CENTRE COUNTY'S FARM PRODUCTS SHOW.

To Be Held in the Court House, Bellefonte, on December 24th.—Announcement of Premium List.

Plans are fast rounding into form for the largest and best Farm Products Show that Centre county has ever had, which will be held at the Court House, Bellefonte, on December 24th, in connection with the annual meeting of the Centre County Farm Bureau.

The amount of each class of products required to make an exhibit will correspond with the requirements for an exhibit at the State Farm Products Show, for all worthy exhibits will be sent to the State Show at Harrisburg, Jan. 23-27th, 1922.

At Harrisburg they will be entered individually and as a County exhibit. Ten individual exhibits (10 ears each) of corn and ten exhibits (1 peck each) of potatoes are required to make up a County exhibit of corn and potatoes, respectively. In the past Centre county's showing at the State Farm Products Show has not been a credit to the farmers of the county. Help make this year's exhibit the best of any county in the state by starting now to select your exhibits for the County Farm Products Show on December 24th. All exhibits must be in the Farm Bureau office before 9:00 a. m. of December 24th and it will be greatly appreciated if you will send them in on Dec. 22nd or 23rd.

The premium list follows:
 Note: In each case the amounts indicated for prizes are for first, second and third, respectively.

COLLEGES HOLD TRACK MEET BY TELEPHONE

Conducting an athletic meet by telephone is a novel method of deciding inter-collegiate contests. It saves expense, time and trouble, though, perhaps, it may lack the excitement produced when the competitors are visible to one another. Not long ago Amherst and Wesleyan colleges held a telephone track meet, in which Amherst took the honors. According to the Wesleyan Alumnus:
 As an event was run off at either college the result was telephoned to the other and posted on a large bulletin. Thus the spectators at each field knew how the meet was progressing. The final score was 8-5, in favor of the Purple and White, which means that Amherst won eight entire events and Wesleyan five. Ten men were entered by each college in the event, their total times or distances added and those figures used in judging the events. It is a new idea original with "Doc" Fawcett, Wesleyan's head coach, inasmuch as he desired to have the colleges compete on a larger scale than has been the custom in past years.
 In all probability, if it can be arranged successfully, Wesleyan will compete with both Amherst and Williams in track events next year by this method.—Chattanooga (Tenn.) Times.

TELEPHONE SERVICE SO GOOD POLICE NEARLY MISSED CATCH

The telephone has frequently played its part in catching thieves, but here's a case in which it was almost instrumental in letting a man scoundrel of embezzlement go un molested—and all because it did its work so well!
 The telephone in the New York detective headquarters rang one morning recently and a voice said, "This is Detective Aylward, of St. Louis, speaking." The voice asked the arrest of a certain man who had gone to one of the New York hotels, and that he be held for further instructions.
 So clear was the tone as the man made his request that the police were at first in doubt as to whether the call could have come all the way from St. Louis and were inclined to the theory that they were being hoaxed by some New York practical joker. However, detectives were sent out to make a tour of the hotels of the city, and in the meantime further particulars arrived from St. Louis.
 The man was finally located and when arrested had in his possession \$13,000, according to the police. The charge against him in St. Louis was the embezzlement of \$14,000 and receiving stolen property.

Making the American Dollar Do Double Duty in Armenia

Top—Making the Orphanage Furniture. Right—Earning His Bread and Learning a Trade. Left—Spinning the Cloth for Her own Clothes.

GETTING the dollar to do double duty when it is hard enough to persuade it to give one hundred cents worth of work may sound like frenzied finance. But it is the actual accomplishment of American workers of the Near East Relief in the Levant, where living costs are constantly striving for new altitude records.

Due to high prices of native products and the difficulties of importing goods into interior stations, these workers have found it cheaper and an effective aid to child training to manufacture their own supplies in the orphanages scattered throughout the entire region from Syria to the Caucasus, in which the Americans are caring for approximately one hundred and ten thousand children.

Not only has this method been found to furnish superior products, according to workers who have been responsible for these activities, but it prepares the children for occupations that will eventually make them self-supporting, such as print-

ing, carpentering, tailoring, dress-making and a dozen other trades.

The same plan is said by these workers to have been followed with considerable success in the administering of general relief. Because it was found that the indiscriminate distributions of money and food tended to make permanent beggars of those that received this form of relief, industrial shops have opened where employment is given to those in need. The products of these shops are either sold or used in caring for the orphans and adult refugees.

Though such methods cannot be adopted in relieving such widespread suffering as now exists in Armenia and elsewhere in the Caucasus, where famine conditions and accompanying disease are reported to be causing the death of thousands, they have been found to be practicable in regions where the suffering is not so acute or widespread and have resulted in the saving of a large amount of money, which it has been possible to apply to an extension of necessary relief activities.

CATARRHAL DEAFNESS

is greatly relieved by constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions.
