Trapper Travels in House Boat.

William J. Bair is enjoying a novel trapping trip on the Juniata river and expects to continue until the river is closed with ice. Mr. Bair erected a house boat, seven by ten feet, which he took overland from Lewistown to Huntingdon where he launched it on the river. There he began floating down the river at the rate of one mile per day trapping for muskrats, skunks, weasels, opossums, raccoons, and expects to cover his expenses and a grubstake for the spring time in the sale of the furs taken during the fall and winter months.

DAIRY FEEDS.

COW CHOW AND LARRO ARE TWO LEADERS.

Buy a ton of Purina Cow Chow and you will understand why big dairymen insist on this ration. It is all feed and contains no cheap filler.

The biggest dairies in the country are among the most satisfied users of Purina Cow Chow. Why? Because every pound you feed shows up in the milk pail.

In each 100 pounds of Cow Chow there are 24 pounds of protein. It is pure feed, and perfectly balanced to go with home-grown roughage and silage.

Purina Cow Chow has put the proof right in the pail. More milk from Cow Chow, is what all the dairymen say who feed it.

Seventy-Six Thousand New Telephones

That's the number of new Bell Telephones which are being added to the Bell System in Pennsylvania this year, making a total of 850,000.

ADDED is the word, for 76,000 is the net figure. To realize this net gain, we must install a total of 150,000 telephones, not including some fifty thousand moved from one address to another during the year.

And a further gain of 83,500 is expected in 1924.

Installing the telephone instrument, however, is the smallest part of the job.

To carry out our full \$30,200,000 program this year means 52 large building operations, half a million miles of new wire, ten millions of dollars in new switchboards and Central Office equipment.

This is the most stupendous construction program ever undertaken in our telephone history.

It is our response to the demand of the people of Pennsylvania for more and more telephones.
