RED CROSS WORKING FOR HEALTHIER U. S.

Thousands Aided by Instruction in Care of the Sick, Food Selection and First Aid.

How the American Red Cross guides thousands of persons to health is shown in a summary of the society's activities in the health field based upon the annual report for the last fiscal year. Through its Nursing Service, its Home Hygiene and Care of the Sick courses, nutrition classes, First Aid classes, Life-Saving classes and Health Centers and in numerous other ways designed to acquaint masses of citizens with proper methods of living, the Red Cross carried its message of health into all parts of the country.

The work of the Red Cross during the war in its traditional field of nursing, furnishing the military and naval establishments of the nation with 19,877 nurses, is well known. And there are today 37,787 nurses registered with the American Red Cross and subject to call in emergency. During the fiscal year, 1,551 Red Cross nurses were accepted for assignment to Government service, 388 by the Army and Navy and 1,163 by the United States Public Health Service.

In addition to the nurses enrolled by the Red Cross for Government service, the Red Cross itself employed a total of 1,348 public health nurses in the United States and Europe. By far the greatest number was employed in the United States, 1,257, while 81 were in foreign service.

Home Hygiene and Care of the Sick classes, giving thorough instruction in the proper care of the sick in instances where the illness is not so serious as to require professional nursing care, during the fiscal year numbered 5,179. A statistical picture of the Red Cross operations in this field follows:

New classes formed during year	5,179
Classes completed during year	6,259
New students enrolled	101,958
Students completing course	73,432
What the Red Cross accomplished in giving proper instruction through its Nutrition Service is indicated by the following table:	
New classes formed during year	142
Classes completed during year	180
New students enrolled	2,341
Students completing course	2,013

In addition to the above, a total of 22,006 children were given instruction in the proper selection and preparation of foods.

Through its 290 Health Centers, the Red Cross reached 90,252 persons. In these Health Centers, 4,015 health lectures were given and 780 health exhibits held.

In the United States last year, 75,432 persons were killed and 3,500,000 injured in industrial accidents. To prevent this enormous waste the Red Cross held 5,100 first aid classes with a total of 104,000 students enrolled.

CATARRHAL DEAFNESS

is greatly relieved by constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions. Circulars free. All Druggists. F. J. Cheney & Co., Toledo, Ohio.

Are You Still Sick?

—in spite of everything you tried?

It is because you had the effects treated, not the cause. As long as the cause of your trouble is present, the effects, even if temporarily suppressed, will reappear again.

Chiropractic spinal adjustments should remove the cause of your disease, which is nerve pressure in the backbone. There is no reason why you should not get well permanently.

Come to my office and I will gladly explain Chiropractic, and prove to you that the cause of your trouble can not only be found, but also in many cases corrected.
