

LOCAL AND PERSONAL.

Morris A. Burkholder purchased a new Maxwell touring car from C. P. Ramer, the agent at Tusseyville.

Mrs. Alfred Lee, of Bousburg, was an over-Sunday guest of her brother, James Smetzer, in Centre Hall.

Rev. C. W. Horner has been appointed to a pastorate at Williamstown, Dauphin county. His former field was Brownstown, Lancaster county.

The Reporter is informed that George Craig was not a purchaser of the Wilkinson place, at Potters Mills, but is living there as a tenant.

James I. Fetterolf, the local Star car dealer, unloaded a carload of "Stars" last week at the local depot. A number of them have already been sold.

Irvin W. Ziegler, of New Cumberland; J. R. Hannah, of Wells Tannery; C. F. Deisinger, of Harrisburg, were among the strangers in town on Monday.

Rev. W. R. Picken returned home after an absence of some weeks at Shippensburg, Williamsport and other points. In Williamsport he attended the Methodist conference.

Mrs. Belle Whiteman, proprietress of the Whiteman restaurant, is getting her home, purchased some time ago from H. E. Weaver into condition for occupying in the near future.

F. P. Floray executor of the estate of the late Samuel Floray, will sell the personal property of the deceased at Tusseyville, Saturday afternoon, 29th inst.

A sport model Star touring car is awaiting better road conditions in the Fetterolf garage, at Centre Hall, before being taken out by its owner, Mr. and Mrs. O. F. Funk.

G. H. McCormick, of Potters Mills, in this issue offers for sale the Miss Narcie Kimpfort property, at Potters Mills. The property is desirable either as a home or a summer resort.

Mrs. Fay Bramhall, of Metuchen, New Jersey, was with her parents, Mr. and Mrs. I. A. Sweetwood, during the last week of their residence here. Mrs. Bramhall left for home on Tuesday, stopping first with friends at Linden Hall.

John A. Slack, who had been staying with his daughter, Mrs. Alfred Catherman, at Millmont, returned to his home here on Tuesday. Mrs. Slack is in the Bellefonte hospital, where she has been for several months due to a fracture of the hip bone.

Wednesday morning Mrs. Lucy Henney went to New Bloomfield where she will visit her sister, Mrs. James E. Stewart. Before returning home she will go on to Philadelphia to make her selection of millinery goods. See her opening days in advertisement in this issue.

During the past ten days E. M. Huyett has been quite seriously ill. The Reporter is informed that he had been suffering at times from indigestion and again from lack of blood circulation due to low blood pressure, and then again from excess of blood pressure. His condition on Sunday was given out as slightly improved.

To date, so far as is known, it has been impossible for Chester A. Spyer, who operates the lime stone quarry, and Prof. W. O. Heckman, one of the high school teachers, to secure a house in Centre Hall into which to move. Since both of these men occupy important places in business and educational life, it is hoped they will yet succeed in being comfortably located before April 1st makes its appearance.

Harry A. Decker, accompanied by his son, Wilbur, and son-in-law, C. L. Bohman, all of Altoona, were in town last week or baby chix. For a number of years Mr. Decker worked in the Altoona shops, but later took up farming and a few years ago purchased the small farm he now lives on, giving considerable attention to poultry. He expects to secure 1500 chix, which together with the chix he can get hatched on the farm, figures that by fall he can count 1000 pullets and kept-over hens.

Probably the one who most enjoyed the "Covered Wagon" when shown in Bellefonte was William R. Neff, of Centre Hall, who with Mrs. Neff attended the showing of the Paramount production adapted from the novel by Emerson Hough. Mr. Neff was especially interested because it brought back to him many familiar scenes in which he participated back in 1886, when he was one of seven men who made a 1118 mile trip with 512 cattle and twenty-seven horses, and three schooners or "covered wagons." Mr. Neff's outfit started several hundred miles south of Westport Landing (now Kansas City) at Dardenelle, Yell county, Arkansas, on the west bank of the Arkansas river. Their travel was by way of Muskogee, Oklahoma, where the river was crossed, then through the "Cherokee Strip" by the Jackson or Santa Fe trail over the Rocky Mountains and then by way of the Marshall path to Saun Juan Valley to Alamosa, southern Colorado, their destination. Mr. Neff relates that the role of Tully Marshall, as "Jim Bridger," the shrewd old trader and squaw man, was ideal, both as to acting and costume. On this trip he saw various characters that the like of which Marshall may have copied after. The same is true of the tough old scout, Ernest Torrence, as "Jackson." The whole picture to Mr. Neff was very real, much more so than to those who had never had an experience very similar.

Transfers of Real Estate.

Laura M. Resides, et bar, to Ellen B. Garman, tract in State College; \$6,000.

J. D. Keller, et ux, to Roy Miles, tract in State College; \$5,800.

Our Continuous Obligation

Last year we put in 158,000 new telephones in Pennsylvania. This year we will put in 168,000. During the five years beginning January 1, 1924, the total will be 925,000.

These are gross figures. Our net gain will be about half that number.

Here is an interesting fact: During the coming five years we will actually put in a hundred thousand more new telephones in Pennsylvania than there are in service in the State today.

Every telephone line requires a pair of wires all the way to the central office. That's why we are adding more than half a million miles of new wire each year to our plant in this State.

Every telephone line means central office equipment and building space. That's why we are adding a million and a quarter dollars' worth of telephone apparatus every month inside our buildings.

And that, too, is why it is necessary to enlarge our buildings and to build so many new ones.

All this in a tremendous hurry—why?

Because it's our job to meet the demands for service—not at our convenience, but at the time when the telephones are asked for.

And, too, every added telephone gives your telephone more power.

THE BELL TELEPHONE CO. OF PENNSYLVANIA

The Star Car

"Worth the Money"

A prominent automotive engineer and writer recently tested the Star Car in every conceivable way. In his report, printed in "Motor" he says: "Starting and stopping on grades of the 20 per cent order was child's play." The Star Car is amply powered and it's a safe car to drive.

Arrange for a demonstration today.
