With a guarantee that the state highways through Penna Valley will be kept open during the coming winter, the \$50,000,000 bond amendments might get a pretty good vote on the south side of the county, but whose word in the Republican camp is good enough to take? We can't believe Pinchot, because a lot of the things he told us at the Grange Encampment and Fair, a little more than a year ago, would be an untruth if he said them today; we can't rely on H. B. S., of Philipsburg, because his sin has set. It looks as though we'd have to go it blind, vote for the measure and then appeal to our Mr. Betts the State Senator from this district, to go after what belongs to us. He will do it.

Council in Special Session.

The borough council held a special session Monday night to take measures to comply with conditions imposed by the State Highway Department relative to rebuilding the mountain section of the main road leading through Centre Hall. Under a law passed by the last legislature such sections of roads will be built by the State Highway Department at an expenditure of but ten per cent. to the borough in which the road is located. This was pointed out to the council in these columns several months ago and it was a good move for the body to take the action they did. One of the conditions imposed by the Highway Department in addition to the ten per cent. was that the borough must take care of the surface water and provide course for it, which the council agreed to do. While this move will call for the expenditure of some money, it will in the end save a considerable sum. It is a matter of economy to act now.

Another proposition contemplated by the council can not be looked upon in the same way, but must be regarded as an utterly useless move and a positive waste of money.

Reference is here made to the agitation of the erection of a reservoir by the president of the council, E. M. Huyett, at several regular sessions of the council during the past six months. No matter how much money would be expended for a reservoir at what is known as the water company plant it would not add in any perceptible way to increase the supply of water at a time when it is needed, for the reason that during a drought the springs are so low that the flow is negligible. The fact that these springs long ago were considered strong, does not make them so today.

The purchase of this water plant, was an error. The borough paid \$2,500 and got nothing for it—that is, no water during a drought, for at other times than during a drought we have an abundance of water at the borough plant.

We are now about to enter upon an indebtedness from which we look forward to for good returns, so let us not frit our money away for useless reservoirs. Are not our taxes already high enough?

Fisher Farm Sold.

The Pittsburgh Stone and Lime company formally took over the Mary Fisher farm at Penn Hall, on Monday. This transaction is the result of an option taken on the farm by the company named some months ago and which was noted in these columns at length. The farm referred to contains 150 acres, the buildings being located in the village of Penn Hall, and is now tenanted by Emanuel Vonada. The sum paid was something like \$20,000.

Teachers' Institute, October 22-26.

The seventy-seventh annual teachers' institute of Centre county will be held in the Court House and High school building, Bellefonte, October 22 to 26.

The thirty-seventh annual meeting of the Directors' Association will be held in the grand jury room of the Court House on Wednesday, October 24th.

Birthday Surprise Party.

A delightful surprise party was held Monday evening for Warren Homan, owner of the new garage in Centre Hall, it being his 27th birthday.

A splendid supper was served the invited guests. Some very pretty presents were presented and everybody had a fine time and are wishing Mr. Homan many more happy birthdays.

Those present were: Mr. and Mrs. W. A. Homan, Mrs. H. E. Homan, Miss Cora Homan, Mrs. Vera Homan, Miriam Homan, Annie Elizabeth Homan, Warren Homan, Jr., George Heckman, Mrs. George Heckman, Geo. Heckman, Jr., John Whiteman, Florence Lingie, "Billy" Lingie, Rev. and Mrs. M. C. Drumm.

Outlook for Lyceum Course.

The prospects for a good Lyceum course this year are bright. The six numbers to be rendered will furnish the kind of entertainment that all will enjoy. They will be both educational and entertaining.

Many have already secured reserved seats. The chart for seats is in the hands of Miss Mabel Arney, at the drug store. Those who have not secured tickets should come early, since the choice seats are limited and will be available only for a short time, according to the rate at which the chart is filling up.

There will be a meeting of the working committee of the Lyceum Course on Thursday, October 11, at 8 P. M.—Secretary.

THE DEATH RECORD.

ECKENROTH.—Mrs. James Eckenroth died at her home at Pleasant Gap after a prolonged illness due to an affection of the heart, on Sunday evening. Her age was about sixty-six years. She is survived by her husband and these children: Joshua, Harry, Leroy, Mr. Lons, Mrs. Confer, Mrs. Hoy and Mrs. Houtz.

STOVER.—Michael Stover, one of Haines township's aged and respected citizens, died at the home of his son, Harris Stover, at Woodward, following severe strokes of paralysis.

Mr. Stover was born August 5th, 1841, and was therefore aged 82 years, one month and 23 days. He followed farming for many years and upon his retirement from active work his only son occupied the farm with his father until the spring of 1922 when the son quit and moved to Woodward, taking the aged father with him.

Besides the son above mentioned there survives one brother, Adam Q. of Lansing, Michigan, and one sister, Phoebe, wife of M. L. Emerick, of Centre Hall; also a granddaughter, Miss Mabelle Stover, of Woodward.

Funeral services were held at the home and interment was made in the cemetery at Woodward.

TUSSEYVILLE

Mr. and Mrs. Fred Garrett spent Sunday at Spring Mills.

Miss Jennie Bottorf, who has been sick for some time, is in a critical condition.

Mr. and Mrs. B. F. Rickert and son Russell, of Woodrich, visited among relatives several days last week.

Mr. and Mrs. O. R. Nese, of Red Lion, spent some time at the home of Mr. and Mrs. E. T. Jordan, last week.

Mrs. Kobb and daughter Miss Helen, of Bellefonte, spent Sunday with the former's daughter, Mrs. Thomas S. Swartz, and family.

C. P. Ramer and family took a trip to Belleville on Sunday, going by way of the Bear Meadows.

Clayton Detwiler and family, of Philadelphia, are spending some time with his sister, Mrs. Elmer McClellan, and family.

John Bottorf, accompanied by Mr. and Mrs. Brock, all of Jersey Shore, spent Sunday with friends at this place and at Colyer.

G. R. Meiss, the Colyer merchant, held a public sale of farm stock, etc., on Saturday. The sale was well attended and articles brought good prices.

A pamphlet descriptive of the Sequoia and General Grant parks, in California, was forwarded to this office by Mrs. Howard R. Homan, of Fullerton, Calif. The parks contain the greatest of the big cedar trees in the coast state and it is to protect these and other of nature's gifts that the parks have been originated.

The contest for the Harvest Queen in connection with the Elks' Carnival opened with a rush on Wednesday and from all appearances there is going to be some fight for first place. Fifty dollars in gold is offered to the winners in addition to the winner of first place being crowned "queen." The parade will form promptly at 7:30 and move at 8:00, and Capt. Wm. H. Brown who has charge of the parade requests that all organizations who are going in the parade as a body and all persons who enter floats notify him of this fact on or before Saturday, Oct. 27th, so that they may be assigned a proper place in line. Achenbach's nine-piece orchestra has been engaged for the dance in the Armory and excellent music is assured.

BROAD, LONG, LASTING.

Every man, woman and child in the United States has a personal interest in good roads.

The farmer and the motorist have the most immediate and practical interest, but the interest of others is no less vital that it expresses an indirect relation.

The farmer wants good roads because he can make more money with good roads than with poor roads. If the farmer can make more money he spends more, which means greater prosperity for the whole nation. And if he can do with less money, good roads enable him to sell his products for less and still make as much as at present; that means lower prices for food.

Everyone who lives in a rural or suburban location is interested in good roads, because they decrease the time distance which separates the rural or suburban home from the city. Every rural or suburban dweller needs to get to the city some time; the less the time distance the less it costs.

Every one who lives in a city wants at times to get into the country. The good roads is the means. If there are no good roads there is a sharp line drawn between city and country which makes for the good of neither.

The more good roads the more travel. The more travel, the more understanding of people by their neighbors and the less possible is misunderstanding, strife, rivalry, or political discord.

Roads are a part of the foundation of Americanism. Let us all work to make that foundation broad and long and lasting.

FARM CALENDAR

Timely Reminders from The Pennsylvania State College

Apple Harvest.—Growers are warned not to pile apples under the trees after picking. The earth is warm, the pile of apples holds the heat and moisture, and decay often results. Apples piled under trees for a week will rot nearly as well as those which have been picked on a sorting table, sorted and removed the next morning to a cool storage place.

Winter Care of Bees.—About forty-five pounds of honey is required to carry a colony over the winter and spring. Colonies having less than this amount after the fall honey flow is over should be fed with either sugar syrup or honey from a healthy colony. A mixture of 2½ parts of white granulated sugar with one part water, heated until all the sugar is dissolved, makes a satisfactory syrup.

Care of Fall Pigs.—Get the fall litter eating as soon as possible. Help to satisfy the curiosity of the little pigs to know what the mother is eating by supplying a low trough for the old sow. Then provide a creep for them with shelled or coarse cracked corn available. Add some middlings and tanlage a little later.

Peach Borer.—Don't forget to remove the P. D. B. chemical from around the trees about a month or six weeks after the trees have been treated. It may cause root injury if allowed to remain in the soil.
