Killed in Auto Accident.

Seven Philipsburg people figured in a shocking automobile accident, near Flat Rock, on the mountain between Philipsburg and Port Matilda, last Saturday, Curt Beaty, of North Philipsburg, was instantly killed, and all the others injured more or less, though fortunately none very seriously.

Elwood Conly, of Unionville, owner of the car, a Hudson, was at the wheel, when they began the climb of the steep hill at Flat Rock. When he changed the gear the engine suddenly stopped and the car started backward down the steep incline. Mr. Conly guided the car to the upper side of the road against the embankment to prevent it from going over the precipice on the opposite side of the road. It ran into the bank and then toppled over on the road, pinning all the occupants under.

His wife preceded him to the beyond eight years ago last October, and surviving him are two sons: Ammon, of Spring Mills, and Edward, living in Ohio. Deceased was a member of the Mountain St. John's Evangelical church for thirty-five years. Funeral services were held Monday morning by his pastor, Rev. I. C. Bailey, assisted by Rev. M. C. Drumm, of Centre Hall.

GINGRICH.—After a long illness with bronchial trouble, Henry W. Gingrich, well-known citizen of Harris township, passed away at his home near Linden Hall on Tuesday morning of last week.

He was a son of Mr. and Mrs. Christian Gingrich and was born in Harris township in 1845, hence was about seventy-six years old. Like all farmers' sons he worked on the farm during the summer season and attended school in the winter and when he grew to manhood he stuck to the farm. In the fall of 1869 he married Miss Ellen Stover, a daughter of Mr. and Mrs. Samuel Stover, of Rock Springs, driving to Union county to have the ceremony performed. Returning home they settled on the Gingrich farm near Linden Hall and during their 52 years of married life that has been their home. Mr. Gingrich was not only a progressive farmer but a lover of stock of all kinds and his farm and equipment are among the best in that section of the county. In his home both he and his wife have always been noted for their generous hospitality. He was a lifelong member of the Boalsburg Lutheran church and a good christian gentleman.

Surviving him are his wife and the following children: Cora, Bertha, Edith, Earl, Jerome, Orlen and Rose. He also leaves a half-brother and two half-sisters: Alvin Gingrich, of Boalsburg; Mrs. George Ishler and Miss Nannie Gingrich, of State College.

Rev. A. M. Lutton had charge of the funeral which was held at ten o'clock Friday morning, burial being made in the Boalsburg cemetery.

Milton Hudson, William Straglin, Robert Trammel and Steve Schiop, convicted in Erie county for murder, were executed in the western penitentiary at Rockview on Monday. It is the first time in many years that four men have paid the death penalty for a single crime.

All four bodies were buried in the penitentiary cemetery.

Big Time During Farmers' Week at "State."

County farm agents, leading farm people from all corners of the state, headed their cars for State College on Wednesday to attend the annual June Farmers' Week, at the Pennsylvania State College, which opened with a mass meeting on the campus yesterday evening. Advance reports state that from five to forty and even fifty automobiles will carry farmers from each county for the occasion. While the much advanced growing season that has brought hay cutting time earlier than usual, may keep some farmers away, the attraction is so great that many will take the entire two days from their work to see the college activities. Actual demonstrations in all phases of horticulture, dairying, farm cropping, animal husbandry and forestry will be held right in the fields and barns, and will present a program that few farmers will care to miss. Over two hundred boy and girl farm club members are having the time of their lives and are anxiously making preparations for the state championship judging contests to be held on Thursday. Between all kinds of athletic events and get-together meetings, they are absorbing a great deal of agricultural knowledge from the agricultural faculty men.

THE U. S. ROYAL CORD
A famous tire—and a famous tread. Acknowledged among motorists and dealers alike as the world's foremost example of Cord tire building. Always delivering the same repeated economy, tire after tire, and season after season.
The stripes around the sidewall is registered as a trade-mark in the U. S. Patent Office.

How you can measure tire value in 1921

OFTEN it's surprising the number of different tire views that come out in a chance talk at the curb or in the leisure of a friend's garage.

Almost every day you come across the man human enough to believe he can outguess the cut-price tag on "job-lots," "discontinued lines" and "surplus stocks."

His opposite is the hard-pan car owner who sticks year in and year out to a standard brand as the only rational economy.

Many will remember the scarcity of U. S. Tires last year.

A hardship at the time, but a benefit now. There are no U. S. Tires to be worked off—no accumulations—no forced selling of any U. S. brand—no shipping of tires from one part of the country to another to "find a market."

There are 92 U. S. Factory Branches. Each one gets its share of U. S. Tires. There is a broad, constant, even distribution of U. S. Tires always going on from these Branches to the dealer.

Buy a U. S. Tire anywhere—in a community of 500 people or even less—and you get a fresh, live tire of current production—with all the original service and mileage the factory put into it.

The owner of a medium or light-weight car stands on equal ground with every other car owner.

Any United States Tire is a universal full money's worth—backed up with a leadership policy of equal quality, buying convenience and price for everybody.

Your Druggist Sells It, Ask Him.

Is your wife "too tired to go"?

When your wife is too tired to enjoy good times it's not always her fault. Don't expect her to do work of a sort that you wouldn't do.

If your wife has to do her own housework, first of all she should have a vacuum cleaner. Hand-sweeping with a broom is not only unnecessary hard work—it's inefficient.

Come in yourself and let us show you the Torrington Electric Vacuum Cleaner, as one business man to another. You will readily understand its superiority when you see the revolving carpet-sweeper brush in its nozzle and hear the hum of its high-speed, suction-generating motor.

Surprise your wife with a Torrington. You will cut the cost and necessity of outside maid service, and lengthen the life of your rugs and hangings.
