

Snow and Freezing Weather.

The first ten days of April witnessed an assortment of weather that ranged all the way from mid-summer to mid-winter variety.

Sold New Cars.

Decker Brothers, of Spring Mills, have recently sold new automobiles to the following: William Henninger, of Spring Mills; John Kliefelder, of Millheim; Samuel Stitzer, of Spring Mills, and Robert Bierly, of Rebersburg.

The Deckers also unloaded a carload of Oldsmobile Fours last week.

"Way Down East."

This beautiful little drama, which is a most graphic portrayal of home life, and which never fails to delight, will be presented at Garman's Theatre, Bellefonte, Monday and Tuesday evenings, April 18 and 19.

It was made under the personal direction of D. W. Griffith. The technical direction is the work of Frank Wortmann, the art direction that of Charles O. Seessel and Clifford Pember, while James and Rose Smith were entrusted with the assembly work.

Feathered Missionaries of Penn State in China.

For years the Pennsylvania State College has been sending some of its graduates overseas as missionaries to China, India and Africa, but the latest development is the use of "feathered missionaries" in a remarkable project.

MILLHEIM.

The options taken by the Cambria Steel company on a number of farms in this section have been extended, and the owners are receiving checks in payment for the extension of the options.

Charles G. Hassinger, has re-released the Auditorium. The owners will make some alterations to the balcony and install electric fans throughout the building.

Rev. F. H. Daubenspeck, of Ickesburg, preached trial sermons on the Aaronsburg Lutheran charge on Friday evening at Penn Hall, at Aaronsburg Saturday, and at Millheim at 10.30 a.m., at St. Paul at 2.30 p.m., and at Coburn at 7.30 p.m.

C. H. H. S., 16; BOALSBURG 11.

First Game of the Season Results in Victory for Home Team.—Heavy Slugging the Feature.

The only baseball team Centre Hall will have for 1921 is the one composed of the local High school students, and judging by their work in the first game, which was played on Friday afternoon on the school ground here, it will prove a good team, and one hard to beat, at least by any High school in the county.

Boalsburg opened up with a determination to win. After Newton Crawford hit the first batter in the game, Fisher brought him "home" with a three-base drive. Stover followed with a hit of like dimensions, and the count was 2 to 0.

Centre Hall forged ahead in their turn at bat. Ed. Faust walked for a starter; Howard Emery struck out, and Newton Crawford poled out a home run, scoring his two team mates and himself.

Both teams have some good young players who give promise of developing into real stars. Boalsburg's pitcher, Ishler, is a strapping big fellow, only seventeen years of age, but built like a Hercules.

CENTRE HALL HIGH SCHOOL

Table with columns R, H, O, A, E and rows for Ed Faust, Harold Keller, Howard Emery, Newton Crawford, Wm. Sweetwood, Miles Snyder, Russel Reish, Wm. Faust, Ab. Emery, and Totals.

BOALSBURG HIGH SCHOOL

Table with columns R, H, O, A, E and rows for Bohn, Isenberg, Roberts, Fisher, Stover, Hess, Ishler, Shutt, Messer, and Totals.

The score by innings: Boalsburg 2 1 0 0 1 7 0 0—11; Centre Hall 3 4 2 1 0 3 1 2 x—16. Summary: Two base hits, E. Faust, H. Emery; three-base hits, Keller, 2; Wm. Sweetwood, 2; Fisher and Stover; home run, Crawford. Struck out, by Ishler, 12; by Crawford, 10; bases on balls, off Ishler, 1; off Crawford, 1; hit by pitched ball, by Crawford, 1; by Ishler 1. Umpire, John Knarr.

Offer \$25 for Each Bear Caught in Potter County.

The state game commission has announced to legislators that no limit will be placed upon the number of bears that may be killed in Potter county during the 1921 hunting season and that use of traps and traps may be permitted this year.

OUR SOLAR WORLD REVEALED.

By DR. ALFRED BEIRLY, OF CHICAGO.

PART II.

We closed our last article on Astronomy to The Centre Reporter with the statement that in our next article facts relative to our planetary system would be presented.

It is but fair that the readers should be better informed regarding the conditions and sizes of what are known as "Nebula". It is, of course, impossible to even try to properly describe such wonders, since most of them cover billions or trillions of miles of space.

Of their number scattered throughout the universe, it is impossible to give an accurate account, but it is positively known that several hundred of them exist within view of the greater telescopes, all containing the elements from which finished suns or planets are formed during the millions, billions, trillions or quadrillions of year periods of their development.

An octillion of years, as we measure time, is but a moment with Jehovah.

It will be seen in this connection that the Creator never was partial as to what our ancestors believed, or thought they knew regarding such matters, whether the little black spot known as Earth was His pet creation made for a pet race of humans to live upon, or otherwise.

But do not forget this fact, whether we are "pets" or not, we are just as much responsible to the Creator for our existence, and no less honesty, decency, and virtue is required of each one of us than if we were the foremost creatures in the Universe. Please remember this admonition, for it will always guide you aright.

DISTANCE OF PLANETS FROM "OLD SOL".

Table listing distances of planets from the sun: Mercury (36 million miles), Venus (67 million miles), Earth (93 million miles), Jupiter (480 million miles), Saturn (885 million miles), Uranus (1 billion, 765 million miles), Neptune (2 billion, 856 million miles).

It will be noted that the orbit of each succeeding outward planet is vastly larger than that of its predecessor, therefore, the fifth, did they fail to gather a safe hit or score a run. The eleven hits gathered by Boalsburg off Crawford were kept scattered with the exception of the seventh inning when the visitors got in their most deadly work and threatened to take the game home with them.

Baccalaureate Sermon.

The Baccalaureate sermon to the graduating class of the Centre Hall High school will be preached in the Lutheran church on Sunday evening, May 1st, by Rev. M. C. Drumm.

The Reporter, \$1.50 a year

YEARLY PLANATARY ORBITS:

Table of yearly planetary orbits: Mercury (88 days), Venus (224 days), Earth (365 days), Mars (687 days), Jupiter (4,332 days), Saturn (29,530 days), Uranus (84,321 days), Neptune (164,798 days).

EARTH'S JOURNEY AROUND THE SUN:

The speed of the Earth on her annual trip around the Sun is 18-1/2 miles per second; 1,100 miles per minute; 66,000 miles per hour; 1,585,000 per day; 583,160,000 miles per year.

If we could see ourselves fly through space at the pace of 18-1/2 miles per second, or 66,000 miles per hour, we would surely die of fright. The Creator has made wise provision for our comfort and protection in this connection.

JOURNEY OF OUR MOON AROUND THE EARTH:

Our Moon is the only Satellite the earth ever had or will have. Luna is the largest of all the moons in our solar world, being 2,000 miles in diameter. Her distance from the Earth is quite formidable, being 240,000 miles.

The Moon makes an orbit around the Earth in 27-1/4 days, traveling at the speed of about 2-3/4 of a mile per second, from West to East. This fact may puzzle the reader, for that little planet appears to travel from East to West, for does she not rise in the East and set in the West? This illusion will be understood when we explain that the Earth turns on her axis from West to East once every day, the speed being over 1,000 miles per hour.

Luna only turns once on her axis during each journey around the Earth, and always turns the same side of her face toward us. No one on earth has ever seen the other side of the Moon, and never will.

Note.—In our next article the four great constellations of Suns forming the group of "Orion" and his immediate associates will receive special attention.

\$3,070,000 for Penn State.

Pennsylvania State College asked the State Legislature for an appropriation of \$6,500,000, and got less than half that amount—\$3,070,000.

Dr. H. H. Longwell is remodeling the interior of his residence.

I. O. O. F. Installations.

District Deputy Grand Master Victor A. Auman, of Centre Hall, last week completed the round of his visitations to the various Odd Fellows lodges in Centre county for the purpose of installing newly elected officers.

The places and dates of installations were as follows: Spring Mills, Friday, April 1st; Pine Grove Mills, Saturday, April 2nd; State College, Monday, April 4th; Millheim, Tuesday, April 5th; Centre Hall, Wednesday, April 6th; Bellefonte, Thursday, April 7th; Boalsburg, Saturday, April 9th.

The following officers were installed in the Centre Hall lodge:

- Noble Grand, James S. Stahl. Vice Grand, J. Bruce Arney. Warden, Fred Slack. Conductor, Geo. A. Crawford. Inside Guard, H. H. Mark. Outside Guard, J. F. Lutz. R. S. to N. G., Chas. W. Slack. L. S. to N. G., Milton Bradford. R. S. Supporter, Bruce Stahl. L. S. Supporter, Edward Homan. Chaplain, M. L. Emerick.

School Children in Debate.

The subject, "Resolved, that the United States should cancel the European war debt" is a pretty weighty one for scholars in the grammar grade to grapple with, nevertheless it was debated in an excellent manner on Friday afternoon in the grammar grade of the Centre Hall public schools.

Something Good for Local Sportsmen

For the benefit of sportsmen and campers, the Pennsylvania Department of Forestry is issuing complete maps of the Logan State Forest in Centre, Mifflin, and Huntingdon counties.

Centre Falling Behind.

Centre county is falling short in its lead in the sales of War Stamps, it now being fourth on the list, after having led all competitors since these government securities are on sale.

Boalsburg High School Report.

The following students made an average of 70 per cent in each subject for the month of March: Senior class—Esther Callahan, Hamill Kline, Maranda Bohn, Elwood Stover, Goben, Harold Fisher, Paul Durner.

TOWN AND COUNTY NEWS.

HAPPENINGS OF LOCAL INTEREST FROM ALL PARTS

Byron Garis put up a 45-foot stack for the Coburn Products Company, last week.

The Centre Hall Lutheran Sunday-school's contribution for the European relief now totals \$150.

We can quote right prices on Lehigh cement. A large quantity on hand.—Bradford & Co., at the Station.

Superintendent of schools D. O. Eters, of State College, paid an official visit to the local schools last Thursday.

Rev. M. C. Drumm motored to Sunbury last Wednesday, spending a few days with his mother, who has been quite ill.

Mrs. O. F. Funk is remodeling the Krise property, which she bought some time ago. A cesspool is being dug and a bath will be installed.

Now is the time to do that repairing about the premises, and for a permanent job use cement, but be sure it's Lehigh. A carload just in.—Bradford & Co., at the Station.

While some of the public schools in Potter township closed a week or more ago, others are still open. In fact, only the half of them have finished their seven months' term.

In appreciation of his faithful services the council of the Grace Lutheran church of State College recently voted to the pastor, Rev. John F. Harkins, a substantial increase in salary.

Otto Bailey, after spending two weeks in Centre Hall, started on his trans-continental trip on Monday morning. His destination is San Francisco, California, where he hopes to connect up with a big business firm.

Rev. Charles Hunter, of Philadelphia, State Chaplain of the P. O. S. of A., will arrive in Centre Hall today (Thursday) and deliver a lecture in the Grange hall in the evening on "American Ideals." Tickets have been issued for admission.

Central Pennsylvania Odd Fellows are looking forward to a big time in Lock Haven on April 26th, the date set for their anniversary celebration. A large delegation from the Centre Hall lodge expects to be present.

All the men and women in Pennsylvania who served in the World War had trees dedicated to them at Arbor Day exercises in Harrisburg, Pittsburg, and Philadelphia, last Friday. A tree was planted in their honor in each of those cities.

D. R. Rager, field man for the Dewart Milk Products Company, was in Centre Hall the latter part of last week in the interest of his firm. He visited a number of farmers in Potter township, sold new milk cans and succeeded in gaining some new customers.

A total of 14,300 baby chicks, valued at \$2,145, was a record shipment passing through the Bellefonte postoffice one day last week, and coming from the Hockman hatcheries, at Hecla Park. The chicks were destined to be carried by parcel post to many points in the United States. There was some "peeping."

A home talent production, "Bride and Groom," was given in the Grange hall on Saturday evening by a company from Pine Grove Mills. While the hall was fairly well filled, the play was worthy of a capacity house, for it was most excellently performed, and was above the mediocrity oftentimes exhibited by home talent productions.

Rev. W. A. McClellan, of Rockwood, is enjoying a brief relaxation from his pastoral duties among his relatives in Penns Valley, and is anxiously awaiting the dawn of April 15th, when he will be found along the streams of his boyhood days in quest of the gamey trout. Before coming to Centre Hall he visited one of his good ministerial friends, Rev. J. M. Runkle, at Altoona.

Rev. Wilton Clyde Dunlap, D. D., pastor of Trinity Lutheran church at Louisville, Kentucky, was elected pastor of the largest Lutheran church at Reading at a congregational meeting held Sunday morning, April 3. Dr. Dunlap is well known throughout Warrior's Mark and Spruce Creek valleys, having been born and raised at Pine Grove Mills, Centre county, and is the husband of Miss May Rhone, formerly of Centre Hall. He will enter upon his new field of labors the first Sunday in May.

William McClenahan, who for more than thirty years has followed the draying business in Centre Hall, met with the most serious accident in all those years of hard and somewhat dangerous work, last Thursday, when he fell off his truck with sufficient force to fracture his right shoulder. He was attempting to unload some heavy articles when his hold slipped and he fell backwards to the ground. He is consequently taking an enforced vacation, and it is the longest period of idleness Mr. McClenahan has known in thirty years.

As a Modern Filipino Actually Looks

There are hundreds of thousands of this type of young men in the Philippines. They are to be the future rulers of the destinies of the islands.

The Filipino has been much misrepresented in the United States. This is largely because the Sunday supplements have made a specialty of portraying the semi-naked non-Christian hill tribes as "typical" Filipinos, which is far from the truth.

The total population of the Philippines is 10,350,640, of which 9,495,272 are Christians and civilized, and have been so for 300 years, possessing a culture and refinement that will compare favorably with that of other countries. The number of non-Christians is 855,368, and only a small percentage of them are uncivilized. They are fast becoming educated, and will ultimately make good citizens.

Seventy per cent of the inhabitants of the Philippines over ten years of age, according to the last census, are literate. This is a higher percentage of literacy than that of any South American country, higher than that of Spain, and higher than that of any of the New Republics of Europe whose independence is being guaranteed by the Allies.
