**Phillipsburg Should Be Happy.**

If there is nothing more the matter with Phillipsburg than that pictured by a number of business men at a recent meeting held by them, Phillipsburg citizens ought to be one of the happiest lot of people on earth.

"After due discussion," says the Daily Journal, "it was agreed that a carnival on Front street, circuses within the borough limits and free parking ordinances, all with necessary restrictions, were some of the things that would open the town up to the outside prospective."

If these restrictions are the ills of that borough, it is much better off than its business men know.

**Assistant Supt. H. C. Rothrock.**

Prof. Harry C. Rothrock, of Port Matilda, has been appointed Assistant Superintendent of Schools of Centre county. Prof. Rothrock, who is a former resident of Boalsburg, has been principal of the Port Matilda High school for a number of years. Previous to going to Boalsburg he was principal of the Centre Hall High school. He is well and favorably known throughout the county and ranks high in educational circles.

**Help You Choose Tires**

500 miles at 94.48 miles an hour—a relentless grind over a rough-finished, sun-baked concrete and brick pavement at record-breaking speed—that is the gruelling test Oldfield Cord Tires underwent successfully at Indianapolis Speedway May 30th. They were on the winner's car for the third successive year and on eight of the ten finishing in the money, upholding the confidence successful race drivers have in the trustworthiness and ability of these tires to meet the greatest demands of speed, endurance and safety. Their records in every other important race have been equally as good.

Consider this achievement along with another test of Oldfield quality made at Wichita, Kansas, this past winter and early spring.

34,525 miles on rutted, icy Kansas roads, running day and night on a Studebaker stock car without a single tire change. This test was made by a group of Wichita automotive dealers in a tire, oil and gasoline economy run. Mayor Kemp of Wichita was official observer and made affidavit to the mileage and service given by Oldfield tires.

You may never subject your tires to the gruelling experience of Indianapolis nor the steady grind of bad winter roads, but it is good to know you can get such safety and mileage economy by buying Oldfield tires. Ask your nearest dealer.

165% Increased Business  
The buying public is the surest barometer of the value of any article. Their approval of Oldfield value has been demonstrated by the increase of 165% in business for the first five months of 1922 over the corresponding period of 1921.

Agents Everywhere  
Oldfield Tires are distributed through 73 branches and distributing warehouses in all parts of the United States. More dealers are constantly becoming Oldfield agencies and Oldfield Tires are now available in your community.
