The elaborate parking rules adopted a short time ago in Lewistown are being little heeded, and very few pay any attention to the red tag placed on cars inviting the owner to appear at the office of the mayor. The trouble appears to be that so many of the rules are so ridiculous that the good ones are brought into disrepute.

Mr. and Mrs. George Hickernell and daughter, Helen, of Tonopah, Nevada, are among relatives in Pennsylvania. Mrs. Hickernell is a sister of H. E. and H. M. James C. Reed, one of Harris township's good substantial citizens, was a visitor in town on Monday. Mr. Reed has a small acreage of corn that day by day in every way is growing taller and taller. The last time Mr. Reed measured one of the stalks it was 19 feet 10 inches tall, which is double the height of the average corn in this section. With plenty of growing weather still ahead, there is no telling where the stalks will stop.

As has been frequently the case, the first to violate rules for traffic regulation are those who help to form them. This was the case in Harrisburg, when the first person hailed before the Mayor was one of the committee to formulate the rules. So it was in Williamsport, the other day, where Vice Mayor Coblick and Councilman Francis M. Gallagher were hauled into police court for traffic rule violation. The case was dismissed by the police court officer, because the city officials stated they were "just in fun." The traffic officer later swore out a warrant and had the officials formally arrested. So it was in Centre Hall, the first to violate the rules laid down by the august body, the council, was one of its members, who within a period of fifteen minutes violated four traffic rules that every auto driver ought to know. The acts just created a smile on the part of the observers.

The idea primarily is to give the players in the local ball team, one of the four teams making up the Centre county baseball league, an outing. CATARRAL DEAFNESS

is greatly relieved by constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrh of the ear is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions. Circulars free. All Druggists. The Luxury of a Meal in A Dining Car The Hall Mark of Service Good food, well cooked and served in an attractive manner are recognized features of Pennsylvania Railroad's Dining-Car Service. \$1.00--ONE DOLLAR MEALS--\$1.00 One dollar will buy a lunch era dinner on a Pennsylvania Railroad dining car. Four "special combinations" are provided on each luncheon and dinner menu in addition to the usual a la carte features. Over one hundred different combinations are used and changes are made every week in order to afford a variety of choice. Each "special combination" consists of meat, fish or fowl, two vegetables, rolls and coffee, tea or milk. The portions are ample for one person and are served on separate dishes the same as a la carte orders. This service not only meets the desires and conveniences of railroad travelers, but also effects a reduction in dining-car prices notwithstanding the continuing high cost of dining-car service. Persons interested in the cost of serving meals in Dining cars should read the pamphlet—"Food at 50 Miles an Hour Costs"—reprinted from "The Nation's Business." Copies of this pamphlet may be had, free of cost, by writing to D. N. Bell, Passenger Traffic Manager, Broad Street Station, Philadelphia.
