THE RAMBLING REPORTER.

The Nittany Lions handed a crushing defeat to Penn on Franklin field on Saturday in vengeance for their 7-7 defeat of last year. The final score of this year was 21-0 in favor of State. The Quakers were unable to stop Wilson, whose long and sensational runs scored three touchdowns for State. Wilson was the mainstay of the team, although the line was strong and the entire Nittany team played a wonderful game. The Nittany Lions meet Pitt at Pittsburgh on Thanksgiving Day for her last battle of the season.

The Grange convention at Pittsburgh as a success and many State students received sixth and seventh degrees. About 12 received the 6th degree on Thursday night, and 30 took the 7th degree, or National degree, on Friday night. It has been a quarter century since the National Grange met in Pennsylvania. It is estimated that 25,000 attended the convention.

For the subject of an essay the children of the fifth grade were given "Trouble." One little chap, very young, very philosophical, turned in this as his contribution: "Mother says I'm trouble; Pa looks at it; the teacher thinks it; I know it. If I ain't trouble, I don't know what trouble is."

MILLHEIM

A Train Sixty Miles Long

We're adding to the Bell System in Pennsylvania this year \$6,300,000 in new land and buildings.

And in 1924 we expect that the requirements will call for nearly eight millions more.

Into these and our other buildings and along the wire-ways of the state, we're installing in 1923 new telephone equipment which would require a train sixty miles long to haul.

In starting this train, the locomotive would travel a half a mile before the caboose was in motion.

This staggering amount of new switchboards, new cable, poles, wire and thousands of other necessary materials will be added to the Bell System in this state this year. More than thirty millions of dollars will be spent to meet the telephone demand in Pennsylvania.

Never before have such enormous quantities been added in so short a time.
