**The Blue Line Getting Thinner.**

The thin blue line is getting thinner every year. Last year the Grand Army of the Republic had a loss in membership of 14,512. The enrollment fell off from 85,618 to 71,106, the number of posts declining from 4218 to 3659. It is now nearly 60 years since the close of the civil war. We have the sons of Veterans, the Spanish War Veterans, and the organizations of those who fought in the world war, but to most persons the Grand Army of the Republic continues to give the greatest thrill of patriotic emotion as the old soldiers go by, the last representatives of a period receding into the shadows of nearly two generations ago.

**Fire at Penitentiary.**

The bake shop, a temporary structure, at the Rockview penitentiary, was burned Monday evening. Prisoners aided in preventing the fire from spreading to other buildings.

Several days prior to this a house and barn on the Emmenheler farm, which is included in the penitentiary grounds, were destroyed by fire.

**Farmers Lose Valuable Horses.**

John H. Burkholder and J. Floyd Brooks, farmers living near Centre Hall, both lost by death valuable horses purchased at one of the several sales of Western horses at Centre Hall.

**\$100,000 Fire in Lock Haven.**

A fire loss of approximately \$100,000 was sustained by property owners in Lock Haven, on Monday night. The fire originated in the Fox Motor company's garage and was caused by a Ford back-firing and exploding the gas tank. Thirty-two separate fires were started. Fire companies from Bellefonte, Lock Haven and Jersey Shore responded. Only seven of the thirty cars stored in the garage were saved.

**Died from Effects of Booze.**

A Clearfield county coroner's jury returned a verdict that Willbur Davis came to his death from drinking liquor bought from "Red" Askey, at Phillipsburg, on Sunday, April 21. Since the purchase of the liquor was made in this county, the case will likely come up for trial in the Centre county court. **FARM CALENDAR.**

**Timely Reminders from The Pennsylvania State College**

**Spraying**—The delayed dormant spray for fruit trees should be on by this time in northern counties. The "pink spray" should be on in southern and central Pennsylvania counties. Care should be exercised that no nicotine is included in the "pink spray."

**Chicks**—Leg weakness in chicks is often caused by lack of bulk in the ration. Be sure there is plenty of food, such as bran, in the mash so the youngsters will not get in this condition.

**Hogs**—Spring house cleaning methods can be applied to the hog farm by giving your pigs a good oiling for lice and dosing them for worms. Where practicable, move the hog houses and plow up the hog lots for summer forage.

**Cattle Feeders**—Information of great value to all Pennsylvania farmers who make a practice of fattening cattle for market will be disclosed at the annual Cattle Feeders' Day to be held at State College on May 4. Groups of steers have been fed different rations all winter and the most economical method will be determined with the close of the experiment this week.

**Eaglet Must Prove Fitness.**

Many were the strange stories told of the eagle during antiquity. It was believed to be the messenger and spirit of Jupiter. One of these stories, and perhaps the most peculiar of all of them, is the following, told by Pliny, the great naturalist of ancient Rome:

As soon as her fledglings can fly the mother eagle takes her young ones and bids them sit upon a limb in full view of the setting sun. If one of them ever so much so blinks or waters at the eyes the mother falls upon it and kills it, deeming it too degenerate and weak to propagate the species.
