THE MAN WHO LOOKS VIGOROUS

Good red blood is the only sure foundation of Permanent Health and Vigor.

Good color, bright eyes, solid flesh, erect bearing are dependent upon rich red blood. If your blood is not up to the mark your general health can not be. Late hours, eating the wrong foods, working indoors, fatigue, affect the blood. So many people eat well and take exercise, yet never seem to improve in health. Gude's Pepto-Mangan taken regularly for a while gives the blood that richness and redness that produces bounding health and vigor. It is a simple, natural way to get well and strong. Gude's Pepto-Mangan comes in liquid or tablets—at your druggist's. Advertisement.

STRIPPED BY SAW; SAVES HIS LIFE

Man Left Standing Naked, but Strength Had Kept Him From Injury.

Berlin, Conn.—James Durkee had a most miraculous escape from death while sawing up a load of hickory wood, using a circular saw which was operated by a gasoline engine.

He left the machine running, and while bending over to remove the sawdust the front of his clothing was caught in the machinery and was pulling him into the machine when he caught hold of the platform and held on for dear life.

It was a super-struggle, but Durkee managed to hold on to the platform, while his clothing was wound up in the machine. He wore an overcoat, a dress coat, a sweater, shirt and undershirt, all of which were torn to

shreds and wound up in the machine. The buttons were broken into scores of pieces. After the clothing of the upper part of his body was all gone his trousers and drawers followed the rest into the mill, leaving him standing in his yard amid a raging snowstorm stark naked with the exception of his shoes and stockings.

Durkee's Samson strength had saved him from being dragged into the machine to certain death.

MONSTERS OF SEA IN BATTLE

Captain Sees Hundreds of Whales Dying After Desperate Fight With Swordfish.

London, England.—That the monsters of the deep fight in groups as well as engage in personal encounters, is testified to by Capt. G. Evered Poole, a commissioner in the Gold Coast colony, who writes the following to his brother:

"Between Sierra Leone and Sekondi we steamed through, for over an hour, a blood-red sea and saw hundreds of whales dead or dying on the surface of the water. Some were just able to move slowly along; a few, if any, could move quickly. There must have been a sanguinary battle, supposed to have been put up by swordfish.

"It was a most appalling sight, and the extent of the bloody expanse must have represented the death of many more whales than were visible. No one on our ship had ever seen or even heard of anything approaching such a spectacle before."

DOG STANDS GUARD 3 DAYS

Keeps Long Vigil on Sweater That Master Told Him to Watch.

Charles City, La.—"As faithful as a dog" has been forcefully brought to the attention of this community by the faithfulness of the dog owned by Harry Uhe.

Uhe went to his farm to fell some trees and laid a heavy sweater on the ground previous to engaging in his work and bade the dog, which had accompanied him, to watch the sweater.

The young man had his right leg broken by a falling tree and was taken to his home. The dog was faithful to his trust, and three days later passers-by found him still "on guard," apparently not having forsaken his post nor broken his long fast.

Feudist, Aged Nine, Sets House Afire

Chico, Cal.—As an outgrowth of a family feud extending over three years, nine-year-old Rudolph Mastkovich of Thermalito, according to his confession, set fire to the home of A. C. Mastellar, also of Thermalito, to get revenge. Rudolph is the son of George Mastkovich and confessed to Probation Officer E. S. Bybee. He told Bybee that he set the fire because Mastellar's two sons, aged ten and fourteen years old, respectively, had been "picking" fights with him.

YOUNG GIRLS NEED CARE

Mothers, watch your Daughters' Health

Health Is Happiness

From the time a girl reaches the age of twelve until womanhood is established, she needs all the care a thoughtful mother can give.

The condition that the girl is then passing through is so critical, and may have such far-reaching effects upon her future happiness and health, that it is almost criminal for a mother or guardian to withhold counsel or advice.

Many a woman has suffered years of prolonged pain and misery through having been the victim of thoughtlessness or ignorance on the part of those who should have guided her through the dangers and difficulties that beset this period.

Mothers should teach their girls what danger comes from standing around with cold or wet feet, from lifting heavy articles, and from overworking. Do not let them over-study. If they complain of headaches, pains in the back and lower limbs, they need a mother's thoughtful care and sympathy.

A Household Word in Mother's House writes Mrs. Lynd, about Lydia E. Pinkham's Vegetable Compound.

"My mother gave me Lydia E. Pinkham's Vegetable Compound when I was 14 years old for troubles girls often have and for loss of weight. Then after I married I took the Vegetable Compound before each child was born and always when I felt the least run-down. Both my

A Little Book Helped Her to Decide
Milwaukee, Wis.—"My daughter took Lydia E. Pinkham's Vegetable Compound as she was so weak and did not feel like going to school. She was like that for a whole year before taking your Vegetable Compound. I found a little book of yours in our mail-box and decided to give her your medicine. She is now strong and well and attends school every day. We recommend your Vegetable Compound to all mothers with weak daughters. You may use this letter as a testimonial."—Mrs. E. KLUCZNY, 917 20th Ave., Milwaukee, Wis.

"I was always feeling tired and sleepy, was losing in weight and would faint at times. I had other troubles too, that made me feel badly. I read your little book and heard friends talk about the good Lydia E. Pinkham's Vegetable Compound had done them, so I have taken it too. The results are most satisfactory, for I have gained in weight and my bad symptoms are gone. I recommend your Vegetable Compound to all my friends and you may make whatever use you like of this letter."—GLORIA RAMIREZ, 1116 9th Ave., Tampa, Florida.

Golf Ball as Good as a Gun.
On an English golf course, some time ago, the flying ball struck and killed a partridge, and a suit is threatened to determine the ownership of the dead bird. The officers of the club claim it and the member says it belongs to him, each desiring it as a trophy. It is claimed that the member is liable to arrest for not having a license to kill game.
