ASK \$25,000 BAIL FOR McCONNELL.

Bench Warrants Issued for Former State Prohibition Director and Other Indicted Men.

Bench warrants for former State Prohibition Director William C. McConnell, of Shamokin, and the forty-six men indicted with him on Saturday on charges of conspiracy to violate prohibition laws were issued from the United States district attorney's office, Washington, D. C.

Federal Attorney Coles said he would ask \$25,000 bail for McConnell and a few others indicted. Bail for the remainder would be smaller.

Word was received from McConnell, at Belair, Florida, that he had started for Philadelphia on Monday.

He evidenced little interest in the case but said the reason he and his wife did not leave on Saturday was that he was unable to obtain Pullman accommodations.

The former director stated that he had not obtained an attorney yet, and that he would not stop off at Washington.

Comments.

During the debate and spelling at the recent High school exercises comment was made as to an apparent difference of ages in the teams representing the local High school and the Millheim High school. This led the Reporter to make definite inquiry with the result that the visitor competitors were considerably younger than the local teams. To be definite, the average age of the debaters from Millheim was 17 years, 14 days, and the average age of those in the spelling contest, 16 years, 3 months, 25 days. The average age of the local debaters was 17 years, 8 months, and of the spellers, 17 years, 2 months, 6 days.

Children Get New Home.

It became known that through the generosity of a local citizen, whose identity is not disclosed, the Children's Aid Society, of Lock Haven, is soon to have a fine new home. The institution has been given funds to erect a commodious structure on a plot of ground, comprising four lots, adjoining the Lock Haven hospital. F. Arthur Rianhard, Williamsport architect, has prepared plans for a structure in harmony with the hospital, which is one of the finest buildings in the city. The society now cares for thirteen children in the home of Mrs. Charles Staub, the matron.

Benson Conference Chairman.

The round table conference of superintendents and principals of Central Pennsylvania, at the Lock Haven Normal school, Saturday, elected Dr. N. P. Benson, of Lock Haven, chairman of the conference for the next year, and Supt. George Zertosa, of Clearfield, its secretary. Invitations for the October meeting were extended by Clearfield, State College and the Normal school. The conference decided to accept that of the Normal school. Resolutions of regret were ordered drawn up for the death of Superintendent I. H. Mauser, of Sunbury, one of the two founders of the conference. Dr. George Robb was the other founder. A vote of thanks was tendered the Lock Haven Normal school for its hospitality.

—ALWAYS RELIABLE—

A Pioneer is "one who goes before, as into the wilderness, preparing the way for others to follow."
It is not always necessary that he wear a coonskin cap and carry a rifle.
When the young Alexander Graham Bell forty-six years ago first sent a voice over a wire by means of an electric current he was a Pioneer, going forth into the little known wilderness of electrical science.
Since that day every development of the telephone has been a pioneering feat. There have been no guide posts to point out the way; no route maps to show which were the smooth roads and which the rough ones.
And Bell Telephone "pioneers" who are today planning for millions of subscribers five, ten and twenty years hence are "preparing the way for others to follow."
Every community served by the Bell System profits by this arrangement. A discovery in California, Texas or Maine is at once available right here in our own state. If the pioneers in our company find something to improve telephone service it is at the disposal of every office in the system where it might properly be used.
Only by such an organization has the Bell System of today been made possible, and only by its continuance is future progress assured.
