

## If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says: "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments; corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcels Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores. Advertisement.

### REAL COURAGE

To be feared of a thing and yet do it, is what makes the prettiest kind of a man.—Robert Louis Stevenson.

If you have read "Kidnapped" you remember the quotation. It was spoken by Alan Breck after the boy, David, had stood for a minute terrified on the brink of a roaring torrent, and then, still sick with the fear of it, leaped across.

To Alan Breck, the leap meant little. It required no courage for him to make it, for he knew very little of fear. But for the boy, who did the thing he feared as he feared death, it was a real act of heroism.

The only real courage consists in doing the thing we are afraid to do. The hulking prizefighter of the John Sullivan type, who has as much imagination as a grizzly bear, is not brave. He is sure he is going to win. It takes no courage to go into a winning fight.

The bully is never brave. In fact he is always a coward. Feeling sure that his superior size will carry him through, he picks quarrels as a pleasant method of passing his time.

Put this same bully into the ring with a large hungry tiger, face him with a man who looks as if he enjoyed shooting bullets as much as the bully enjoys thrashing his physical inferiors, and all the courage oozes out of the bully.

You will never know whether you are brave or not till you find yourself in a position where you are afraid to do something that ought to be done.

If you do it, you have courage. If you shrink from it and quit, you have not.

Never mistake a physical will-

ness to take a chance, to attempt some dangerous thing for the kind of courage that counts.

It is not a brave but a very foolish man who walks a tight rope over Niagara falls. It is a brave man, who not wanting to die, and knowing that an operation may send him out of the world, cheerfully goes to the table, to take the one chance that may mean his continued support of his wife or his dependents.

Often the timid school boy, who fears to quarrel, and tries his best to keep his peace with his fellows, gets the name of coward. But when this same boy has to fight for what he thinks is his honor, or to save a little boy from a bully, he becomes a very dangerous fighter.

Real courage is not daunted by pain. The boy or the man who fights when he is afraid to, stops being afraid of anything, pain, or a black eye, or punishment. He fights because he has courage, and he usually wins.

There is more real courage in this world than you fancy. It is behind all great achievement. If you have it, you are fortunate. But don't be sure, either that you have or that you haven't it till you have done or refused to do something you were afraid to do.

## SCHOOL DAYS

plumber uses his tools in daily life, the opportunity to get the best in life will never come to you.

Like diamonds, such inspirations must be cut and polished to bring out their beauty, brilliancy and worth.

High-born ideas, unless put to use at their birth, soon become rusty and of no value.

In your privacy you may fondle them and dream of the wonderful things you intend to do, but if you replace them time and again in the old worn bundle without attempting to test their value in noble work you are not making an effort to get the best, or even a portion of the best, waiting anywhere for every man and woman willing to sacrifice, help others and give the best within them.

## Something to Think About

By F. A. WALKER

### GIVE THE BEST

TO GET the best from life you must give the best.

In whatever position you may be, there should be no reluctance to make a fair exchange in which measure for measure is given on both sides in absolute sincerity.

That you should make a fashion of doing this encourages others who are taking note of you to do likewise.

They find through experience that there comes with continued actions of this kind an inexpressible gladness which fills their hearts with friendship and lightens their countenances with sunny complacency.

There are no pleasurable experiences of this sort felt by those who are constantly complaining about the shortcomings of others, forgetful all the while of their own.

You cannot feel the balmy air of spring mornings unless you go forth into the glorious outdoors and become a part of it, nor can you give to others if you have nothing to give.

That you should waste your days in ignorance of this fundamental truth underlying happiness is a deplorable error, which, as the years pass softly over you, graying your hairs and marking little lines upon your face, often becomes a burden almost too heavy for self-respect.

You cannot have the best without divorcing from your heart all forms of selfishness, egotism, jealousy, covetousness, doubt and pride.

Your kit of fine sentiments may be packed to the top, but unless you shall stoop, open the bag, take out each sentiment one by one and use them as a

### WHAT TO EAT

IF ONE has an old fashioned Scotch kettle with an iron cover there are so many toothsome dishes which may be prepared by cooking in it.

Chicken, the ordinary fried chicken, never tastes half so appetizing as when it is cooked in this little iron kettle, covered so tightly that all the flavors and juices are caught and stay in the delicious morsels of tender meat. Put the chicken with a little butter and sweet lard mixed into the hot kettle and stir until each piece is lightly browned, then add a tablespoonful of water, cover tightly and cook slowly, adding a tablespoonful of water occasionally as it is needed when the meat gets brown. The secret of this kind of cooking is in keeping as little water as possible to steam and cook the meat. Each piece will be moist, brown, and well cooked. The seasoning is added when the chicken has been first browned.

### Parsnips.

Cook fresh hard parsnips in boiling salted water until tender. Peel and

cut in halves lengthwise. In a frying pan have a tablespoonful or two of bacon or other sweet fat, lay in the parsnips, sprinkle lightly with sugar, salt and a dash of cayenne and brown on both sides.

Another way of serving parsnips is to cook them until tender, mash and drop a spoonful into a fritter batter; when coated, fry in deep fat. Serve hot with roast.

### Broiled Finnan Haddie.

Soak the fish twenty minutes in warm water, drain and dry thoroughly. Brush with melted butter and broil until browned on both sides. Transfer to a hot platter on which has been poured a cupful of cream or white sauce. Set into the oven a minute to heat the cream and serve hot with baked potatoes.

## THE ROMANCE OF WORDS

### "QUARANTINE"

THE origin of a term of 40 days—a "quarantine"—as a sanitary precaution against the spread of various diseases is lost in the dim mazes of early oriental history. Forty days was the period devoted in ancient times to the burial of the dead. The spies of the Israelites spent 40 days in Canaan before they submitted the report. Jonah gave the residents of Nineveh 40 days in which to consider his prophecy and repent. Christ, Moses and Elijah each fasted for 40 days—the Christian observance of Lent being a commemoration of the most notable of these. Under William the Conqueror no man was permitted to remain in England more than 40 days without paying a tax of some kind, while under the Magna Charta it is provided that a widow shall remain 40 days in the house of her deceased husband before being allotted her dowry.

The modern sanitary adaptation of the quarantine was established by the French along the Mediterranean in order to prevent the introduction of plague from the eastern countries, but apparently the only reason for the arbitrary setting of such a "time" is that it forms one of the periods resulting from a division of the lunar year by the mystic number nine.

### LIFE

A LITTLE grief, and much of joy  
Marks every day.

A wealth of love without alloy,  
Along life's way.

A little toil, a little pain,  
The glint of sun, the welcome rain,

And then comes night.

A peaceful rest at set of sun,  
A welcome home when work is done,

And life's all right.

A time to meet, a time to part;  
Friends come and go.

Hand clasping hand, heart beats to heart,

Comes joy, comes woe.

The radiant light of clear blue skies,  
The welcome gleam of children's eyes,

Make hearts grow light.

A battle won for those loved best,  
And troubles faced with merry jest,

And life's all right.

Ravages of the Bookworm.

In the earliest writings we find mention of the ravages of the bookworm.

Evenus, who lived about 450 B. C., is the earliest author known to write of its ravages. Horace, Ovid, Pliny, Martial and Lucian also wrote of him.

## Highest Quality—Lowest Prices

The entire Goodyear effort of many years has been toward one result—the tire buyer's advantage. Goodyear has taken two methods to achieve that result.

One has been to raise the quality of Goodyear Tires.

The other, to lower Goodyear prices.

Goodyear has succeeded in both—to your great advantage.

Goodyear Tires are better today than ever—larger, heavier and stronger. Many users tell us they are getting double the mileage from them they got from Goodyears ten years ago.

Goodyear prices are lower today than ever. On the average they have decreased more than 60% from the prices of 1910.

Look at the figures listed below.

Think of the fine performance of the Goodyears you have known, and remember that Goodyear Tires are giving even better performance now.

STORAGE is a big factor in profitable marketing and economical buying. Like most worth while things it works both ways. For the farmer or the man in town a vegetable and fruit cellar is a real economy.

A concrete root cellar properly made, vermin-proof, water-proof and permanent, will soon pay for itself in more ways than one.

Your dealer can give you plans to construct a small one, or your local contractor can quickly build it for you. Either one is apt to suggest you use Atlas Portland Cement, "the Standard by which all other makes are measured."
