A Virginia Case

R. O. Ramsey, farmer, Chase City, Va., says: "There was a nagging pain in my back, making it hard for me to straighten up after bending over. My head would almost split from pain. I was dizzy, and a speck's blurred my sight. The kidney secretions were scanty in passage and highly colored. Doan's Kidney Pills were recommended to me, so I began their use. I was greatly relieved."

The Meeting Ground of Town and Country—The Home Town Paper

THAT great part of non-city America which we call the country is in reality town and country. Sometimes the people of the farms have felt that those of the big cities. But there has been a common meeting ground for all in the home town paper. It has chronicled the activities of the village banker and his family and of the farmer and his family, of the new pavement in the village and the improved highway in the country. No publication ever was more entitled to be called "a slice of life" of the people than the home town paper. Week after week, year after year, it has ministered to the natural craving for the homely, intimate news of the countryside, the kind of news which no big city paper can furnish. Now the country newspaper is to have a "week" all its own. The thousands of country papers the nation over have got together to observe "Subscribe for your home town paper week" November 7-12. It is a week for all who love country and village life and "just folks." If you have let your subscription lapse, renew it. If you are a newcomer to the community, subscribe. If you are far from the old home town, make sure that at least once a week you can live again the joys of other days through the visits of the home town paper.

HOME TOWN PAPER WEEK

Nation-Wide Movement Set for November 7th to 12th.

Every Four Corners has its Home Town week nowadays, but all the boys and girls who have wandered from the Township Center cannot get back to enjoy the loved surroundings. But all can subscribe to the old home town paper and thus keep well in touch with the little spot they once called home.

What joy to run over the school promotions and find that the tots of a few years ago are moving higher and higher in scholastic circles and eventually blossom forth as the "sweet girl graduates," or the clean strong boys discarding knickers.

Just watch that hardened old city coddler open up his home paper—it is the first thing he picks up out of his bunch of mail—and what can he find there to interest him? Angus McGugan's horse died yesterday; Peter McGregor will run for the county clerkship; Horace Jell hopes to win the secretaryship of the Hilltown Agricultural Society; Lydia Mungler has opened a millinery store; Mrs. Brown lost her hand satchel in the butchery; Dr. Dorland is attending Clara Brown, who is down with a severe cold; Mrs. Plater broke her ankle and is in the county hospital.

Yet though he smiles at the old-time styles and expressions he enjoys it all over and over again, for it takes his mind back home where his wonderful boyhood days—happy days—were spent.

WILL BOOST HOME PAPERS

Week of November 7-12 Set for Nation-Wide Endeavor.

"Subscribe to your home town paper."

This is the slogan of a new nation-wide movement backed by the National Editorial Association and other agencies.

The movement has back of it far more than a selfish desire on the part of newspapers to acquire increased circulation, for it is, in effect, a step toward the perfect unification of America by the strengthening of ties that bind everyone to his native soil.

The campaign is, moreover, an excellent opportunity to boost the home town. The men and women who were born and reared here have, some of them, been away for many years and many important changes have taken place—changes in which they would be greatly interested. It is more often the case than not that private correspondence overlooks these changes, however carefully one might attempt to write "the news" in a letter.

The newspaper, on the other hand, prints all the items of interest, large and small, and is the ideal medium through which to keep in touch with in the old home town.

Towns Need Eye Opener.

Said a New York state business man the other day: "There is hardly a town in the country that does not need to have its eyes opened to the kind of work its newspapers do, week in and week out, and year in and year out, with rarely if ever a word of public appreciation and backing."

BUT IT CAN'T!

The editor of a national magazine said not long ago that if the big city newspaper could get as close to its readers as those of the country, it could have a three million circulation. "But," the editor added significantly, "it can't." That is why the country newspaper, which has had its doom sealed again and again, continues to go on—because of its intimate, personal appeal to its readers. Abe Martin says that except for a temporary chairman, there is nothing under the sun so hard to stop as a country weekly, and he is right. The country and small town see the value and need of their own little newspaper—and so they will not see it die. "Subscribe for your home town paper week" has been set for November 7-12 to remind as forcibly as possible the folks of the home town—and the home town folks who are many miles away—of the big service which the home town paper renders.

Why a "Home Town Paper Week?"

Subscribe for your home town paper week, which has been set for November 7-12, has not been developed into a great national campaign because the "poor editor needs the money" but because there was never more need than there is today of laying emphasis on the homely, solid, substantial things of small town and country life, which are the very warp and woof of the country newspaper. Every home into which the home paper goes thereby has a greater interest in the community; and community solidarity is doing much to carry us through the period of unrest and discontent which is noticeable everywhere.

THE HOME TOWN PAPER—COMMUNITY INSTITUTION

YES, the home newspaper is a community institution, like the church and the school and the farm and home bureau. It is being so recognized by the state agricultural colleges, which see that it is helping and can help still more to create and envelope a wholesome, satisfying rural and small town life. If you are interested in community life you will want to have a part in home paper week.

MOTHER, QUICK! GIVE CALIFORNIA FIG SYRUP FOR CHILD'S BOWELS

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Advertisement.

To yourself be true, is a threadbare old maxim; but one can't and talk all the time.

DARLING BABY BRIGHTENS HOME

Children's Laughter a Pleasing Sound

Altoona, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We had six children die almost at birth. From one hour to nine—nine days is all they have lived. Before my next one was born I took a dozen bottles of your Vegetable Compound, and I can say that it is the greatest medicine on earth, for this baby is now four months old, and a healthier baby you would not want. I am sending you a picture of her. Everybody says 'That is a very healthy looking baby.' You have my consent to show these few lines to anybody."—Mrs. C. W. BENT, 131 3rd Avenue, Altoona, Pa.

Mrs. Janssen's experience of interest to childless wives.

Millston, Wis.—"I want to give you a word of praise for your wonderful medicine. We are fond of children, and for a considerable time after we were married I feared I would not have any. I began taking Lydia E. Pinkham's Vegetable Compound, and it strengthened me so I now have a nice, strong, healthy baby girl. I suffered very little at childbirth, and I give all the credit to your medicine, and shall always recommend it highly."—Mrs. H. H. JANSSEN, Millston, Wis.

Mrs. Held of Marinette, Wis., adds her testimonial for Lydia E. Pinkham's Vegetable Compound. She says:

Marinette, Wis.—"I was in a nervous condition and very irregular. My doctor advised an operation. My husband brought me one of your booklets and asked me to try Lydia E. Pinkham's Vegetable Compound. It overcame my weakness so that I now have a healthy baby girl after having been married nine years. I am glad to recommend your medicine, and you may use my letter as a testimonial."—Mrs. H. B. HELD, 330 Jefferson St., Marinette, Wis.

There are many, many such homes that were once childless, and are now blessed with healthy, happy children because Lydia E. Pinkham's Vegetable Compound has restored the mother to a strong and healthy condition, as it acts as a natural restorative for ailments as indicated by backache, irregularities, displacements, weakness and nervousness.

Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative. It can be taken with perfect safety and often prevents serious troubles.

Therefore if you know of any woman who is suffering and has been unable to secure relief and is regretfully looking forward to a childless old age, ask her to try Lydia E. Pinkham's Vegetable Compound, as it has brought health and happiness into so many homes once darkened by illness and despair.
