TRAINING CAMP FOR YOUNG MEN AT CAMP MEADE, MD.

To Be Opened August 1st and Continue 30 Days.-No Charges to Be Made.-Chance to Obtain Valuable and Healthy Experience.

A free summer camp, with all expenses included, railroad fare paid, is offered this summer by the governsylvania, Maryland, Virginia and the District of Columbia. This Citizens' Military Training Camp will last for thirty days, commencing on August 1st, and will be held at Camp Meade, Maryland, about half way between Baltimore and Washington.

Attendance at the camp will not cost one cent to any of the candidates who are selected to go. They may either pay their railroad fare from their homes to Camp Meade and be the rate of five cents for each mile for meals and other expenses en route. or if they prefer they will be furnished with a ticket before they leave home and allowed not to exceed \$3.00 a day for their meals while traveling

Upon arriving at Camp Meade each man will be supplied with a complete set of uniforms and equipment. He will then be assigned to quarters in comfortable permanent barracks. When mess call sounds he will find a wellcooked meal all ready for him paid for by the government and prepared by army cooks who are now going through a special course of training at the Camp Meade Cooks' and Bakers School to prepare them for duty at the camp. All the mess attendants will be supplied from Regular Army regiments stationed at Camp Meade. Should he have need of it at any time he will find a well-equipped hospital free of charge with competent army surgeons and dentists.

In return for this he will be called upon to devote his mornings to mill tary drills and exercises under the direction of officers specially selected from the Infantry School at Camr purposes. Benning, Georgia for duty as instruct ors, and will be encouraged to spend under the supervision of officers specially trained to supervise such ac tivities.

While he will live in permanent bar racks, he will frequently take shor hikes through the beautiful rolling and wooded country of Southern Maryland carrying the infantry soldier's field equipment and ending the march by going into camp and spending the night under canvas if the weather is good. Some of his meals in the field Encampment and Fair. he will cook for himself in his "mess kit" and others will be served to him from rolling kitchens.

The military part of the day's program will include demonstrations of all the modern military weapons, such as Tanks, Artillery, machine guns and trench mortars by veteran regular troops stationed at Camp Meade, as well as the actual drills in which the candidates will take part. It is hoped that they will become sufficiently in terested to affiliate with the National Guard or Organized Reserve when they return to their homes, thus fitting themselves to be leaders instead of followers if they should ever be called upon to serve their country in case of another war, but attendance at the camp involves absolutely no obligation, moral or legal, to perform any further military service.

Off duty hours will be well provided for, and candidates will be encouraged to spend all their time in camp by providing them with amusements so that they will not want to leave it. There will be movies and other forms of entertainment every evening and frequent concerts by some of the fine Regular Army bands stationed at Camp Meade. The religious atmosphere will not be neglected. Two chaplains will devote their entire time to the Citizens' Camp and to the man agement of a service club where candidates will be entertained in their spare time. Other chaplains of six ifferent denominations on duty with regular troops of the camp will be

available for advice and counsel. The Military Training Camps Asociation, composed of graduates of previous similar camps held at Platts burg, New York, and other places, are in active charge of receipt and forwarding of applications through their nearest local representative, Major Horace B. Hare, 1300 Commercial Trust Building, Philadelphia, but if he cannot be conveniently reached. information and application blanks can be secured and arrangements made to obtain without charge the very simple physical examination by writing to the Commanding General, Third Corps Area, Fort Howard, Maryland.

Applications should be forwarded as early as possible, as the final selection of applicants must be made well in advance of the opening of the camp on August 1st. In case the number of applicants exceeds the capacity of the camp, vacancies will be apportioned by counties in proportion to their population, and the individuals selected by a method which will insure that each locality and each individual applicant has an equal chance.
