SKIDDING!

Local Ball Team Continues on Downward Path—Two More Losses During the Week.

Again we lost by one run! The jinx is right in the midst of our baseball camp and refuses to be driven out. Try as we may, we can't keep the other fellows from scoring one run more than we can gather, and that one run distinguishes victory from defeat. Last Thursday evening Millheim, occupants of the cedar position in the county league standing, defeated the locals on Millheim's diamond; score, 3 to 2. It was a pretty game with "Lefty" McClintic and Miller both pitching stellar ball. In the gathering darkness in the sixth inning, with the score tied at two runs each, Miller won his own game by hitting to right field. The ball might have been caught in a better light, but the batter deserves much credit for being able to hit the pill at all, hence it would be unfair to detract from the genuineness of his hit. It scored the winning run, and the umpire a few minutes later called the game on account of darkness.

The box score follows:

Saturday's game with State College on the home grounds was a delightful affair until the sixth inning when the locals blew up and handed the game to State. Score, 9-2. McClintic pitched well enough for the home team, but his support was decidedly off color in the sixth, a series of wild heaves to catch base runners undoing his good work. With the hope that a change would benefit, Gross went into the box, but State succeeded in adding five more runs during his tenure. The error column shows the reason for defeat—the locals piled up seven to State's one.

CATARRHAL DEAFNESS
is greatly relieved by constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions.
