**HAD TO FALL BACK ON LUNCH** Seemed the Only Thing Left to Which Host Could Invite His Artistic Friends.

Mr. Heming tells an amusing little incident to disprove the general belief that artists are temperamental, dissipated creatures who thrive on the white lights. In the ancient days before prohibition Mr. Heming was in New York to invite American artists to exhibit in the Canadian national exhibit in Toronto. Gardner Symons, the well-known American artist, invited Heming and Frederick Waugh, another leading artist, to dinner at the National Arts club. "Let's go down and have a cocktail before lunch," said Symons. "I never take anything," said Heming. "Neither do I," said Waugh. Symons laughed. "That's funny," he said. "Neither do I, but anyway we'll have some cigars." "I don't smoke," said Waugh. "And I don't smoke," said Heming. "Well, this is a great joke," said Symons. "I don't smoke, either, but I thought you fellows would at least take a cigar. Say, you eat, don't you?—because I've ordered lunch."

**GOOD TIME TO BE NEUTRAL** Domestic Disarmament Conference an Excellent Thing to Avoid, as Matter of Principle.

The noise of what appeared to be a domestic squabble brought the two wayfarers to a halt. From inside the house they could hear a woman's voice pitched in a tone that was almost a scream.

"You drop that chair, you brute!" she demanded in a shrill treble voice, charged with emotion.

"Then you let go that rolling pin!" came back a reply in a more subdued masculine tone.

There was no mistaking the nature of the altercation.

"Let's go stop it," suggested one of the wayfarers.

"Nothing doing," said his companion. "I've got too much sense to get mixed up in one of these domestic disarmament conferences."—Youth's Companion.

**Derivation From the French.** The French for "What shall I say of it?" is qu'en dirai, and that has been corrupted into our word quandary.

A cat may look at a king, but the average man would rather look at four aces any time.

There's always room for several more at the bottom.

**Unnecessary.** North—"Your scheme won't hold water." Nest—"But I'm not planning to sell stock."

**Will your "Good Morning" last all day?**

Easy to start from the breakfast table with zest and enthusiasm, but how easy is it to keep on? Does ambition last, or lag, as the day develops?

The afternoon "slump" is a factor to be counted upon, in business or social life.

Usually, there's a reason.

Nerves whipped by tea or coffee won't keep on running, and they won't stand constant whipping.

Many a man or woman who has wished the afternoon would be as bright as the morning has simply been wishing that the nerves wouldn't have to pay the natural penalty for being whipped with the caffeine drug.

Postum gives a breakfast cup of comfort and cheer, without any penalties afterward. There's no "letting down" from Postum—no midday drowsiness to make up for midnight wakefulness; no headaches; no nervous indigestion; no increase of blood pressure.

Think it over. There's full satisfaction in Postum—a cup of comfort for anybody (the children included), any time.

You can get Postum from your grocer or your waiter today, and probably you'll begin to have better tomorrows, as so many thousands have had, who have made the change from coffee to Postum.

Postum comes in two forms: Instant Postum (in tin) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes. Sold by all grocers.

## Home Town Helps

**BEAUTY IN THIS MILL TOWN**  
North Billerica, Mass., Declared a Joy to Visitors, Also Has Few Labor Troubles.

It might seem rather far-fetched to proclaim a relationship between the profession of landscape design and the labor problem—a relationship, moreover, that develops into a beneficiary influence, helping in a modest way to render this problem less acute.

There is evidence of this fact at North Billerica, Mass., within twenty miles of Boston, where large mills are situated, says Egbert Hans in the Boston Transcript. The owners of the mills have, as one phase of their welfare work during the last fifteen years, engaged a landscape designer of national reputation to establish and maintain suitable planting about employees' homes, the plant and other buildings under the company's control. To create and maintain an interest among the mill employees in this work, the mills established a yearly competition, offering various prizes for the following activities:

- The best kept premises, front and rear.
- The training of vines on house, porch, arbors, trolley or other posts.
- The placing of window and porch boxes.
- The designing and maintenance of flower gardens.
- The establishing and care of vegetable gardens.

The result of these efforts is displayed in the general appearance of the town, through which no stranger can pass without carrying away a vivid impression of beauty and individuality.

Yet North Billerica is not one of the modern garden cities created overnight, as a result of sudden industrial development. It is part of the township of Billerica, one of the oldest mentioned in the histories of the Bay State. The Talbot mills and other industries are responsible for its growth, and the unusual relationship referred to has given it the not less unusual distinction of being a beautiful mill town.

**WOULD PLANT USEFUL TREES**  
Easterner Makes a Good Suggestion Concerning a Proposed "Road of Remembrance."

Referring to the Road of Remembrance from Buffalo to New York city, which it is proposed to line on both sides with elm trees in memory of the dead of the World War, certainly such a road lined with large elm trees would present an imposing appearance. But would not this memorial road be just as imposing with the added advantage of future usefulness if the trees planted were such as the stately walnut, the hickory and the white oak? asks a correspondent of the New York Sun.

Has not the time come for the planting of trees for real use rather than merely for ornamentation; and should not ornamentation and utility go hand in hand in such a matter? Is not the domestic supply of these valuable and useful woods much below what it should be, and should there not be a new supply started wherever possible?

If the planting of trees along the roadside is done with the idea of their being a memorial to those who gave their all to their country during the World War, would not such memorials be emphasized in the beginning by the planting of trees that will grow into usefulness as well as furnish shade and a magnificent appearance?

**Community Ice Machines.**  
There are now in operation throughout the United States many central electric stations provided with ice-making apparatus. The unused power of the stations during the "light load" summer season is employed to run compression motors for liquefying ammonia in the process of freezing artificial ice.

The plan has been especially successful with small plants supplying electric power and light for towns of less than 5,000 inhabitants.

In some cases the earnings of the auxiliary ice-making apparatus equal the annual return on the whole plant for other purposes.—New York Herald.

**Farmers' Lives Are Longest.**  
The metropolitan industrial worker has one chance in eight of reaching seventy years of age and the farmer one chance in three. This report was made by the building trades committee of the New York United Hospital fund, which asserted that deaths in industrial centers were greatly increasing because of the breakdown of hearts, arteries, kidneys and digestive systems in middle life.

## SHE IS "FULL OF PEP" THEY SAY

She Is Good-Looking and Gay and Is Always Ready for a Good Time.

Why is a girl popular? Look around and see what a good time the good-looking ones have all the time. Men seek them out and ask them to parties, dances and entertainments. And notice that it is not the doll-face type real men like most, but the red-blooded girl with "pep" and happy good nature. Any girl who is tired and languid and has a poor complexion and dull eyes can improve her condition and be far happier if she will simply take Gude's Pepto-Mangan until she has put her blood into good condition. Red blood means "full of life" and "full of life" usually means happiness.

Try Gude's Pepto-Mangan and see how much better you feel. Doctors have used it nearly thirty years for weak, run-down people. It helps them get well. Sold in both liquid and tablet form. Advertisement.

**Important to all Women**  
Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition.

Poor health makes you nervous, irritable and may be dependent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them. By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle by Parcel Post. You can purchase medium and large size bottles at all drug stores.—Advertisement.

**MOTHER! MOVE**  
CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Hurry, mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Advertisement.

## New Yeast Vitamon Tablets Round Out Face and Figure

With Firm, Healthy Flesh, Increase Energy and Beautify the Complexion—Easy and Economical to Take—Results Quick

Thin or run-down folks who want to quickly get some good, firm, solid flesh on their bones, fill out the hollows and sunken cheeks with strong, healthy tissues, and build up increased energy and vitality should try taking a little Mastin's VITAMON with their meals. Mastin's VITAMON is a tiny tablet containing highly concentrated yeast-vitamins as well as the two other still more important vitamins (Fat Soluble A and Water Soluble C). It banishes pimples, boils and skin eruptions as if by magic, strengthens the nerves, builds up the body with firm flesh and tissue and often completely rejuvenates the whole system. Quick, gratifying results. No gas caused.

If you are thin, pale, haggard, drawn looking or lack energy and endurance take Mastin's VITAMON—two tablets with every meal. Then weigh and measure yourself each week and continue taking Mastin's VITAMON regularly until you are satisfied with your gain in weight and energy.

**IMPORTANT!** While the remarkable health-building value of Mastin's VITAMON has been clearly and positively demonstrated in cases of lack of energy, nervous troubles, anemia, indigestion, constipation, skin eruptions, poor complexion and a generally weakened physical and mental condition, it should not be used by anyone who OBJECTS to having their weight increased to normal. Do not accept imitations or substitutes. You can get Mastin's VITAMON tablets at all good druggists.
