REBERSBURG.
 William Bair is spending a few days at the home of his son, Harry, in Altoona.
 Mrs. A. C. Wolf is in Lewisburg where she will stay at the Newton Brungart home and assist in doing the housework as both Mr. and Mrs. Brungart are on the sick list.
 An old-time shooting match was held at Smulton on Saturday. Some valuable prizes were put up and some very skillful marksmen won on the job.
 Mrs. Lester Minnick, who had been seriously ill for the past two weeks, is on a fair way to recovery.
 Wilbur Meyer has purchased a new Ford touring car.
 Carl Mowery, who was employed in the dye works at Sunbury, returned home on Friday and will assist his father at farm work for the remainder of the winter.
 Last Thursday a quilting party was held at the home of Mrs. Edward Ertel near this place. Those who had the pleasure to be there, were Rev. and Mrs. McClellan, Mrs. Noah Corman, Mrs. George Limbert, Mrs. J. D. Houser, Mrs. Arthur Cummings, Mrs. Jacob Heller, Mrs. Harry Garet, Mrs. Lee Wolf, Mrs. C. C. Smull, Mrs. J. N. Moyer, Mrs. Henry Stytzer, Mrs. Samuel Mowery, Mrs. Paul Hackman, Mrs. John Spangler, Mrs. C. J. Weaver, Mrs. George Corman, Mrs. Allen Brungart, Mrs. William Brungart. The different costumes of apparel were represented by these jolly women, from a Gypsy fortune teller to a Red Cross nurse and beggar. Some of the ladies wore dresses of peculiar styles representing the garb of various nations. One lady wore the Chinese slippers of pinkish color; these cut quite a "swell," and we could almost classify her as a Nomad. These odd garbs came in for much applause from the few who were in American dress. When the noon hour arrived they were ushered into the dining room where stood a large table loaded down with the choicest eatables that the market could afford, as it must be remembered that Mrs. Ertel secured the help of two of the best cooks in this end of the valley. All present did what they could to satisfy their craving appetites. While some of the women were engaged at quilting several others who were dress-makers succeeded in finishing two dresses for Mrs. Ertel, while still others were engaged in sewing carpet rags. Taken all in all, this was the most enjoyable event of the season for these ladies.

SPRING MILLS
 Wilbur Decker and wife, of Altoona, spent Sunday at the Thomas Decker home.
 There was no service in the Reformed church on Sunday on account of the church, undergoing repairs.
 Bertha Kline attended the funeral of her aunt, Mrs. Mary Page, at Linden Hall, last week.
 Mrs. Ada Finkle's sale on Saturday was largely attended and everything brought fair prices.
 On Thursday evening the men folk were given a talk on potato raising; Miss Reed gave instructions on sewing to the women, while Miss Zimmerman and Miss Mabel Muser entertained the children in the gymnasium.

FARM CALENDAR
Timely Reminders from The Pennsylvania State College
Cause of Ropy Milk—Ropy or stringy milk is a common occurrence during early spring and late autumn. This type of fermentation in milk is due to a harmless variety of bacteria. Although ropy milk has an unappetizing appearance, it is not dangerous to the health. Milk that is stringy as it comes from the udder is different and should not be confused with ropiness that develops on standing. Milk from diseased udders should be discarded.
Feeding Baby Chicks—Baby chicks should not be fed until at least 48 hours after hatching. The little chick has nothing in its gizzard with which to grind food so a little grit should be added to the first feed of scratch grain.
Get the Spray Rig Ready—Now is a good time to overhaul the spray rig. Clean it thoroughly, take the pump apart and see if the valves are working properly. Replace any broken parts and oil the whole machine. The engine and pump should be started and run dry to see if they are working properly and the hose and spray gun inspected for repairs.
The Early Garden—It is not too early in most sections of Pennsylvania to start the hot bed. Make sure that the frame and mesh are tight. Secure good quality horse manure and place in a square pile, allowing it to ferment about eight to ten days. Re-arrange the pile every three days to prevent burning. Then place the manure in the hot bed pit, tramping it well. Cover this with a layer of straw and then place four to six inches of rich, loose soil on top. Then sow the seed in this soil. Watch the ventilation and watering carefully.

Hall's Catarrh Medicine
 Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. **HALL'S CATARRH MEDICINE** is a Tonic and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and assisting Nature in restoring normal conditions. All Druggists. Circulars free. **F. J. Cheney & Co., Toledo, Ohio.** Nov. 23-922

Bank Checks--
 Without the use of bank checks business as conducted today would be impossible. In simple terms a check on a bank is an order for money—your money if you draw a check—that is on deposit in bank. A check provides a safe and convenient way to transfer money from one place to another or from one person to another. It always carries a receipt.
 The check book is an easy and handy thing to carry. Try one and find how much better it is than a pocket-book stuffed with bills. Should you lose the check book the finder cannot get any of your money but should you lose your paper money its return depends on the honesty of the finder.
 We furnish you with a leather check cover and check on safety paper.
