—Lafollette on Ship Subsidy.

"This is President Harding's ship subsidy scheme," said Lafollette, adding that "the administration spokesmen in Congress did not dare to put it through before the recent election. So they persuaded the President to let it go over. He has now called Congress into extra session for the avowed purpose of jamming the bill through and saddling the people with another back breaking tax."

—Trouble Ahead for G. O. P.

Senator Newberry's resignation came as a severe shock to the G. O. P., but possibly the worst is still to come. On the very same day Representatives Keller, of Minnesota, and Woodruff, of Michigan, both Republicans, put out a joint statement of their determination vigorously to push impeachment proceedings against Attorney General Daugherty because of his record in office. Trouble seems to be brewing for the Administration in many quarters.

The Bureau of Public Roads of the United States Department of Agriculture states that there are enough motor vehicles in the United States to take the entire population for a ride at one time, and at the beginning of 1922 there were 4.2 motor vehicles for each mile of road in the United States.

There were 33 dry states when the Eighteenth Amendment was adopted. Forty-six states have ratified the Amendment. Eighty per cent of the members of the State Houses of Representatives voted to ratify, as did 86 per cent of the State Senators.

Shot With Moonshine.

A party who crossed Old Nittany Mountain late Saturday night found two cars drawn to the side of the road, at the first turn of the brick road on the Pleasant Gap end, and the occupants gathered about a limp man lying full length in the middle of the road. The strangers who were hunters returning to Huntingdon county thought perhaps there had been a hold up, but since they were armed with rifles and side arms, they didn't hesitate to halt and make an investigation. The prostrate man was shaken and encouraged to talk, but not even a grunt came from him to make the strangers know he was a really live man. When the local party approached with a flashlight, the man was almost instantly recognized and his case diagnosed as just an ordinary drunk. The result of moonshine on a cloudy night. The body was drug to the side of the road and left to further season. Since he has been seen and from sight appeared to be just as good as ever.

Death from Auto Injury.

Mrs. E. C. Howe, a well known and highly respected resident of Philipsburg, was struck by an auto, Saturday afternoon, and knocked to the ground. She was immediately picked up by the auto driver and was taken to the office of a physician where several apparently slight wounds were dressed. The driver then took the lady to several stores and after completing her shopping he took her to her home. Mrs. Howe seemed to suffer no ill effects until during the night when she was seized with severe pains in the head. Three physicians made effort to relieve her, but were unable to do so. Monday morning death came.

Mrs. Howe was the mother of six children, five of whom survive, as do also twelve grandchildren and four great-grandchildren. Strange as it may appear the man who accidentally struck Mrs. Howe is not known, as neither his name or auto license number was taken.

A. M. Grove Farm Sold.

A. M. Grove, who recently purchased the coal sheds and business from A. B. Lee, at Spring Mills, informs the Reporter that he sold his farm of seventy-eight acres, east of Old Fort, to his brother, Wilmer B. Grove. This gives his brother three farms in one block, a total of two hundred and forty acres, and he expects to operate them and make money, too.

Boalsburg's population is increasing rapidly. On Sunday morning a pair of twins were born to Mr. and Mrs. Wayne Keller, a girl and a boy. Father and mother are proud of their first arrivals. The mother and babe are getting along very well. These are the first twins born in Boalsburg in forty years.

The Mission Band of the Lutheran church are practicing for their entertainment which will be held next Sunday evening.

Mr. and Mrs. Charles Miller, of Colyer; Mrs. Thomas Swartz and daughter Mary, and Miss Mary Fortney, of this place, made a trip to Bellefonte one day last week.

Miss Anna A. Gordon, the newly elected president of the World's Women's Christian Temperance Union, and one of this country's most gifted women, expresses the belief that the world will be virtually dry by 1929. The noble organization she represents will be one of the chief factors in bringing about such a result, the achievement of which will bring to the world its greatest blessing.

DEATH RECORD

(Continued from first page.)
survives with these children: Charlton, Russell, Francis, Frederick and Robert, all at home. He also leaves these sisters and brothers: George, Louise, Mrs. George Meek and Robert, of Bellefonte.
Interment was made at Pittsburgh.

VAUGHN.—Thomas H. Vaughn died at his home at Winbur on Friday afternoon. He had been a sufferer from locomotor ataxia for seventeen years, the result of injuries received as a mine inspector. He recovered sufficiently to conduct a small grocery business. About the 20th of October he took his bed and gradually grew weaker until the end came.

He was born in Taylor township, fifty-two years ago and spent his boyhood days there. In 1900 he was united in marriage to Miss Sadie Tanyer, of Pine Grove Mills, and they soon took up housekeeping at Winbur. He was a good citizen and a loving husband; faithful member of the U. K. church. His wife survives him. Funeral services were held at the home Friday evening. The funeral cortege came to Pine Grove Mills by auto to the home of N. T. Krebs, where brief services were held. Interment was made in the new cemetery, Rev. McAlary officiating.

SLUTTERBECK—In two days old, born to Mr. and Mrs. Charles Slutterbeck, died on Sunday at their home at Tusseyville. Interment was made on Wednesday.

"Elizabeth" Knocks Arm Off.

While cranking a car, the machine back fired, the crank striking Mr. Weiss, a hay and grain broker, of Wilkes Barre, resulting in a compact commuted fracture of the right wrist. The fracture was reduced by Dr. H. H. Longwell. The accident happened at the home of James S. Reish, where Mr. Weiss and V. A. Auman had gone to inspect a lot of hay.

LOCAL AND PERSONAL.

Snow flurries on Monday night, followed by cold weather on Tuesday.

Mr. and Mrs. Dayton Lansberry have moved from Epsy to Jersey Shore.

Sale of household goods at the J. F. Lutz home, Saturday afternoon, 1:00.

Mrs. L. Ray Morgan, of Homestead, came to Centre Hall on Monday and is the guest of her sister, Mrs. S. W. Smith.

The Robert K. Hoy garage, at Lemont, was recently sold to Jesse Shrey, a clerk in the Lenker store at Lemont, and Paul Houser, long an employee in the Wion garage, Bellefonte.

Reuben Garis, who manages a retail butcher shop at Luxor, and two companions, M. P. Grosse, paymaster, and J. E. Page, shipping clerk for the Keystone Coal and Coke company, of Greensburg, are hunting small game in this section, having come here the latter part of last week.

Monday night of last week Harry Burris, tenant on the Mrs. Alice Durat farm at Earlstown, suddenly became seriously ill and until Tuesday had been confined to bed. He suffered from something akin to pneumonia.

The new manager of the Phillips hotel, Philipsburg, is Arthur E. Kelghley, of Johnstown. The former manager, H. E. Gregory, is now engaged in the sale of hotel supplies made from nickel metal manufactured in Philipsburg.

Charles H. Corman, a son of George A. Corman, of Rebersburg, recently underwent an operation for appendicitis in the Sewickley hospital. For the past year Mr. Corman has been employed in a photographic studio in Sewickley.

Emerson Welger, son of Mrs. Clara Welser, of Millheim, who for some years has resided at Huntingdon, recently sold his home at that place and purchased a lot in State College, where he expects to build in the early spring.

If the Highway Department has a bit more white paint on hand it could be used to a mighty good advantage around more of the curves between Pleasant Gap and Bellefonte. The arrows already placed there are a great aid to auto drivers and make for safety, but there should be more of them.

Next Thursday winds up the small game season, with the exception of rabbits, and on Friday morning, which is December 1st, deer with horns will again become legal game for a two weeks' period, and from present indications more hunters than ever will be giving chase to the fleet-footed animals this season.

A postal received at this office from Clyde W. Smith, grandson of Mrs. Margaret Smith, of Centre Hall, states that he recently arrived at San Francisco, California, from Australia. When he left the port at New York, last spring, he was on the steamship "President Taft." He expects to reach his home in Centre county within a very few days.
