, while her sister's injuries appeared to be fatal, and she passed away during the evening.

Two large automobile trucks on Tuesday arrived in Millheim with thirty-five automatic hosiery knitting machines, manufactured by Scott & Williams, of Philadelphia. The cargo also included a lot of hosiery form and other equipment for the local knitting mills. Charles Lykens, the new owner of the mill, while in the city recently purchased the new machinery and made arrangements for the delivery to reach here by Saturday, but owing to the bad roads the trucks were several days late. Mr. Lykens, besides installing the new machines, has had a cesspool dug near the mill and will install two inside toilets, and is also having the interior of the mill painted.

EVERY WEDNESDAY IS ALTOONA'S SUBURBAN DAY

MAIL ORDER HOUSES CAN'T KEEP PACE IN CATALOGS WITH FALLING MARKET

An interesting news item announces the fact that mail order houses are losing business right and left because their catalogs must be printed six months in advance.

Orders for firms like this must be placed two or three months ahead at distant places, making it impossible for them to give the customer the benefit of lower quotations when they occur.

Your home merchant, in close touch with the big eastern markets, can take advantage of every fluctuation in merchandise prices and benefit when he benefits.

Give your home merchant a chance. He supports OUR schools. He supports OUR churches. He supports OUR enterprises. He is your neighbor.

PROBLEM IN MENTAL ARITHMETIC

If it takes a woodpecker with a gum bill three months and thirteen days to peck a hole through a log large enough to make two million axe handles at 29 cents each, how long will it take a cross-eyed grasshopper with a cork leg to kick all the seeds out of a dull pickle weighing two hundredweight?

LUCK!

Luck means the trains that you have never missed since business a lot on your initiative—the plans you put into practice for the future mean more to you than the things you do today.

Let's make Wednesday Altoona Day and stick to it.

LOOK FOR YOUR NAME IN THIS COLUMN

Miss Mary Kennedy of Centre Hall is visiting Mrs. Ed. Bartholomew in Altoona.

Mrs. Alvin W. Evans of Ebensburg is recovering from a serious operation recently performed.

Joseph McGough of Dyarsart was a Patton visitor last week.

Mr. and Mrs. J. W. Clark of Altoona were visitors at the Whitteman home in Hastings last week.

Mrs. C. A. Lehman, daughter Eether and son Billy and Miss Mary Lehman spent last Suburban Day in Altoona.

Washington lost more battles than he won, but he won the last battle.

For four years the World War went against the Allies. They were always defending, almost always defending, but not once was there a suggestion of defeat. Finally the word came, "Let's go!"

About two months ago, when the business situation was dark and defeat seemed to stare so many in the face, we watched, with unusual interest, the methods of a certain manufacturer.

Did he stand in the hotel lobby in some sympathy session? Did he throw a fit and cry quits? Did he get sit-tight-ous from cancell-ous? Did ticker-tus give him cold feet?

All about him stood manufacturers in his own line walling and railing. Their eyes were puffed, their courage ossified and their vision mesmerized. They had the flu of fear and the fever that we know brings on a chill.

What did our friend do? He called to his aid the "best" designers he could get and placed several tracks with irresistible

"Let's go!"

merchandise and started out on an eight weeks' trip. He visited, personally, his customers, and he brought back a tremendous business, right while his friends in trade were talking troubles.

Will someone manufacture and distribute one hundred million buttons with this slogan—"Let's go!"

Will somebody appoint himself, in his own community, Lord High Executioner and deacon every dub that talks hard times?

It is my candid belief that the newspapers have helped to spread the influence of depression, for it is more a mental attitude than a material fact. This statement can be supported by fifty good reasons why we are all better off than we think.

"Let's go!"

Don't miss it.
