Jail as a Social Center.

The main corridor of the Northumberland county jail, at Sunbury, where ten Mt. Carmel hotel men are sojourning for thirty days for the sale of boot-leg whisky over their bars, has become quite a social center, according to jail attachés. There isn't a day but that they have from thirty to forty visitors. Warden Calhoun said. Claude Urbanowicz, tax collector-elect, is the directing head of the political forces there, it is said, and he has many callers. The others also received a dozen or more each afternoon, and fifty visitors to the prisoners is not unusual.

FROM.—Word was received at Centre Hall on Tuesday that William R. From had died at his home in Millinburg. Interment will be made Friday morning, eleven o'clock, at Millinburg.

Mr. From was a son of William From, and was reared in Potter township, near Tusseyville. He was a miller by trade, which trade he learned at Woodward. About 1873 he milled at the Allison mill, Pottery Mills, and about 1881 he removed to Spring Mills where he operated the Allison mill at that place. Shortly thereafter he went to the Runk mill at Millinburg and later the mill was purchased by him and the Allisons.

Mr. From was a very congenial gentleman and as a miller was very successful not only as a skilled miller, but was able to always build up the trade of the mill in which he was employed or as an owner.

He is survived by a wife, whose maiden name was Miss Catherine Guiseville, and two children, a son and a daughter. The late John From, of State College, was a brother, and Mrs. Solomon Linkle, of Spring Mills, who died a short time ago, was a sister of the deceased.

How Firestone Has Reduced the Cost of Tire Service

Size	Jan. 1921 Prices	Jan. 1922 Prices	Reduction
30 x 3 Fabric	\$18.75	\$ 9.85	47%
30 x 3½ "	22.50	11.65	48%
30 x 3½ Cord	35.75	17.50	51%
32 x 4 "	56.55	32.40	43%
33 x 4½ "	67.00	42.85	36%
33 x 5 "	81.50	52.15	36%

HOW the cost of building quality tires has been brought down to the lowest level in history was explained by H. S. Firestone, President of the Company, to the stockholders at the annual meeting on December 15, 1921.

1. All inventories and commitments at or below the market.
2. Increased manufacturing efficiency and volume production reduced factory overhead 58%.
3. Selling costs reduced 38%.

Mr. Firestone stated, "This reduction in prices is made possible by our unusually advantageous buying facilities, and the enthusiasm, loyalty and determination of our 100% stockholding organization."

"Due credit must be given to Firestone dealers who are selling Firestone tires on a smaller margin of profit. This brings every Firestone saving direct to the car-owner."

The saving through first cost plus the saving through high mileage doubles Firestone economy and is daily adding new fame to the Firestone principle of service—
