

THURSDAY, APRIL 26, 1923.

**SPRING MILLS**

Mrs. A. N. Finkle is seriously ill. Mr. Stringer is moving his family to Huntingdon. Harold Meyer and wife will occupy the property vacated by Stringer.

Mrs. Theresa Gordon, of Everett, and family, are visiting Mrs. Gordon's parents, Mr. and Mrs. John Horner. Quite a number of people were to Bellefonte on Saturday to hear the Gregg Township school case, which was decided in favor of the teacher.

**Boys Win Two Baseball Games.**

The Grammar grade baseball team has two games to its credit for this season, having won a game from State College, on Wednesday, and from Boalsburg, on Thursday. The former game was played on the opponents' field, and the latter on the home grounds. Both scores were decisive—the first a score of 17 to 6 and the latter 19 to 2, in nine inning games.

The junior Gross pitched for the home team. An occasional man was let walk to first, but at the end of the game at State College he had fourteen strikeouts to his credit. The boys all played a very good game. State has some youngsters that are the making of good ball players, and they were found fair and square.

Boalsburg's pitcher played the game largely himself. He did very good work, but got poor support from several quarters. The took their defeat in a manly manner—a good trait.

The Florida Fruit Farm, at Logan, is again coming into prominence. M. J. Walsh, of Williamsport, who was placed under arrest for bootlegging stated he was receiving the booze in five-gallon jugs from a man who said he was delivering goods from the Florida farm. The stuff was delivered in jugs wrapped in burlap. The price was \$10 per gallon, and this was sold at \$15.00.

**The Truth Should Be Told**

How Conan Doyle's "Spirit Photographs" are made. Sir A. Conan Doyle, the distinguished creator of "Sherlock Holmes," has come back to America again for another lecture tour, to explain his newest evidences from the spirit world. Mr. Doyle shows several "spirit" photographs of the old familiar kind and exhibits pictures of "ectoplasm" (material spooks are made of), and he talks about a "paraffin hand," which he thinks must have been produced by spirits.

If Mr. Doyle has really established communications with the dead and has genuine evidence of life beyond the grave—nothing of more transcendent importance to mankind has happened since the world began. But if Mr. Doyle is the deluded dupe of fraudulent impostors and his evidence are fraudulent, then he is doing incalculable harm, and the truth should be told.

There is perhaps no more competent and able student of pretended psychic phenomena in America than Mr. Joseph Renny, of New York, who has spent a lifetime examining into the tricks and frauds of the bogus spirit mediums. At the invitation of the New York Sunday American, Mr. Renny was present at Conan Doyle's first two lectures recently, and he has written for next Sunday's New York American his comments on Conan Doyle's evidences of spirit life. Mr. Renny has offered to reproduce at any time any one of the "super-natural" evidences which Conan Doyle feels sure can only be accomplished by spirits of the departed.

**Catarrhal Conditions**

Catarrh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood upon the mucous surfaces of the system. HALL'S CATARRH MEDICINE gives the patient strength by improving the general health and assists Nature in doing its work. All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

**After Eight Weeks Chicks Must Have Conkey's BUTTERMILK Growing Mash**

If you expect to have early broilers and layers. It is a wonderful bone and flesh developer. Low in fibre and just right in protein. Remember, growing fowls need a different feed. They must have more protein than little chicks can stand.

**For the First Eight Weeks Your Chicks Should Have Conkey's**

**Buttermilk Starting Feed**  
It prevents the big losses due to weakness and disease and gives chicks a flying start. It is made by the Original Conkey Process, in which semi-solid Buttermilk is thoroughly incorporated with the other ingredients.

**HALF A MILLION MILES OF NEW WIRE WILL BE ADDED TO THE BELL TELEPHONE SYSTEM IN PENNSYLVANIA THIS YEAR**

THAT'S an increase of twenty per cent. in the total Bell wire mileage in the state.

This new wire alone would encircle the earth at the equator twenty times. It would reach the length of the state of Pennsylvania more than 1600 times.

More wire was placed in 1922 than in any previous year. We will place nearly twice as much in 1923.

This is one phase of our effort to meet the demand for telephone service in Pennsylvania.

**THE BELL TELEPHONE COMPANY OF PENNSYLVANIA**  
C. W. Heilhecker Local Manager

**MILES OF BELL TELEPHONE WIRE IN PENNSYLVANIA - 1910 - 1922**

Year	Miles of Wire
1910	~1,000,000
