

\$2,000 Forest Fire Damage in Gregg Township.

A forest fire recently burned over 150 acres of State land and about 100 acres of privately owned land in Gregg township, Centre county, according to a report sent to the Pennsylvania Department of Forestry by District Forester Bartschat, of Milroy. The flames were fanned by a high wind, but they were finally controlled by Rangers Smith and McKinney and a crew of fifty men. The fire started in the vicinity of Summit road, and the damage is estimated at \$2,000.

Forester Bartschat has begun erection of an observation tower on the top of Strong Mountain, and a telephone line will be strung between the tower and the Forester's headquarters at Milroy. The tower and the telephone line will provide increased protection against forest fires in the Penn Forest District. Fishermen were out in full force in Forester Bartschat's territory on the opening day of the season. In the Paddy Mountain region there were so many sportsmen that old woodsmen said it looked as though a new lumber job had been opened.

L. F. Yeager, who is serving as a forest fire observer on the tower at Big Poe Mountain in the Curtin Division of the Penn State Forest, has reported considerable game in his neighborhood. Recently he observed a herd of eight deer near the tower. Many pheasants are in that locality, also, he reported. The Boy Scouts of Lewistown recently planted some forest trees near their camp sites in New Lancaster Valley and in Faust Valley.

TUSSEYVILLE.

(Received too late for last week.) Mrs. M. F. Rossman was called to the home of her daughter, Mrs. Charles Geary, at Altoona on account of serious illness.

Mr. and Mrs. Wolfe and family of Altoona spent several days at the home of John Fortney.

William Rockey and wife, of Altoona, and the former's mother and sister, Mrs. Elmer Miller, took a trip to Williamsport and Dewart one day last week.

John Fortney and James Spangler transacted business in Bellefonte on Monday.

Miss Anna Renninger, who had been keeping house for Mr. Ertle at Green Grove, took very sick one day last week and on Tuesday she was brought to the home of her niece, Fred Brown, and is not improving very much at this writing.

A pleasant surprise party was held at the home of Charles Slutterbeck on Friday evening in honor of his birthday. There were about forty friends and neighbors present. Refreshments were served consisting of ice-cream, cake, candy and popcorn. Mr. Slutterbeck received many useful presents. At a late hour they returned home wishing him many more happy birthdays.

MILLHEIM.

(From The Journal) Miss Margaret Mensch, who taught during the school term just closed at Hartleton and returned to her home in Millheim recently, went to the Lock Haven normal to take the summer course.

T. R. Stam, of West Union, Ia., was an arrival in Millheim on Tuesday evening and he expects to spend several weeks along the streams fishing for trout in this vicinity where he spent many of his boyhood days.

While in Philadelphia last week T. K. Frank purchased an Oakland sedan automobile, and he and his father, who had accompanied him to the city, drove the car home.

Rev. F. H. Daubenspeck, of Ickesburg, has accepted the call of the Aaronsburg Lutheran pastorate and he is expected to occupy the parsonage next week. M. O. Stover, of Millheim, and L. L. Weaver, of Woodward, have been engaged to bring the household goods of the minister on automobile trucks.

The sermon on "The Modern Dance" delivered in the Millheim United Evangelical church on Tuesday evening by Rev. M. C. Drumm, pastor of the Penns Valley Lutheran church, Centre Hall, was attentively listened to by an exceedingly large audience. Rev. Drumm is a forceful and fearless speaker and he depicted the dance evil as one of the most degrading sins of the country.

A Chance To Secure Black Walnut Seedlings.

The Centre County Conservation Association has received from the State Forestry Department at Harrisburg 3000 seedlings of the Black Walnut tree. It is planned to have these trees planted on the State Forest. In years to come they will furnish food for squirrels and other forest animals. The black walnut tree requires a moist, rich soil for best development. It should be planted on the bottom land along streams in open spots for black walnut will not grow in the shade. Hunting clubs and others who wish to plant this tree near their cabins should apply to the chairman of the Forestry and Game Committee in their Conservation District or to Professor Geo. R. Green, Chairman of Forestry Committee, Forestry Building, State College, Pa.

GOOD BLOOD

NEEDED IN

SPRINGTIME

People With Poor Appetite, Bad Complexions and "Spring Fever" Need a Blood Tonic.

GUDE'S PEPTO-MANGAN IS BEST

Makes Rich Red Blood—Renews Vitality and Increases Body's Resistance to Disease.

Spring is the time when good blood is so vital to health. If you do not feel the thrill of Spring in your blood, if you take no pleasure in living, if your appetite is poor, your complexion pallid or muddy, and you tire easily, you can be pretty sure your blood is not up to the mark. So many feel that way in the Spring. Especially housewives who have so much work to do. They get over-tired and run-down—their blood becomes weak and thin.

Build up your health now by taking that splendid Spring blood tonic, Gude's Pepto-Mangan. It will give vital power to the red corpuscles in your blood. They will go racing through your blood, carrying fresh supplies of oxygen to all the tiny cells. It will help improve your color and your appetite. You'll take more interest in things and enjoy life more. You will stop going around with that tired, all-gone feeling.

Physicians have prescribed Gude's Pepto-Mangan for thirty years. You can get it at your druggist's in either tablet or liquid form. Take whichever you prefer. They have the same medicinal value. Get the genuine. Advertisement.

NEW DRILLING MACHINE FOR SALE.

This is a No. 3 friction hoist traction drawn Keystone machine. When I bought it I was in need of a well and could not hire it drilled; then I bought this machine with the intention of drilling a well for myself and then selling it to some other person who might want to drill a well, for what I could get for it, or scrap it. But when we came to drilling I had to do some repairing. I then gave it a general overhauling, reballing, boxing, bought new belt, 300 feet new rope, a new sand line, some new drill bits, new bearings in engine, etc. When I was done I had a fairly good outfit, and in the spring of 1920 I hired men to start drilling custom work, but this proved a failure, although not the fault of the machine. The difficulties encountered would have occurred with a new machine of any type. However, I have not lost faith in the drilling proposition as I believe there is an opening here for a good profitable business for the right party. Many people have asked me to drill for them and if I bought out of a job I would not offer this machine for sale but I would get to operating myself; but I have more work than I can do so I will sell it for one-fourth the price of a new machine, or for considerable less than what I have in it. If I cannot sell the machine I will let it out to work it on shares, to re-

sponsible parties that are capable of taking care of a machine. If I can neither sell or let the machine I will operate it myself later in the summer. There is a tool wagon and water tank with the outfit.

A BUSINESS RUSH! We have never in our business history experienced such an early rush of business as we have witnessed this season. Hardly a month elapsed before our first purchases for the Spring Season were almost all disposed of. This ready response in buying from the people in our vicinity urged us to make a second trip to the Eastern markets for a complete replenishment of our stock. We are pleased with the patronage thus far given us because we know our trade is beginning to realize and appreciate the care and taste of our selection in buying. They are beginning to realize the full values received for lowest prices paid, but our initial purchases were only a forerunner to the newly arrived merchandise. We have made some truly wonderful purchases of new merchandise and want to convince everyone of what we term as wonderful. A "Corking" New Line of Apparel In Our Second Buying. You'll Want This Combination It is the Case 10-18 kerosene tractor and a two-bottom Grand Detour plow. It is an ideal plowing outfit for either small or large farms. The tractor weighs about 3,500 lbs., just a trifle more than a big team of horses. It burns kerosene economically, developing full power on the same. The tractor has a four-cylinder valve-in-head motor, mounted crosswise on a one-piece frame. A Case Syphon Thermostat controls the cooling system and insures complete combustion. The all-spur gears, with teeth cut and hardened, are enclosed and run in oil. The Grand Detour 2-bottom Automatic Lift Right Beam Plow will fill the plowing requirements of the most particular farmer. Grand Detour plows are strictly quality plows. They are light in draft, yet so well constructed that they will give years of faithful service at a low cost of upkeep. We would greatly appreciate the opportunity of telling you more about Case tractors. Drop in and let's talk it over. C. E. FLINK CENTRE HALL, PA. CASE KEROSENE TRACTORS NOTICE: We want the public to know that our plows are NOT 6-6 Case plows made by the J. L. Case Plow Works.
