A Standard of Egg Production.

The all-important question of how many eggs a flock of pullets can be expected to lay during each month of the year is answered by County Agent J. N. Robinson, who offers some new figures that will be of interest to all Centre county farmers and poultrymen. Taking as a standard the results of an egg laying contest in which over 5,000 birds were represented, and in which all breeds were represented, it is found that the following production per pullet can be expected:

For the month of December, seven eggs; January, nine; February, twelve; March, eighteen; April, nineteen; May, twenty; June, eighteen; July, seventeen; August, fifteen; September, thirteen; October, seven; November, five.

These results are some which any poultryman should attempt to duplicate. When it is realized that the average egg production in this State per hen is about seventy-five, there is considerable room for improvement. A study of the above table will show that one reason for this relative high egg production is the fact that during the months of July, August and September the rate of production was kept up. Good housing, and more than anything else, good feeding, are directly responsible for this condition.

No Tags for Fishermen.

Pennsylvania's new state fishermen's licenses will be paper slips, not cards or such tags as hunters are required to wear in the middle of their backs. The form of the license has been approved of Commissioner of Fisheries Nathan R. Buller and sent to the state printers.

It is hoped to have the resident licenses in the hands of the county treasurers for issuance within two weeks as the law becomes operative on January 1 and letters have been sent to fishing clubs suggesting that their members make a point of securing their licenses at an early date.

The appropriation made by the legislature for conduct of the department of fisheries ends on January 1 and thereafter the department will be supported by licenses as in the case of the game commission.

The big crop of corn and cheap in price is no doubt the cause to a large extent of the many heavy hogs killed this season. Wallace Igen, east of Centre Hall, reports having killed an exceptionally fine lot of hogs exactly eight months old, the heaviest of which weighed 306 lbs. That is a fine development of hog in short months.

CENTRE COUNTY'S FARM PRODUCTS SHOW.

To Be Held in the Court House, Bellefonte, on December 24th.—Announcement of Premium List.

Plans are fast rounding into form for the largest and best Farm Products Show that Centre county has ever had, which will be held at the Court House, Bellefonte, on December 24th, in connection with the annual meeting of the Centre County Farm Bureau.

The amount of each class of products required to make an exhibit will correspond with the requirements for an exhibit at the State Farm Products Show, for all worthy exhibits will be sent to the State Show at Harrisburg, Jan. 23-27th, 1922.

At Harrisburg they will be entered individually and as a County exhibit. Ten individual exhibits (10 ears each) of corn and ten exhibits (1 peck each) of potatoes are required to make up a County exhibit of corn and potatoes, respectively. In the past Centre county's showing at the State Farm Products Show has not been a credit to the farmers of the county. Help make this year's exhibit the best of any county in the state by starting now to select your exhibits for the County Farm Products Show on December 24th. All exhibits must be in the Farm Bureau office before 9:00 a. m. of December 24th and it will be greatly appreciated if you will send them in on Dec. 22nd or 23rd.

Christmas Advertising.

The Reporter has advertising space for sale for the Christmas season. Local merchants cannot afford NOT to advertise, especially at the Yuletide season, when everyone's pursestrings are unloosed to a greater degree than at any other time of the year. Naturally, the money will be spent at those stores which have made the most effort to induce customers to come to their stores. The news of a progressive store is as eagerly read as is any local happening, and the merchant who fails to realize this, will lose money constantly in the trade which is sure to go out of town.

Mr. Local Merchant, are you using your best friend and best medium—your local paper—to get your full share of the Christmas trade? Think it over.

GEORGES VALLEY.

Mrs. S. L. Gilbert, of Lewistown, is visiting her daughters, Mrs. E. L. Lingie and Mrs. M. C. Barger.

MANY BUCKS KILLED.

Seven Mountains Yield Up Their Usual Quota of Antlered Deer.—Several Parties Kill the Limit.

The 1921 deer season will go down as one of the best ever. The opening day furnished a lot of excitement in the Seven Mountains, where an army of hunters were in search of the cunning buck. Before the season was fairly under way a number of parties had succeeded in killing the limit—six deer. The season still has a week to run, closing next Thursday.

The Reporter has gathered the following report from hunters in various sections of Potter township:

The Bradford party, of Centre Hall, located at Pole Bridge, killed six bucks by Saturday, the third day of the hunt. The lucky shots were: W. F. Bradford, a 2 prong; J. William Bradford, a 3 prong and the nicest deer of the six; Guy Harshbarger, a 3 prong; John Bohn and Russel Reish, each a spike buck. The party broke camp on Monday.

The Slacks, of Centre Hall, had 3 bucks on Monday evening.

The Colyer party, at the Geary place, two bucks.

Colyer party, at the Gap school house three deer.

Palmira party, at the Venrick place, four deer.

William Reese and Ralph Homan, of Centre Hall, went to Egg Hill on Saturday, and Reese succeeded in killing a nice buck.

Charles Wagner, of Potters Mills, killed a buck.

A son of David Glasgow, of near Linden Hall, shot a buck in Georges Valley.

The Regulars, of Potters Mills, near the Walter Garrity place, have two.

Jacob Sharer, Jr., of near Centre Hall killed a monster buck the first day, and a Mr. Ruffner, of Altoona hunting in the same party, killed a buck.

The Sweetwood party, on the Summit, have three deer and a bear, the bear killed by George Boal.

The Decker party at the Ripka house killed the limit—six.

The Potters Mills day hunters killed six deer, making a record of five bucks the first day.

Mr. Kerns and Mr. Miller, both of near Reading, each killed a buck near Potters Mills. Forest Ranger, W. F. McKinney, of Potters Mills, reported to the Reporter on Wednesday morning a total of 31 bucks killed, in addition to those accounted for in the above report. Owing to the lateness of the report we are unable to give the list of parties by whom these 31 were killed, but we hope to do so next week, with any additions that might be made within the week.

The above report totals up to 73 deer and one bear in Mr. McKinney's territory, in five days hunting.

A young buck, not on the eligible list for this season, was hurt in some manner and was found in Wesley Shamer's field, near Linden Hall, on Monday. The buck was killed and shipped to the hospital.

LOCAL AND PERSONAL.

W. C. T. U. will meet at the home of Mrs. Joseph Lutz, Saturday evening, 7:30.

Cleveland Mitterling wants fresh cows or springers for early shipment. Call Bell phone or drop card.

Two really big fat hogs were killed by Andrew F. Rote, of Spring Mills. The hogs dressed 568½ and 427½ lbs. Mr. Rote is a retired farmer, but has not lost the knowledge of just how to make hogs do their very best.

Clyde Dutrow took out lumber from a tract of timber in the Barrens, above State College, this week, and will prepare to build a farm house on his farm west of Centre Hall, and tenanted by his son-in-law, Raymond Walker. Building operations will commence next spring.

It may readily be seen that deer are being disturbed in their usual haunts, for frequently the fleet-footed animals are seen in the valley pasturing on grain fields. A few days ago two does were seen in the Delaney woods, at Old Fort, and at about the same time a buck and two does were lounging about on the T. M. Zuber farm, near Spring Mills, along the State road.

SPRING MILLS.

(Received too late for last week.)

Jack Mullinger and wife were to Pleasant Gap to help friends to butcher.

The hunters left for their different camps.

Mrs. Susan Fitchhorn, after a two months visit with relatives left on Tuesday for her home at Manorville.

Harry Reish was severely hurt on Saturday evening by a bull he was leading to water. He purchased the animal at the Sinkabine sale and had always appeared gentle. Mr. Reish was taken to Danville hospital on Sunday.

William Sinkabine and family left on Tuesday for their new home in Virginia. They will be missed in the church, Sunday School and also in the social life of the community. It is with deep regret their many friends see them leave this locality.

The Mission Band of the Lutheran church had an interesting program on Sunday evening, which was rendered in excellent style. The bad weather kept many away who would otherwise have been there.

Scholars of the Grammar school held an entertainment on Saturday evening and all performed their parts well. The house was pretty well filled. The proceeds are for a gymnasium for the school.
