DAIRY FEEDS.
COW CHOW AND LARRO ARE TWO LEADERS.
 Buy a ton of Purina Cow Chow and you will understand why big dairymen insist on this ration. It is all feed and contains no cheap filler.
 The biggest dairies in the country are among the most satisfied users of Purina Cow Chow. Why? Because every pound you feed shows up in the milk pail.
 In each 100 pounds of Cow Chow there are 24 pounds of protein. It is pure feed, and perfectly balanced to go with home-grown roughage and silage.
 Purina Cow Chow has put the proof right in the pail. More milk from Cow Chow, is what all the dairymen say who feed it.
