

SUFFERED SEVEN LONG YEARS

Finally Relieved by taking Lydia E. Pinkham's Vegetable Compound

Ravenswood, W. Va.—"For seven long years I suffered from a female trouble and inflammation so that I was not able to do my housework. I consulted several doctors but none seemed to give me relief. I read in a paper about Lydia E. Pinkham's Vegetable Compound so I decided to try it, and before the first bottle was gone I found great relief so I continued using it until I had taken eight bottles. Now I am very well and can do my own housework. I can gladly recommend Lydia E. Pinkham's medicine to suffering women."—Mrs. BERTHA LIERING, R. F. D., Ravenswood, W. Va.

The ordinary day of most housewives is a ceaseless treadmill of washing, cooking, cleaning, mending, sweeping, dusting and caring for little ones. How much harder the tasks when some derangement of the system causes headaches, backaches, bearing-down pains and nervousness. Every such woman should profit by Mrs. Liering's experience. Remember this, for over forty years Lydia E. Pinkham's Vegetable Compound has been restoring health.

The SANDMAN STORY

ROSEBUSH'S KINDNESS

LITTLE MISS ROSEBUSH grew by the stone wall in the garden where there were so many beautiful flowers that grew so much taller than she that no one noticed her.

Little Miss Rosebush was a pretty, dainty looking little bush with pink roses, and if she could not be tall and beautiful she knew she must be very sweet.

So she grew in her place in the garden, sending out all the sweetness she could, and when the fall days came she leaned against the stone wall and went to sleep.

But one morning she was awakened by feeling something tugging at her.

and who should she see but a little Robin pulling off her dead leaves.

"Oh, I am so sorry to disturb you," said Robin, "but you see I have been caught in a snowstorm. I did not think it would come so soon, and I have crept into the opening in this wall to keep warm."

"Just help yourself to my leaves," said Miss Rosebush. "I wish I could help you to keep warm."

Robin pulled off all the leaves that were left on the bush and snuggled himself into the crack in the wall until the snow went away and the warm sun came out again.

"I am going south today," he told Miss Rosebush, "but you may be sure I will never forget your kindness, and

HOW DO YOU SAY IT? By C. N. LURIE

Common Errors in English and How to Avoid Them

"PERSONS" AND "PEOPLE."

THE word "persons," used to indicate a number or a gathering of human beings, is numerical; the word "people" is collective. The difference in the use of the words may be illustrated more easily by giving examples than by discussing the grammatical principles involved.

We say, correctly, "Three persons entered the theater," not, "Three people entered the theater." But we should not say or write, "There was a crowd of persons in the theater"; say, "There was a crowd of people." The rector was asked, "How many can be seated in your church?" He replied, "We can seat comfortably about one thousand persons, but if an unusual crowd of people wishes to attend the services we can accommodate more than a thousand." The Standard Dictionary says, "It would be quite out of place to say, 'The pastor desires to meet the young persons of the church.'" (Copyright.)

ANGELICA

ANGELICA, a name of much more substance than the pallid Angela, is still one of the "angelic names" which feminine fancy delights to bestow on its girl children. It means, of course, "angelic" and seems difficult to reconcile with the behavior of some of the small daughters whom one finds bearing the name.

Angelos was a Greek word meaning "heavenly messenger," hence "angel." It first became a name in the Byzantium empire when it was bestowed as an epithet upon persons of surpassing beauty.

It was applied most often as a masculine name and there was a Carmelite saint called Angelo, who established it as a baptismal name. In his honor, the feminine also became popular and Italian history records many instances of its use.

Angelica sprang to fame since it named the faithless lady of romance for whose sake Orlando lost his heart and his senses. Though she was the invention of Boccaccio and Ariosto, the romantic flavor which the story gave her name brought Angelica to instant favor. England liked the name and adopted it. In France it became Angélique, and Italy produced the other forms of Angioletta and Anzioletta, though Angelica continued the reigning favorite.

Angelica's talismanic gem is the

I shall be back very early in the spring to repay it."

Miss Rosebush had no idea how Robin could repay her, and she did not think she had done anything for which he should, so she hugged the wall closer, falling asleep for the winter.

When she awoke in the spring she was very much surprised to find Robin already back from the south, around her roots with his bill in a very busy manner.

"You see, I am keeping my promise," he chirped. "I am quite sure I know why you have never grown as tall as you should; there are too many worms around this wall, but this year you will not be held back by them, I promise you."

Every morning and evening Robin came and worked to repay Miss Rosebush's kindness of the fall day when he was caught in the snowstorm, and when June came all the flowers in the garden looked with surprise upon Miss Rosebush's beauty, for she far outgrew them all.

Up to the top of the stone wall she grew, and then above it, and her beautiful pink roses were so large that everybody passing that way stopped to admire them.

"Now, what do you suppose happened?" said a big red rosebush who had always been the pride of the garden. "No one ever noticed Miss Rosebush before this summer."

No one could tell, but if they had asked Robin he could have told them that it was kind deeds that made her so beautiful, but though it is said that little birds tell a great deal, Robin did not tell what he knew about Miss Rosebush, and so no one in the garden found out why she grew so tall and beautiful that summer. BREAKFAST AT HOME

BREAKFAST in most homes is a gloomy meal, and yet unless some fearful disaster impends or has already fallen, cheerful countenance and pleasant good mornings are far more natural than the blues.

So the mistress of the house must frown down bad morning manners, just as she must insist upon the polite "Excuse me" when anybody wishes to leave the table before the meal is over. She must see that the maid wears a clean apron while serving and that she goes about her duties quietly, and all this must be done beforehand, as it is not in the politeness to correct the servant at table. Reading the newspapers at breakfast time is a distinct breach of manners, although the break is allowed in many homes. "If you please," and "no, I thank you," are phrases polite persons accord any member of the family when asked to have something or other, and the same civility is required when dealing with a servant.

At breakfast and luncheon a large tray is generally set for the mistress of the house, from which she serves the tea and coffee. Fruit is served before the meal, and in order that the napkins may not be ruined with the stains finger bowls are then

ADVICE WANTED.

"I'm in a fix with my girl!" said young Dubb, disconsolately. "Why," replied his sympathetic friend, "what's the matter, my boy? Have a row?" "No, it isn't that. You see, I've been saying so many nice things to her that she's getting conceited. I can't stop it and I can't keep it up." "Can't, eh? Why not?" "Well, you see, if I keep on she'll begin to think she's too good for me, and if I stop she'll think I don't care for her any more."

SUFFERING OF A LIFETIME ENDED

"Words Can't Express Gratitude I Feel Toward Tanlac," Says Mrs. Burrington.

"From childhood until I got Tanlac, I suffered from indigestion and stomach trouble," said Mrs. J. A. Burrington, 540 Stanford Ave., Los Angeles.

MRS. J. A. BURRINGTON Los Angeles, Calif.

Calif., "and that's been a long time, for I'm now in my sixty-eighth year. "I remember when I was a child I was kept on a strict diet of lime water and milk for weeks and I have been in constant distress all these years. I suffered terribly from bloating and had to be very careful of what I ate. I became so weak and nervous I could hardly go about my housework and was in a miserable condition.

"About two years ago my husband got such splendid results from Tanlac he insisted on my taking it and the medicine wasn't but a little while in ridding me of my troubles. It gave me a splendid appetite, and I could enjoy a good hearty meal, even things I hadn't dare touch before, without any fear of it troubling me.

"Then I had the influenza and became dreadfully sick and weak, but my stomach kept in good order and it only took four bottles of Tanlac to build me up again to where I'm now feeling better than at any time I can remember. I have gained eleven pounds in weight, too, and words can't express the gratitude I feel toward Tanlac. I keep Tanlac in the house all the time now, for I know it is a medicine that can be depended upon."
