The dying and finishing heretofore done at the Millheim knitting mill will all be done in a Philadelphia plant owned by C. E. Lykens who also owns the Millheim mill. There is no intention of reducing the work done at Millheim, but it appears it is more advantageous to the owner to do this particular class of work on a larger scale in Philadelphia.

Is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the system and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions.
