Elmer R. McClellan, farmer living south of town, was a business caller at this office beginning of this week. He reports early sown oats in his section up and growing nicely.

Rev. W. A. McClellan, of Rockwood, was in the valley for a week visiting among his brothers and sisters, and, of course, tried out the trout streams meeting with fine success.

Homer Detwiler, aged about fifteen years, son of Mr. and Mrs. A. O. Detwiler, who had been ill with bronchial pneumonia for some time, has recovered and is able to be up and around.

Miss Ruth Runkle, daughter of Mr. and Mrs. Lawrence Runkle, was taken to the Bellefonte hospital on Monday for treatment for a sprained ligament in the arm, sustained while at play at the school house.

Mrs. James W. Runkle is enjoying a well-earned vacation, being in New Castle, Kentucky, on a visit to her grandson, Gross R. Allison. Mrs. Runkle was accompanied by her daughter, Mrs. J. R. G. Allison, of Millheim.

The good neighbors about Centre Hill came to the aid of John H. Burkholder, last week, and putting five teams and a tractor in the fields soon had Mr. Burkholder on an equal footing with them, selves insofar as the farm work was concerned. Mr. Burkholder's farming was of necessity delayed, owing to illness and death in his family.

The Pennsylvania Department of Forestry expects to grow about 15,000,000 trees for reforesting 10,000 acres of waste land in this State from this seed it is planting in its forest tree nurseries this spring. All of the seeds will be sowed by May 1. The Department has collected 700 pounds of white pine, hemlock, and black locust seed, and 260 bushels of black walnuts, acorns, and ash and maple seeds. Six hundred and sixty pounds of pine, spruce, and larch seed have been purchased by the Department.

During the past week it has been discovered that a thief has been operating in the Centre Hall High school. Money has been stolen from the girls of the school; one time a \$5 bill was taken from a purse lying in the desk, and later a check in the sum of \$20 was taken. Smaller amounts at various other times have been found missing, and a gold pencil was taken from the drawer of a teacher's desk. Considering the length of time this practice has gone on unmolesed, it would appear that the guilty one is gaining courage, as each time the theft was an amount greater than the preceding time. Such a practice, to say the least, can have only a most unwholesome effect upon the entire school, and it is the duty of the entire teaching force to battle against this evil practice until the guilty party shall have been discovered and summarily expelled from school. The offense calls for such action.

THE DEATH RECORD.

SWEENEY.—John Sweeney, who made his home with his sister, Mrs. Levi Miller, at Pleasant Gap, dropped over dead on Monday afternoon at the Miller home, death being due to heart disease. He was aged sixty-eight years. Burial was made at Pleasant Gap on Wednesday afternoon.

Lightning Destroys Barns at Rebersburg.

A heavy rain storm passed over Rebersburg on Tuesday evening, with sharp lightning, which resulted in the barn of Prof. C. L. Gramley being struck and totally destroyed, together with a chicken house and garage. The fire was communicated to the adjoining stable of William Ziegler, and this, too, was destroyed. For a time the fire threatened to spread and equal the destruction of a few years ago when a half dozen structures were consumed.

Mr. Gramley carried insurance in the Farmers Mutual Fire Insurance Company of Centre County to the amount of \$320. Mr. Ziegler's property was insured also.

"Savageland," in Grange Arcadia.

If you want to have a good laugh go to Grange Arcadia, Saturday night of this week to see "Savage Land," a musical comedy presented by a Mitroy cast. It was given twice in Milroy to crowded houses and it was pronounced the best home talent show ever given in that town. It is full of life and excitement from beginning to end, and has a big chorus of beautiful girls and handsome men.

Anyone who likes good music, fun and exciting climaxes, should go to the hall on Saturday night and see this show from across the Seven Mountains. It will be worth your while. Benefit of the American Legion.

Cattle Feeder's Day, May 5th.

The annual Cattle Feeders' Day at State College has been set for May 5th, an all-day session. Prof. Tomhave has arranged a well rounded program which will include short speeches by President Thomas. Dean Watts will open the morning session at 10 a. m., followed by a discussion of experimental cattle feeding at the Indiana Experiment Station, Purdue, by F. G. King. At 1:30 the results for this year's feeding tests will be explained, after which the meeting will be adjourned to the steers pen for an inspection of the different lot of steers. Realizing that all steer feeders maintain in their bones a fondness to witness the true unadulterated range method of lassoing and tying steers a "real western show" will be put on in the afternoon. "Buck" Irving will demonstrate how they rope 'em out west. An outlaw horse has been secured for Buck to saddle and ride. All told it will be a day of "real meat", "sound facts" and enough spice to keep everyone good natured.

The other week Stover Minnich had the misfortune to run a rusty nail in the palm of his hand; the result was a sore hand, which for a time baffled medical skill, but at present is healing up nicely.
