**POLITICAL ANNOUNCEMENTS**

**For Sheriff.**

We are authorized to announce that E. R. Taylor, of Bellefonte, will be a candidate for Sheriff of Centre county, subject to the decision of the Democratic voters as expressed at the primaries to be held on Tuesday, September 18th, 1923.

There is much complaint about the erection of bill-boards along the State highways. Some of this objection might be overcome if a portion of the boards were devoted to directing of the auto traveler. The Fitamel cigarette ad, would, for instance, be more closely studied if a section of it gave the distance to the important towns on the road; the name of the State road; the intersecting State roads, etc. Indeed, the auto traveler would stop, look, read and heed.

**How Democrats Would Do It.**

It was pointed out by the Democrats in the house and senate to Governor Pinchot that if he really wanted to save money for the state he should dismiss many of needless 19,000 job holders in Pennsylvania and reduce the salary of others. They have shown him that by this method as much as nine to eleven million dollars could be saved.

The Democrats again put themselves on record as follows:

To vote against any general increase in taxation by the State under any and all circumstances.

To vote for the bill repealing the anthracite coal tax.

To vote against any increase in the hunting license.

The caucus also expressed "its sympathy with the needs of State College and pledged its members to provide for its proper needs."

**Meeting of Parent-Teachers, Assoc.**

The parent-teachers' association of College township will hold its monthly meeting in the Oak Hall school house, Thursday evening, March 1st, at 7:30 o'clock.

Parents, teachers and directors are invited to be present as an interesting program has been arranged.

Don't fail to hear Dr. George P. Eble, in Grange hall, on Saturday evening of this week.

**COURT NOTES.**

Court convened on Monday morning with the Honorable Henry C. Quigley on the bench. The grand jury was called and A. C. Mingle, merchant of Bellefonte, selected as foreman. Constables' returns taken and considerable time spent in hearing motions and petitions as presented by the several members of the Bar. The trial list was then gone over and the following cases disposed of:

Atlantic Fruit Co. vs. Frank Ballistrere; continued.

William Krouse vs. John Bergen; continued.

J. Fred Herman vs. Theodore D. Boal; discontinued.

J. Irvin Wagner vs. James Leathers; continued.

L. E. Kidder vs. George M. Raines; continued.

Mary H. Miller vs. J. C. Johnstonbaugh; continued.

William P. Bell, Jr., vs. D. R. Wilson; continued.

W. H. Sortman vs. Charles O. Walters; continued.

This leaves but three civil cases open for trial during the week.

The first case called for trial was Joe Kupko and Mary Kupko, his wife, vs. George Pinchock, which case went to trial on Monday afternoon.

**Fractured Bone in Leg.**

Sunday evening, about nine o'clock, Shannon Booser had the misfortune to fall on a sidewalk opposite the Booser place of business, in such a manner as to fracture the large bone in the right leg close to the ankle. He was at once taken to his home, where Dr. H. H. Longwell reduced the fracture. Sunday morning the young man was taken to the Bellefonte hospital by Dr. Longwell to have an X-ray photo made of the fractured bone with a view of ascertaining whether proper adjustments had been made. The X-ray revealed the splintered bone in proper order. The injury has caused the patient considerable pain, but not more than that attending such injuries.

**Safety Demand for Pedestrians.**

Pedestrians on country roads are advised to walk on the left side of the road, facing oncoming traffic, by Dal H. Lewis, of the American Automobile association.

"Courtesy on the part of the automobile driver demands the use of dimmed lights at night," said Mr. Lewis. "This factor, while it contributes to the safety of passing motorists, makes it difficult for the automobile driver to see a pedestrian walking along the edge of the road in the same direction the car is traveling. This difficulty is increased if the pedestrian wears dark clothing. The result is that the driver is practically on top of the pedestrian before the latter becomes visible."

"Walking on the left-hand side of the road is just as good for the pedestrian and enables him to see the approaching automobile in time to step aside if the motorist does not see him in time to swerve."

Just received a supply of Tankage—the very best—for poultry and bees. William McClenahan, Centre Hall.

**THE DEATH RECORD.**

**SWARTZ**—Mrs. Edgar S. Swartz, of Punxsutawney, died following a surgical operation at the Hahnemann hospital, Philadelphia. The conditions following the operation were favorable until just a few hours before her death. Mrs. Swartz was survived by her husband and one son, Edgar S. Swartz, Jr., and a daughter, Mrs. Pratt, wife of Dr. Ira Pratt, of Coatesville. While Mrs. Swartz was not known here, her husband spent considerable time at Potters Mills when a boy and later when reaching manhood, and his acquaintances here will sympathize with him in his great loss.

**MECKLEY**—John Meckley, a Civil war veteran, died on Sunday at the home of his son, Frederick Meckley, at Houserville. On Lincoln's birthday, a ten-pound baby boy was born to Mr. and Mrs. Charles Buery, of Philadelphia. The word comes through Dr. W. L. Fischer, the grandfather, of Shamokin, who expresses great pleasure in announcing the event.

A bond issue of \$8,000,000 has been proposed to relieve the financial conditions of Pennsylvania State College. Assuming this could be accomplished, it could not be done before the fall election of 1925, and then it would require some time until the funds would be available. In the meantime there would be irreparable losses at the great institution.

Dogs continue to chase deer. On Saturday a deer almost exhausted was chased to town and took refuge in a barn. Many curious sight-seers came on Sunday to see it. Monday morning it had recovered sufficiently to be turned loose on Tussey mountain. The dogs are still at large.

The passing away of J. G. Goheen on February 10, near Downs, Kansas, came as a shock to his relatives and friends here, as his illness was not known. He was but recently stricken with apoplexy and never rallied. Mr. Goheen was born at Pine Grove Mills, August 26th, 1855. While yet in his youth he became a rugged pioneer of Rose Valley, Kansas. **NOT WHAT MOTHER EXPECTED**

Teacher's Message Sent by Little Clarence by No Means the Kind She Looked For.

Clarence recently made his debut as a Sunday school scholar. When he came home his father and mother waited to hear a report of his experiences, but Clarence evidently was too much dazed by them to begin.

"Well, dear," said his mother helpfully, "did you say the text?"

"Yes, mother."

"And did you remember the story of the lesson?"

"Yes, mother, I said it all off by heart."

"And did you put your penny in the basket?"

"Yes, mother."

Clarence's mother caught him up and hugged him ecstatically.

"Oh, you little precious!" she exclaimed. "Your teacher must have been so proud! I know she just loved you. She said something to you, didn't she?"

"Yes, mother."

"I knew it!" with a proud glance at Clarence's father over Clarence's head. "Come, darling, tell mother what the teacher said to mother's little man."

"She said for me to bring two cents next Sunday."—Philadelphia Ledger.

**Copper a Water Purifier.**

The use of copper sulphate for the disinfection of reservoirs and the destruction of algae and noxious germs in water has led to much discussion of the old idea that copper is dangerous to health, comments the Washington Star. An official of the Department of Agriculture maintains that a change has come over scientific opinion on this subject. Strange as it may seem, he says, there is not an authentic case of copper poisoning on record, either in this country or abroad, and he adds that toxicologists and physiologists who have sufficiently studied the subject agree that copper, in the amount used for purification of water, is harmless. On account of the many defects in the practical use of filtration plants he regards purification of water supplies by copper as a preferable method, or at least, as a safe auxiliary.

**Composed for Washington.**

"Hall Columbia" has the honor of having been composed for President Washington. The father of his country was fond of the play and sometimes attended a little rickety theater, one of the best available, which had the "enormous" capacity of 300 persons. A piece called "The President's March" was composed by the leader of the orchestra for one of those occasions and it was played on the entrance of the President and his friends. It was afterward slightly altered and given the name of "Hall Columbia." On that same night there were lines in the play that referred to America's chief which made the subject of them somewhat restless, for he was modest and not fond of compliments.

**Getting His Money's Worth.**

"How long has this movie been running?" asked Mr. Gumpson.

"About half an hour," said the usher.

"Has the villain choked the handsome hero yet?"

"The fight occurs in the next reel. They meet again, you know, and the hero wins."

"The first fight is the only one I care to see."—Birmingham Age-Herald.
