"Always Reliable"

Not even USCO ever touched this value before
30 x 3 1/2 - \$10.90

WHEN you look at a 30 x 3 1/2 USCO at \$10.90 think back for a minute as far as you can remember USCO.

The truth is that men have always found USCO an outstanding money's worth no matter what its price.

Today at \$10.90 USCO maintains its established standard of quality.

And because of the new price, it sets a new index of tire value.

Men who have used USCO have never been inclined to measure its value by the general run of tires.

Since last fall when USCO established the \$10.90 price range they have recognized it as a value beyond any possible comparison.

A still greater money's worth than even USCO itself had reached before
