Chouans was the name given to bands of Brittany peasants who espoused the royal cause during the French revolution and organized a reactionary movement in 1792. Their first leader, Jean Cottereau, was killed in 1794. Later the insurrection, under Coudal and Charette, assumed vast proportions, and for a time imperiled the safety of the French republic. It was, however, stamped out by La Hoche and its leaders forced to lay down their arms. Another attempt at insurrection was made in crushed. Chouanerie again made its appearance in 1814-1815, and was finally wiped out in 1830, through the adv. efforts of Thiers.

The word "chouans" is said to be a corruption of chat-haunt (screech owl) and to have been given, either because of the nocturnal habits of the band or because of some special call of recognition in use among them. Others trace the origin of the word to Cottereau, the first leader .-- Adventure Magazine.

It was from this custom, according to one explanation, that the town of Urga, in Mongolia, abode of the living Buddha, took its name among outsid-By the Mongbls themselves it is always referred to as Ta Kure, "The Great Monastery." The reason the Burlats and Russians, who were the first to trade into this region, called it Urga was because it was the principal destination of all the trading expeditions which crossed the plains by this old method or right of travel.

#### McClenahan, Centre Hall. CATARRHAL DEAFNESS

is greatly relieved by constitutional treat-ment. HALL/S CATARRH MEDICINE ment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is unflamed you have a rumbling sound or inperfect hearing, and when it is entirely closed. Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions. Circulare fren. All Tomorton
