Your vote and valued support will be greatly appreciated.

Former President Wilson has proven conclusively that he continues to be sound of judgment in matters political and governmental. He is now urging Missouri Democrats to defeat Senator Reed and send a man to the Senate of the true breed of Democratic principles.

Congressman William J. Burk, candidate for U. S. Senator against Pepper, says: "Senator Pepper is the representative of the 'special privilege class. I represent and advocate the cause of the masses." The Keystone Gazette has been so persistently supporting Dr. Pollum that it is thought that Mr. Scott will have almost the unanimous support of the Centre county Republicans for the nomination for State Senator. It is really marvelous how Mr. Harter was able to unite the Republicans on this issue.

One of the chief complaints made to the Bellefonte borough council, at its last session, was that some of the borough residents were lousy! If there is nothing more seriously wrong with Bellefonte than this, the town ought to be cleaned up in short order, since no license is required to hunt "head" and "body" game. Set loose the sleuths.
