

LOCAL AND PERSONAL.

Snow fell pretty generally throughout the New England states on Monday.

Mrs. Perry Deopler, of Lock Haven, visited Mrs. Frank Gfreres for a few days last week.

Elliot Smith, who is a student at Carnegie Tech, spent Sunday at his parental home in Centre Hall.

After the average voter is through cussing because the others did not vote as he did, politics will be pretty well forgotten until next summer.

Postmaster Stover and rural mail carrier Jasper Wagner, of Spring Mills, were up to Potters Mills a few days ago in the interest of the rural mail service in that section.

Up in New York state, five inches of snow fell Sunday night. A rural mail carrier, out from Amsterdam, was instantly killed when his auto skidded while in the mail service.

Mrs. D. F. Smith is very appreciative of a bunch of lilacs given to her by her neighbor, Mrs. Wilbur Meyer, Lilacs in November—who wouldn't be proud of such a bouquet?

Mr. and Mrs. Clyde Bradford take this means of thanking all kind neighbors who assisted during the illness of Grandmother Bradford, and also at the time of her death.

A son was born to Mr. and Mrs. Andrew C. Rokey, tenants on the Brockenhoff farm, east of Centre Hall, Sunday night. It was not Baby No. 1, but a number one boy, alright.

The largest potatoes heard of by the Reporter were grown on the Calvin Vonada farm, near Red Mill. The report comes that twenty-two tubers made a bushel, by weight. Some potatoes, sure.

Prescriptions for medical beer will not be issued by the members of the Clinton County Medical society for the reason that the doctors do not believe that beer is medicine and therefore will not prescribe it as such.

A. E. Kerlin, the local poultryman, is having bath room fixtures installed in his handsome home on the Grand View poultry farm. Wilbur Bland and Fred W. Storer are now digging a cess pool on the place.

A Mr. Ream, while hunting for turkeys on Nittany mountain, back of the Jacob Musser farm, tenanted by his son, Henry C. Musser, in Upper Brush valley, came across a fine doe and fawn deer.

United States Senator William E. Crow, chairman of the Republican state committee, has appointed Hon. H. E. Scott, of Philipsburg, as a member of the executive committee of the organization.

Some of the boys that on Halloween overturned a lot of little houses that usually stand next to the alley, had an experienced unlooked for, owing to the fact that they were not as sure of their footing as they should have been when all gave the final heave.

Mrs. Mary Price and daughter, Mrs. Victor Smith, and the latter's small daughter Mamie, all of Maxbass, South Dakota, are guests of the M. L. Emerick family, Centre Hall, and will remain here for several months. Mrs. Price is a sister of Mr. Emerick.

Lots of domestic trouble is a case of home brew. Marriage has caused many a sweet young thing to ferment. One of the busy men with a truck is Merrill Walker, who is out every day. His principal hauling is cream to Penn State creamery.

In your prayers tomorrow (Friday) don't forget Senator Lodge, who needs something more than argument, presentation of facts and pleadings from human beings to see that disarmament is a world need and that there are others in the world not citizens of the United States who need consideration.

The state health department states definitely that the dog that bit several persons in Philipsburg some time ago was unquestionably suffering from rabies. The persons bitten have been given the Pasteur preventative treatment and the dog, of course, was killed.

After an absence of almost two years Reuben Zettle, son of Mr. and Mrs. E. E. Zettle, arrived home he had been in the south the greater part of the time, and while out of the states he was in Cuba. He was apparently glad to get back to the old burg again.

Senator Watson, of Georgia, had a fit in the Senate a few days ago and blabbed a lot of stuff about hanging American soldiers in France without court martial, and now, it appears, he refuses to come before a committee to give evidence as to its truth. General Pershing says the senator's statements are untrue, and he ought to know.

Mrs. Dayton Lansbury, of Espy, Columbia county, came to Centre Hall on Saturday to visit her parents, Mr. and Mrs. Robert I. Smith. Mrs. Lansbury, before marriage, was Annabel Smith, a typo in the Reporter office, and it was largely because Cupid interfered with our business so frequently that Miss Mergenthaler Linotype, a maiden lady, was given a position at our front window.

Some of the local voters have renamed the Prohibition party the "Home Brew" party. The Prohibition party for thirty years has been little more in Pennsylvania than a vote catching scheme for Republican politicians. The limit was reached on the county and local ticket, and no doubt opened the eyes of some of the staid Prohibitionists, who were sincere in their voting, but misguided. The Lord help them to see.

The cool weather and toots from the passenger engine on the L. & T. put too much pep into a team of horses owned by farmer James Runkle while at the Centre Hall station. Just as Mr. Runkle turned his back to his team they started off on a good run up town, but were captured after having run the distance of several blocks. No damage was done, unless Mr. Runkle said something to himself not heard by others.

Thankoffering Service at Tusseyville.
On Saturday evening of this week, at 7:30 o'clock, the Women's Home and Foreign Missionary Society of the Lutheran church will hold their annual thank-offering service in the Union church at Tusseyville.

Public Schools Open.
The local High School and Primary Grade opened Monday morning after having been closed for a period of two weeks on account of general prevalence of measles in the Centre Hall school district. The disease has pretty well run its course.

Morris Kelley, of Reedsville, had the good fortune to kill a wild turkey gobbler weighing twenty-seven and one-half pounds.

CATARRHAL DEAFNESS

is greatly relieved by constitutional treatment. **HALL'S CATARRH MEDICINE** is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. **HALL'S CATARRH MEDICINE** acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions.

"We only Bought Rat Poison Twice," writes Jesse Smith, N. J.

"I threw the first kind away; couldn't be bothered mixing it with meat, cheese. Then I tried Rat-Seap, SAY, that's the stuff! It comes in cakes, all ready to use. And it sure does kill rats." 35c, 65c, \$1.25.

DISORDERS of the stomach and constipation are the most common diseases of children. To correct them you will find nothing better than Chamberlain's Tablets. One tablet at bed time will do the work and will make your child bright and cheerful the following morning. Do not punish your children by giving them castor oil. Chamberlain's Tablets are better and more pleasant to take.

The Most Attractive Styles and Values in

MEN'S AND WOMEN'S WEARING APPAREL

Are to be found at Nieman's Dep't Store.

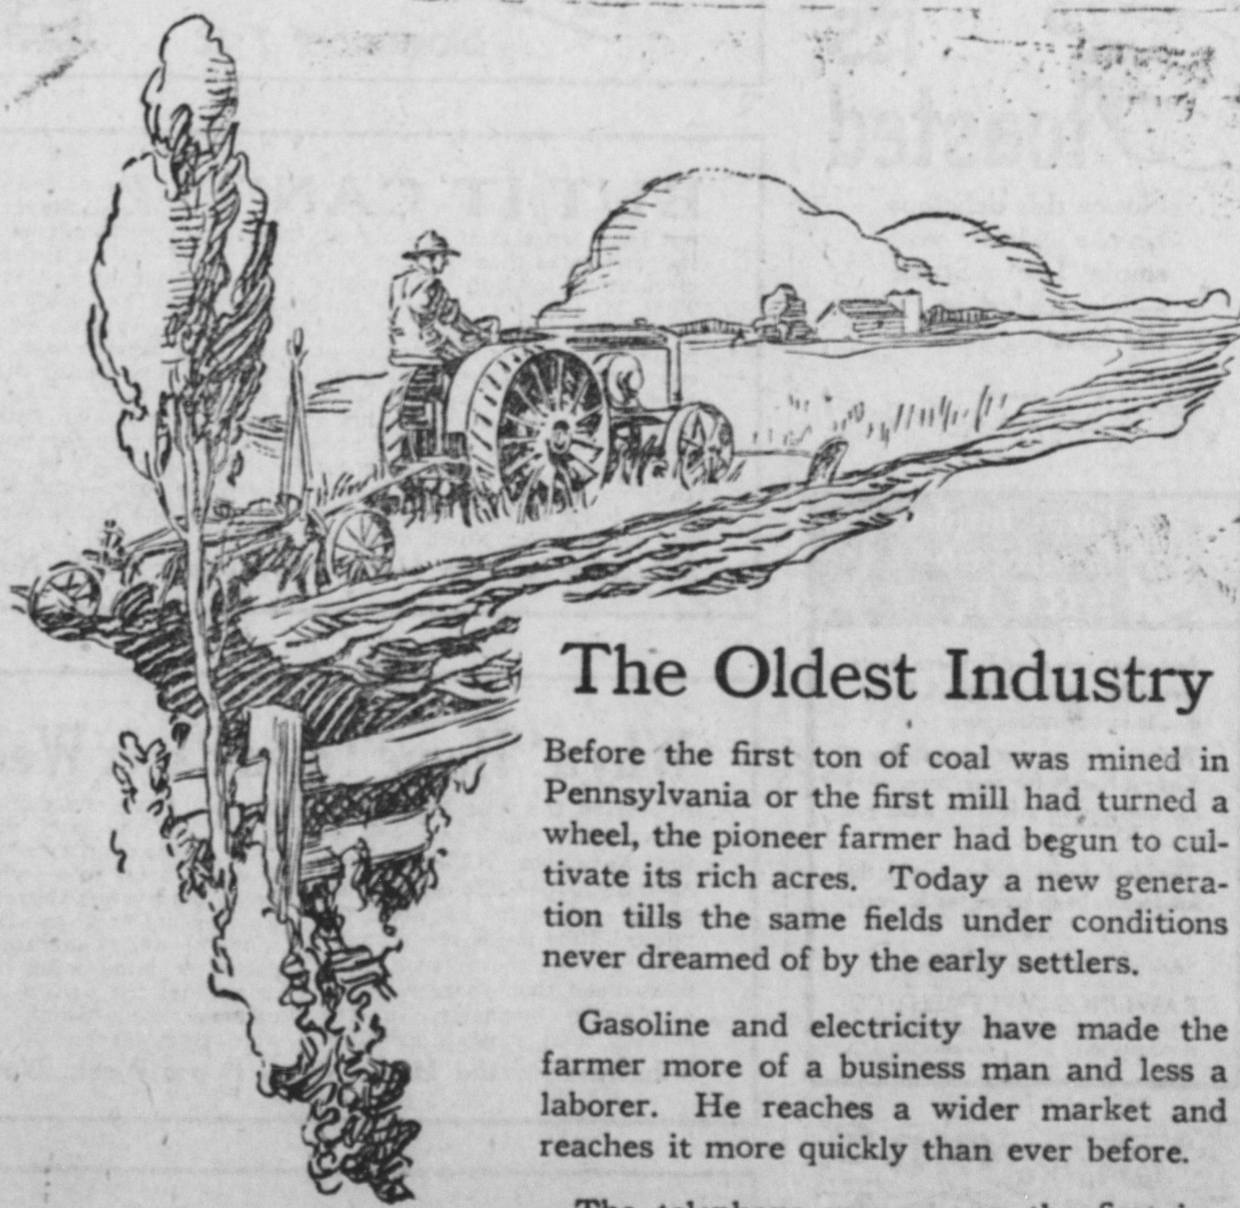

Thousands of men and women in this vicinity at this moment are considering the purchase of a New Suit or Coat, or a pair of Shoes. It is an assured fact that more of them will buy at this store than at any other store. That would simply be repeating the experience of the past several years.

But we think an even greater number of men and women should know of the superior quality and good style, matchless variety and sterling values here.

Come to this Store To-day, To-morrow or any day, and be convinced that this is the place for purchasing your Winter garments.

The Oldest Industry

Before the first ton of coal was mined in Pennsylvania or the first mill had turned a wheel, the pioneer farmer had begun to cultivate its rich acres. Today a new generation tills the same fields under conditions never dreamed of by the early settlers.

Gasoline and electricity have made the farmer more of a business man and less a laborer. He reaches a wider market and reaches it more quickly than ever before.

The telephone was among the first improvements to come to his aid. It puts him in quick communication with his neighbors and with the buyers of his produce. It takes him to the city and in a measure brings the city to him. The farm has been robbed of its isolation and lonesomeness.

The Bell Telephone Company of Pennsylvania has kept pace with the State's progress, and often has been the advance guard of a community's development. The growth of every section may be measured by the extension of its telephone service.
