Miss Furey Voted Queen.
Miss Mauris Furey was voted Carnival Queen of the Elks' annual Halloween spectacle, held Wednesday evening, in Bellefonte, having received over 91,189 votes. A close second was Miss Margaret Mihgot, Miss Elizabeth Miller being third. The total proceeds from this contest was over \$1600, all of which goes to the Bellefonte hospital.

ELEVEN VACANCIES IN CONGRESS
One U. S. Senator and Ten Members of House to Be Voted for on Tuesday.

One vacancy in the senate and ten in the house remain to be filled before the convening of congress. In most cases the contests will be decided on November 6, the general state election day.

The senate vacancy is that formerly occupied by the late William P. Dillingham, Republican, Vermont. Former Representative Porter H. Dale, Republican, and Park H. Pollard, a first cousin of President Coolidge, but a Democrat, are the contestants for the place.

In the house there are four vacancies in the New York delegation, and on each in the Arkansas, Illinois, Kentucky, Mississippi, North Carolina and Vermont delegations. In the last election Democrats were returned in all of these districts except two, the Thirty-second New York and the Second Vermont. Should the Democrats hold their ground in the coming contests, they would have a total of 208 members in the house and the Republicans 224, with one farmer-laborer, one independent and one socialist. Thus the Republican plurality would be only sixteen as compared with 170 in the last congress, while its majority over all parties would be only thirteen.

The Bond Issue.
This paper is in favor of the \$50,000,000 bond issue for road building, but it is opposed to the character of propaganda resorted to by many bond issue boosters. The preaching that we do not pay the interest on the loan or the loan itself is not true. There is no one to pay except the taxpayers in Pennsylvania. The tax is laid on corporations, but who believes the corporations pay the tax without first collecting it from the common herd? You might just as truthfully say you do not contribute toward the payment of fifty cents a ton tax on anthracite coal, or that you can shy clear of paying the Pinchot coal miners' raise in wages, as to say we pay no part of the bond issue. We pay it all. There is no one else to do it.

Again, we are told that if the bond issue is not sanctioned there will be no road construction for five years. What do the state authorities propose doing with the over \$2,000,000 they are extracting for registering our cars so the bad men of the country can't steal them? Is this vast sum to go to department heads and clerks?

Then again, the state will keep on collecting from \$10.00 to \$200.00 license for automobiles and trucks—and there are now more than a million of them. What! No roads to be built, when all these millions are pouring into the state treasury each year!

Yes, let us vote for the bond issue but not with the belief that there are no funds available for road building for five years.

The "500 Club" was entertained by Miss Laura Runkle, at the Centre Hall hotel, on Tuesday evening. It was a regular monthly meeting of the club.

Father and Son Week.
Beginning on the day commemorating the signing of the armistice and continuing through the following Sunday, November 18, Father and Son Week will be observed all over the nation.

For a number of years Father and Son Week has been held at one time by the Sunday-schools and at another time by the Y. M. C. A. This year, and in all probability, henceforth, the celebration will be jointly promoted by the International Sunday-school Council of Religious Education and the National Board of Young Men's Christian Association.

W. C. T. U. LEADER LOST LIFE.
Neck Broken When Car Topples Over 55-Foot Embankment at Water-street.

Miss Margaret Cummings, aged 53, of Lewistown, prominent for years in temperance work and one of Mifflin county's first suffragets, was instantly killed Thursday night of last week and four companions injured when an automobile in which they were riding overturned at Waterstreet, between Huntingdon and Hollidaysburg.

The others in the machine were: Brown Cummings of Lewistown, a brother of Miss Cummings; Mrs. William Beatty, Reedsville, a sister; Miss Annie Reed, Reedsville, a niece, and Miss Rhoda McNitt, of Reedsville. They were taken to the Cummings home in Lewistown.

The accident occurred about 6:30 o'clock when the car crashed through an guard rail at the top of the hill on the State road. The car dropped 55 feet to a wagon road at the bottom and then overturned. Miss Cummings was crushed under the wreckage and died within a few minutes. She suffered a broken neck and crushed chest.

The other occupants of the car were but slightly hurt.

Miss Cummings was well known throughout Mifflin county. She was one of the pioneers in the organization of the W. C. T. U. and took an active part in the suffrage movement long before the women were given the vote.

THE RAMBLING REPORTER.
Improvement in a community is something which we are always glad to see. Charles Zettle of Georges Valley is painting his house and building a new porch.

Hunters are asked to observe precaution, for the dry weather and hunters in the woods creates double hazard. Townsfolk will be on the alert for the first signs of fire, and the hunters should work with these men and do everything in their power to prevent fire. Mr. Hunter, we wish you luck.

Not that we advocate one-armed driving—but when she is in the car with you, what can you expect? Chester Decker is another contender of the theory that one-armed driving is not right, but we know that it will not be right for him, for while cranking his automobile on Sunday he broke his right arm—so it can't be right.

The High school pupils of Lock Haven could talk of nothing but their victory over Williamsport. A special train hauled the Lock Haven rosters to Williamsport. A special feature for this game was the tags which the Lock Haven students wore—"Beat Billtown," "Beat 'Em Hard." The men of this town are behind the football team with as much enthusiasm as the students are, and one could not enter any shop but some remark was made about the game.

Harry Wilson was the star player in the State-West Virginia football game at New York City on Saturday. He broke loose for another of his characteristic long runs, and was one of the main figures in all the plays. West Virginia has not been defeated in two years, and "State" could do no better than make a tie score. The final score of 13-13 still ranks West Virginia as undefeated. Mike Pam's injury did not allow him to get into the game, but it is expected that he will be able to play before long.

Dedicate Boulder to Chatham.
A large boulder was dedicated to the memory of the poet-naturalist, John Hall Chatham, at the Linwood cemetery at McEhattan, on Friday. The boulder was erected by Col. Henry W. Shoemaker, an old friend of the naturalist. There were a number of speeches and letters were read from several friends of Mr. Chatham.

BOALSBURG.
Mrs. Emma Kuhn, of Williamsport, has been visiting her parents here since last Thursday.

Taxpayers, remember to-day (Thursday) is the last chance to pay county and poor tax with 5 per cent. off.

Tuesday, Samuel Rantz moved into his home here from Oak Hall; the house has been repaired on the inside.

P. W. Weber, the cabinet maker, has been delivering some very fine pieces of work to State College the past few weeks.

George E. Meyer, the Jacob Doll & Sons Piano Manufacturing agent, delivered a fine Wellmore piano to Miss Ellen Saner, at State College, last week.

The Civic Club meets Friday evening at the home of Mrs. Elizabeth Ham. This will be a meeting of special interest. There will be some good things to eat, which should be an incentive to bring all members out.

Charles Faxon and Harold Coxy are rewiring the Lutheran church. The reason for this is that when it was wired a few years ago the wires were placed in the pipe used for the gasoline gas light, and it has been decided that this is not safe.

REBERSBURG.
Mrs. Harry Musser, of Williamsport, is visiting relatives in town.

During the past week a new galvanized steel roof was put on the Evangelical parsonage in this place.

Our farmers just finished husking an inferior crop of corn owing to the drought of the past summer.

Mr. and Mrs. C. L. Gramley and Mr. and Mrs. Claude Haines and son spent last week visiting relatives in Chester county.

William Brungart, tenant on the Clayton Brungart farm, a mile east of this place, will vacate the farm next spring and will make sale of his live-stock and farm implements.

John Lese and wife and son, Dalbert and his best friend, all of Mifflinburg, spent part of last Sunday at this place at the Scott Stover home.

William Bair, who had intended to spend the winter in Altoona with his son Harry, has changed his mind and will in the near future leave for Illinois and spend the winter there with his daughter, Mrs. Ira Gramley.

IMPORTANT DECISION.

State Governments are without power to escheat deposits made in National Banks, according to a recent decision of the United States Supreme Court in the case of the First National Bank of San Jose, California, vs. the State of California.

The case in point had to do with deposits which have not been added to and no part of which have been withdrawn for a certain period of years, and to the depositor it means

He who deposits funds in a National Bank can rest assured that no action by a State can cause that deposit to be forfeited, if thru some accident, or if thru choice, he leaves that deposit for a long period of time without adding to or withdrawing from it.

Thus deposits intended for a long period of time are secure to the bank and depositor, when in a National Bank.
