Lydia E. Pinkham's Vegetable Compound. I took a couple of bottles of it and thought it did not help me as much as it should, so I gave it up to try something else. Nothing I took helped me much, so I finally decided to give the Vegetable Compound another trial and Vegetable Compound another trial and to take enough of it to make sure it would help me. I have taken it over a year now and it has brought wonder-ful results. I have gained from 93 to 110 pounds and am keeping house now. My friends all notice the change in my health. I will be glad to answer all latters that women write to me about letters that women write to me about the Vegetable Compound."-Mrs. W. G. MONSON, 1515 Park Ave., Beloit, Wis. If you are to be smartly dressed at the beach this summer you must either have a purse that can afford hand-knit dresses and sweaters or you must be clever with your knitting and embroidery needles; for this is the season of seasons when hand-knit garments are the thing to wear at the beaches, says a fashion correspondent in the New York Tribune. Fashion has decreed it and the smart women who appeared in the South this last winter-those women who set the style in dress-appeared in such. gorgeous knitted yarn creations that those who would be in style this summer give heed to the knitted garments. The newest, and what blds to be one of the most popular beach costumes, is a hand-k..it dress of medium-weight worsted. The dress may be in one or

It goes without saying that the handknit sweater is as superior to the machine-knit garment as hand-made lingerie is to machine made. Since the war, when the art of knitting once more become a universal accomplishment, many women prefer to knit their own sweaters, giving them original touches and designs that express their own personality.

SLEEPING IN ESKIMO LAND

Going to Bed Is a Simple Process and Sound Slumber Is Had Beneath Heavy Furs.

Going to bed in Eskimo land proves to be a very simple matter. A small soapstone lamp which burns seal oil through a moss wick, is lit, This lamp is used for warmth as well as light. Nanook builds a tiny igloo against the inside wall of the room for the baby dogs, where they are packed away like two little muffs. Large polar bear and seal skins are placed on the snowy floor, everybody disrobes and cuddles down under great warm furs, and as the dim light of the oil lamp flickers against the snowy walls of the igloo, all that you can see of the Nanook family is a row of heads just showing beneath their great fur robes.

Outside the wind is howling and the snow is drifting into huge hills, and the dogs, powdered with the blow-Travel Magazine.
