**No More Misery  
After Eating**  
**Just Take An Eaton**  
"The first dose of Eaton did me  
wonders. I take it at meals and am  
no longer bothered with indigestion,"  
writes Mrs. Ellen Harris.  
Thousands of people, like this dear  
lady, gratefully testify about Eaton,  
which does its wonders by taking up  
and carrying off the excess acidity and  
gases which bring on indigestion,  
heartburn, bloating, belching and food  
repeating. Acid stomach also causes  
about seventy other non-organic ail-  
ments. Protect yourself. A big box  
of Eaton costs but a trifle with your  
druggists' guarantee.

**Tobacco—Natural Leaf**  
homespun, aged in bulk, best chewing of  
smoking, 3 lbs. \$2.00; 5 lbs. \$3.00; special  
prices on larger quantities. Address TO-  
BACCO GROWERS' UNION, PARIS, TENN.,  
Box 306. Reference any bank here.

**SMALLEST BIBLE ON EARTH**—About size  
of postage stamp, containing 200 pages; said  
to bring good luck to owner. 50c; three for  
\$1.00, postpaid. JACKSON SALES CO., 517  
East 15th St., KANSAS CITY, MISSOURI.

**Mephisto Paints Your Old Car New**, Brill-  
iant. Black varnish, enamel, leather, mo-  
hair, wood, metals. Dries 10 min. Pins, 11;  
qt., \$2. Prep. E. Boyd, 245 W. 86th, N. Y.

**FOUND**—Four ply hand knitting worsted,  
all shades, direct from mill, 1 1/2 ounce.  
Think of the saving. For samples write to  
COLONY MILLS, Manayunk, Philadelphia.

buyers; include three cents. ILLINI STAMP  
CO., 803 West Madison, CHICAGO.

**AGENTS:** Fast seller. Self-threading needles.  
Big demand everywhere. Samples two cts.  
KBE, Lock Box 1617, WASHINGTON, D. C.

**NOT A GOOD BUSINESS MAN**  
Young Corn Husk Evidently Was  
Never Intended for High Place  
in Modern Life.

J. D. Rockefeller, Jr., said in a Y.  
M. C. A. address:  
"The successful business man today  
is one who knows how to choose his  
managers. A successful modern busi-  
ness is too vast for any one man to  
handle. So managers are essential,  
and if these managers are badly  
chosen, failure follows.

"The unsuccessful business man is  
apt to depute authority to such crea-  
tures as young Corn Husk."  
"Young Corn Husk's daddy sent him  
to the mill one day to try to sell the  
season's wheat crop.

"Corn got hold of a miller and sub-  
mitted a handful of wheat to him.  
The miller examined the wheat care-  
fully. Then he said:  
"How much more has your father  
got like this?"  
"He ain't got no more like it,"  
young Corn answered. "It took him  
all morning to pick that out."

**Insisted Upon a Magnate.**  
"How would you like to sign up with  
me for a life game?" was the way a  
baseball fan proposed.  
"I'm agreeable," replied the girl.  
"Where's your diamond?"—Indianap-  
olis Star.

**Slim Equipment.**  
She—"I never try to parade my vir-  
tues." He—"No, it needs at least two  
to make a parade."

**Thousands Have Kidney  
Trouble and Never  
Suspect It**

**Applicants for Insurance Often  
Rejected.**

Judging from reports from druggists  
who are constantly in direct touch with  
the public, there is one preparation that  
has been very successful in overcoming  
these conditions. The mild and healing  
influence of Dr. Kilmer's Swamp-Root is  
soon realized. It stands the highest for  
its remarkable record of success.

An examining physician for one of the  
prominent Life Insurance Companies, in  
an interview on the subject, made the as-  
tonishing statement that one reason why  
so many applicants for insurance are re-  
jected is because kidney trouble is so  
common to the American people, and the  
large majority of those whose applica-  
tions are declined do not even suspect  
that they have the disease. It is on sale  
at all drug stores in bottles of two sizes,  
medium and large.

However, if you wish first to test this  
great preparation send ten cents to Dr.  
Kilmer & Co., Binghamton, N. Y., for a  
sample bottle. When writing be sure and  
mention this paper.—Ad.

**GOLFER NOT "WHOLLY" BAD**  
Player Makes Ingenious Defense of  
Those Who Insist on Using  
Links on Sunday.

"Chick" Evans, the brilliant golfer,  
was talking at a golf club dinner in  
Chicago about Sunday golf.

"The prejudice against playing golf  
on Sunday," said Mr. Evans, "has  
practically disappeared, but in New  
England there are still clubs where  
the game is not permitted on the  
Sabbath.

"To deprive the modern player,"  
continued Mr. Evans, "of his Sunday  
golf—the only day in the week that  
some men can play—is a great hard-  
ship."

Smiling, the great golfer added  
whimsically:  
"And as a matter of fact, doesn't  
the golfer remember the Sabbath day  
and keep it 'holey'?"—Los Angeles  
Times.

**The Demand for Scientists.**  
Plans for the establishment of a  
first-grade school of technology with  
accommodations for about 700 men  
have been announced by Oberlin col-  
lege. The college is in the heart of  
a rapidly growing industrial district  
and insistent calls are made upon the  
college for scientifically trained tech-  
nical men.

for a bit?  
Johnny—I'll do it for two bits.—  
Akwgan.

**WIRE REPLACING  
OLD-TIME FENCE**

Stone Walls, Split Rails and  
Hedges Rapidly Being Dis-  
carded by Farm Owners.

**MOST IMPORTANT ELEMENTS**

Essential That Ends and Corners Be  
Erected Firm and Solid—Posts  
Should Be Large Enough to  
Give Needed Strength.

(Prepared by the United States Depart-  
ment of Agriculture.)

Of all the changes wrought in the  
farming industry during the last cen-  
tury none is more noticeable than that  
in fencing, say specialists of the United  
States Department of Agriculture.  
All over the Eastern United States  
there are hundreds of miles of stone-  
wall fences which are monuments to  
the patience and thoroughness of  
earlier generations. Overlapping this  
territory, and extending west, are  
found fences of split rails, with their  
familiar weeds and berry bushes in  
the angles, while still farther west,  
where there was neither wood nor  
stone, are seen osage orange and  
other hedges. These are natural pro-  
ductions of the time.

The farmer usually finds today that  
barbed-wire or woven-wire fence will  
best serve his ends for new construc-  
tion, and at the same time cost least.  
Barbed wire is used on large stock  
ranges where the loss of one or two  
animals through wire cutting is not  
serious, but for the farmer with fine  
horses, or a selected herd of cattle,  
large mesh woven-wire fences are  
coming more into use.

**Ends and Corners.**  
The manner in which the fence is  
erected has much to do with its serv-  
ice. The ends and corners are by far  
the most important elements of a  
fence. It is essential that they remain  
firm and solid in order to hold the  
fence rigid. The first thing to consider  
is placing the corners. The posts used  
should be large enough to give suffi-  
cient strength; they should be set deep  
enough to prevent heaving by the ac-  
tion of frost; they should be braced  
from each direction of tension by a  
stout rail about 12 feet long.

Metal and concrete posts are on the  
market, but a great many farmers cling  
to wooden ones. The line posts should  
be approximately 4 inches in diameter.  
Various woods are used, including  
osage orange, locust, red cedar, mul-  
berry and burr oak. They should be  
thoroughly seasoned and the bark re-  
moved, and to get the longest life  
should be dipped in creosote at a tem-

perature of about 220 degrees, long  
enough for the preservative to pene-  
trate the wood. These posts are best  
set in the spring after the frost is out  
and when the ground is soft. On level  
ground they may be driven with a  
maul, but in depressions should be  
anchored down by 2 by 4 cross pieces  
spiked on the bottom of the post before  
setting. The distance between posts  
depends on the location of the fence  
and the numbers and kinds of stock  
to be turned, the average in field fences  
being about 20 feet.

To construct a woven-wire fence  
properly it is necessary to have a  
woven-wire stretcher, a single-  
wire stretcher to be used in at-  
taching the fence to the end posts, a  
pair of wire cutters, a barbed-wire  
stretcher, a splicing tool, and hammers  
for stapling and fastening the wire.  
Barbed and woven wire may be un-  
rolled by attaching the reel to the  
back of a wagon or by running a bar  
through the core and drawing it along  
with a horse.

**Stretching the Wire.**  
After the wire is unrolled it should  
be drawn up to the line of posts and  
freed from adhering trash. The  
stretchers are then attached and the  
line wires drawn until they are so taut  
that they can just be pressed together.  
Some slack may be allowed for uneven  
ground. In fastening the wire on the  
posts the line wire should be kept as  
nearly horizontal as possible and al-  
lowed to follow small irregularities in  
the ground. The staples should per-  
mit horizontal movement of the wire,  
allowing the weight of the fence to  
come directly on the corner posts, thus  
taking care of contraction and expan-  
sion due to weather conditions. A  
woven-wire fence is not complete with-  
out a strand of barbed wire above it;  
this prevents the stock from reaching  
over and crowding it down.

Attaching the Wire After It Has Been  
Stretched.

**FINEST HORSES USED  
IN GOVERNMENT STUD**

Troubadour of Willowmoor Won  
Ribbon at Chicago Show.

Morgan Stallion McMahon Was Made  
Champion at Vermont 1920 Fair—  
Excellent Records Made by  
Other Animals.

(Prepared by the United States Depart-  
ment of Agriculture.)

The United States Department of  
Agriculture's stud of Morgan horses  
at Middlebury, Vt., contains excellent  
specimens of the Morgan breed. This  
fact was demonstrated when Trouba-  
dour of Willowmoor, the premier stall-  
ion at the farm, won the Morgan stall-  
ion class at the 1919 international  
show at Chicago. At the 1920 Ver-  
mont state fair the Morgan stallion  
McMahon was made champion. McMa-  
hon is sired by Scotland, a stall-  
ion bred by the late Joseph Battell  
and for the past several years owned  
by the Department of Agriculture.  
Scotland and McMahon's dam, Beauty,  
are both sired by General Gates, for  
many years at the head of the govern-  
ment farm stud. McMahon is a full

One of the Stallions in the United  
States Department of Agriculture's  
Stud.

brother of Heather, winner of the  
mare championship at the Vermont  
state fair in 1916. The Reserve cham-  
pion at the last Vermont state fair  
was sired by Bennington, who was  
bred and has since remained the prop-  
erty of the government. Bennington  
is also sired by General Gates and  
out of a mare purchased in Kentucky.

Castor, a gelding bred by the United  
States Morgan horse farm, is sired  
by General Gates, and out of Babe,  
by Bob Morgan. Castor finished both  
the 1919 and 1920 endurance rides of  
300 miles, and is still a sound, useful  
horse at farm work, under saddle, or  
in light harness.

Dolly, a registered Morgan gelding  
that finished sixth in the 1920 endur-  
ance contest was bred on the remount  
plan under the supervision of the De-  
partment of Agriculture, and received  
her preparation at the United States  
Morgan horse farm. Dolly is sired by  
Dewey, also a Morgan horse farm  
product, being a full brother to Ben-  
nington.

**START GARDEN EARLY**

An early beginning in prepar-  
ing the land and planting gar-  
dens is of much importance.  
Regardless of the seasons it is  
well to get an early start. That  
"planting over" may sometimes  
be necessary cannot be denied.  
But little is lost when garden  
land must be planted over, for  
the labor necessary to prepare  
the land is always well em-  
ployed. Much is lost if early  
maturing vegetables are plant-  
ed too late. Get your garden  
land ready and plant on time.

**LOSS FROM INFERIOR SEEDS**

Farmer is Cautioned to Make Test in  
Home Germinator in Advance  
of Planting.

American farmers suffer losses  
every year through inferior seed, the  
United States Department of Agricul-  
ture finds. If seed is foul with weeds  
or if the seeds are dead, the loss can-  
not be made up once the crop is in  
the ground. If a crop is to be planted  
in April, discovery of poor seed in  
May does no good. The remedy is  
to test seeds in a home germinator in  
advance of planting.

Small samples of seed are counted  
out and sowed in moist soil in some  
shallow receptacle like a kitchen  
plate. The plate may be kept near  
the stove or anywhere to maintain a  
temperature conducive to germi-  
nation. When the plants have had time  
to sprout, a count of the results will  
give a good indication of the value  
of the seed.

**TURKEYS INCREASE IN SIZE**

Standard Weight of Bronze Variety  
Brought Up to About 25 Pounds  
for Young Toms.

By judicious breeding, turkeys have  
increased markedly in size since do-  
mestication. The wild turkeys of to-  
day average in weight about 12 pounds  
for young toms and eight pounds for  
young hens, while the standard weight  
for the Bronze variety is 25 pounds  
for young toms and 16 pounds for  
young hens.

**PITTSBURG MAN MAKES  
WONDERFUL STATEMENT**

**Declares Tanlac Enabled  
Him to Eat Better, Sleep  
Better and Work Bet-  
ter.—Has Gained Thirty  
Pounds.**

HARRY M. ALLEN  
Of Pittsburg, Pa.

"I consider Tanlac the grandest  
medicine in the world, for I have  
actually gained 30 pounds in weight  
since I began taking it. It has just  
simply filled me with new life and  
energy and for the first time in years  
I can sit down to the table and en-  
joy three square meals a day like  
other people. In fact, Tanlac has  
made me eat better, feel better, sleep  
better and work better, and I guess  
that's all a man can expect of a  
medicine.

"Before I took Tanlac, I was off 25  
pounds in weight and was so badly  
run down I was hardly able to do my  
work. Nothing seemed to agree with  
me and my food invariably soured on  
my stomach. I would always have an  
uncomfortable bloated up feeling in  
my stomach, and although I tried  
many kinds of medicines, I never got  
relief until I took Tanlac.

"I also suffered considerably at  
times from Rheumatism, but this has  
all disappeared. In fact, this wonder-  
ful medicine has made a new man out  
of me in every way. I feel years  
younger and can do as much work as  
in any day of my life.

"Of course, I am only too glad to  
give you my testimonial because I  
want other people who are suffering  
as I did to take this medicine and get  
relief."

The above remarkable statement  
was made by Harry M. Allen, resid-  
ing at 1009 Saint Martin Street,  
Pittsburg, Pa., a well known em-  
ployee of the Oliver Iron & Steel  
Company of that city. Mr. Allen is  
a well known member of the United  
Presbyterian Church and is highly re-  
spected by all who know him.  
Tanlac is sold by leading druggists  
everywhere.—Ad.

**SPHON'S DISTEMPER COMPOUND**

Almost indispensable.  
"This little book tells you how to be  
popular with the girls." "What style  
of car does it recommend?"

**Catarrh Can Be Cured**  
Catarrh is a local disease greatly influ-  
enced by constitutional conditions. It  
therefore requires constitutional treat-  
ment. HALL'S CATARRH MEDICINE  
is taken internally and acts through  
the Blood on the Mucous Surfaces of  
the System. HALL'S CATARRH  
MEDICINE destroys the foundation of  
the disease, gives the patient strength by  
improving the general health and assists  
nature in doing its work.  
All Druggists. Circulars free.  
F. J. Cheney & Co., Toledo, Ohio.

**General Definition.**  
Knicker—What is an island?  
Bocker—A body of land entirely sur-  
rounded by trouble.

**Important to Mothers**  
Examine carefully every bottle of  
CASTORIA, that famous old remedy  
for infants and children, and see that it  
bears the  
Signature of *Dr. J. C. Fletcher*  
In Use for Over 30 Years.  
Children Cry for Fletcher's Castoria

Many a man knows from experience  
that it is far easier to find a wife  
than it is to lose her.  
There is a snake in every Eden, in  
all probability.

**HORSES COUGHING? USE  
Spohn's Distemper Compound**

to break it up and get them back in condition. Twenty-seven  
years' use has made "SPHON'S" indispensable in treating  
Coughs and Colds, Influenza and Distemper with their resulting  
complications, and all diseases of the throat, nose and lungs.  
Acts marvelously as preventive; acts equally well as cure.  
60 cents and \$1.25 per bottle. At all drug stores.  
SPHON MEDICAL COMPANY, GOSHEN, IND.

**Renew your health  
by purifying your  
system with**

**Quick and delightful re-  
lief for biliousness, colds,  
constipation, headaches,  
and stomach, liver and  
blood troubles.**  
The genuine are sold  
only in 35c packages.  
Avoid imitations.

**Oh How Glorious to Be Free  
From Rheumatism's Tortures!**

Just suppose you could be free  
from your deep-seated, agonizing  
rheumatic aches and pains, your  
stiff joints and unsightly swellings!  
Wouldn't you give anything to get  
rid of them?

You have doubtless  
rubbed on outside treat-  
ments; most rheumatism  
sufferers have. Some of  
these take the edge off  
the terrible pains for a  
few hours, but they do  
not strike at the cause,  
which nearly always lies

in the poisoned, impoverished blood.  
When this is so, you need an  
internal remedy, one that will take  
out the impurities that are tortur-  
ing you, one like famous S.S.S.,  
which has relieved thousands of  
cases of rheumatism all over the  
country just this way.

Get S.S.S. from your  
druggist today, and after  
starting with it write us  
a history of your case,  
addressing Chief Medical  
Advisor, 877 Swift Lab-  
oratory, Atlanta, Geor-  
gia.

**USED 50 YEARS**  
**S.S.S.**  
**FOR RHEUMATISM**  
AT ALL DRUGGISTS

**Harvest 20 to 45 Bushel to Acre Wheat  
in WESTERN CANADA**

Think what that means to you in  
good hard dollars with the great de-  
mand for wheat at high prices. Many  
farmers in Western Canada have paid for their land  
from a single crop. The same success may still be  
yours, for you can buy on easy terms.

**Farm Land at \$15 to \$30 an Acre**  
located near thriving towns, good markets, railways—land of a  
kind which grows 20 to 45 bushels of wheat to the acre.  
Good grazing lands at low prices convenient to your grain farm en-  
able you to reap the profits from stock raising and dairying.

**Learn the Facts About Western Canada**  
—low taxation (none on improvements), beautiful climate, good  
schools, churches, pleasant social relationships, a prosperous and  
industrious people.  
For illustrated literature, maps, description of farm opportunities in  
Manitoba, Saskatchewan and Alberta, reduced railroad rates, etc., write  
Department of Immigration, Ottawa, Canada.

**F. A. Harrison, 210 North Third St., Harrisburg, Pa.**  
Canadian Government Agent.

**WORK DAYS  
AND REST NIGHTS**  
Can you do it now? If you can't,  
there's something wrong.  
Many find coffee a disturbing  
element, so wisely leave it off  
and use  
**Postum Cereal**

Postum is a pure  
cereal drink con-  
taining nothing that  
can possibly disturb  
nerves or digestion.  
You'll find Postum  
has a delightful fla-  
vor that fully satisfies.

**"There's a Reason" for Postum**  
Made by Postum Cereal Co., Inc.,  
Battle Creek, Mich.
