

LOCAL AND PERSONAL.

The robins are with us—and we are glad.

George W. Rowe, of Boalsburg, was a visitor in town last Thursday.

Mrs. W. M. Grove, of Berwick, last week came to Centre Hall to visit her sister, Mrs. Belle Whiteman.

Clement Dale, Esq., of Bellefonte, who has been ill for some time, was reported on Sunday to have been in a critical condition.

The Girls' stemmasons are planning to go to Millburg to help build the foundation walls for the new school house to be erected there.

Mr. Farmer, your attention is called to a new ad. in this issue by Philip C. Shoemaker, Linden Hall, who handles the Union Grains dairy feed. A special sale is now on.

Rev. S. A. Snyder, some years ago pastor of the Evangelical church here, has been transferred from Helen, York county, to Baltimore, Maryland. He will be found at 2936 Remington Ave.

D. C. Mitterling, local agent for a well known brand of made-to-measure clothes, comes before Reporter readers in an advertisement in this issue. He can fit you out just right with a new winter suit.

The first day of spring—last Friday—was a humdinger. Snow began falling very early in the morning and kept up until it had attained a depth of about three inches.

The new post office building at State College is to begin in a very short time, the contractor, Mr. Zimmerli, of Pratt, Kansas, now being on the ground. The location is on the corner of Beaver Avenue and Allen Street.

Miss Israel Valentine and little daughter, Blanche McClellan, of Millmont, were guests of friends in Georges Valley for a week, and also visited Mr. and Mrs. Jesse McClenahan, in Centre Hall. They returned home Monday afternoon.

Miss Wilma Shutt, daughter of Mrs. Maggie Shutt of Wellington, Ohio, visited among relatives in and about Centre Hall, part of the time having been spent with her uncle, J. Calvin Vonada, near Potters Mills. Miss Shutt is employed as a bookkeeper.

The frame-house on the Edward Longwell truck farm, in Buffalo Run valley, about three miles west of Bellefonte, was destroyed by fire. The loss is estimated at \$4,000, with \$200 insurance, and is keenly felt by Mr. and Mrs. Longwell. The fire is attributed to a defective flue.

Messrs. J. Frank Bible and Henry Stover, of Aaronburg, and the former's father-in-law, Nicodemus Luse, of Co-burn, were in town on Tuesday, having come to attend the Homan sale. Mr. Bible reports three very desirable farms in his locality that will be without tenants this year.

Unable to find a vacant house in Centre Hall, Prof. W. O. Heckman was obliged to move his family from the farm into a home in Spring Mills. The change of locations was made last Friday. The distance from Spring Mills here is more than to his farm, but the road is very much better which will even up matters.

Mrs. Lulu Armstrong, of Williamsburg, was in Centre Hall with her sister, Mrs. H. E. Homan, who has been quite ill for several weeks. Mrs. Armstrong contemplates returning here again in the near future to further aid in the care of Mrs. Homan. Mrs. W. H. Reish, of Boalsburg, is also helping to care for her mother.

Mr. and Mrs. William B. Harshbarger and little daughter Frances, of Altoona, drove to Centre Hall on Sunday and spent the day with Mrs. Harshbarger's sister, Mrs. George Searson, in Centre Hall. Mr. Harshbarger is a member of the firm of Harshbarger Brothers, who are so successfully carrying on a retail milk business in Altoona.

Reporter subscribers who have been waiting to see a change in the figures on their label since paying subscription, will note a change with next week's issue. Others who know themselves to be in arrears will likewise receive credit with next week's issue if payment is made before Tuesday of next week. Are you one whose label should be up to date?

There will be the minimum amount of moving done in Centre Hall this spring. There will be less changes than in a series of years, growing out of the fact that but few houses are for rent. Almost every house in the town offered for sale is picked up by some one who desires to occupy it as his or her home, and this naturally reduces shiftings on April 1st.

A branch of the Pennsylvania State College Summer Session is to be established this summer in Erie according to a recent announcement by Dr. Will Grant Chambers, dean of the School of Education at the college. Over 150 public school teachers of Erie county have stated that they would attend a branch school there, and an enrollment of over 200 teachers is expected.

James I. Fetterolf, the local Star and Durant dealer, wishes you to note his change of advertisement in this issue, from the Star car to the Durant. The Durant has many exclusive features, and you owe it to yourself to at least give it the "once over" if contemplating the purchase of a new car this spring.

A son was born to Mr. and Mrs. J. Bruce Arney, on the Arney homestead, immediately west of Centre Hall, on Friday. Under one roof four generations of the Arney family are ensconced. J. J. Arney, the head, is in his eighties and retains much of his old-time vigor; his son, I. M. Arney, is the owner of the farm, and he is assisted by his son, Bruce. The new addition is the third child in the younger Arney family.

Elkton, Perhaps.

The latter part of last week, Stanley Brooks and Miss Gladys Packer, two young people of this place, left their respective homes, leaving notes stating they would be heard from later. It is presumed they journeyed to Elkton, Maryland, but as yet they have not reported.

102 Years Old.

Mrs. Sarah Ann Weaver, of Burnside, Clearfield county, on Sunday attained the age of 102 years. Another aged lady in that county is Mrs. Catherine Hepburn Thompson, of Curwensville, who on March 7th attained the 100th year of her age.

May Consolidate 3 Schools in Clinton.
The Leidy township schools in Clinton county which open in April will be consolidated, and a building erected at a central point, which would do away with overcrowding and make possible for a more competent staff of teachers to be obtained. There are three schools in the district.

FARM CALENDAR

Timely Reminders from The Pennsylvania State College

Early Vegetables—In the warmer sections of Pennsylvania, it is time to prepare the soil for the first planting or seeding of cool vegetables such as cabbage, cauliflower, lettuce, radishes, onions, peas, beets, carrots, spinach, parsnips, parsley, celery and salsify. A thoroughly prepared seed bed is very important. This does not mean merely a well prepared surface, but the operation should extend as deep as the plowing or spading.

Setting Eggs—Try to set your Leg horn eggs so that they will hatch about April 15. If this rule is followed the pullets can be placed in the laying houses in October and will be ready to produce the high priced winter eggs.

Water for Livestock—If horses, cattle and sheep can get a good drink once or twice daily, they will do very well. Hogs and poultry should have water more frequently, preferably close at hand where they can drink whenever they want it.

Clover Seed—A great deal of imported red clover seed is now being offered for sale. This seed may be satisfactory but it is less hardy and more subject to disease than home grown seed. Native seed should have the preference.

Planting Orchard Trees—Don't plant the apple trees too closely. In general they should be planted about 40 feet apart each way. Rhode Island Greenings and Northern Spys should be planted 45 or 50 feet apart. Smaller growing varieties such as Wealthy and Wagener could get along with 35 feet, but 40 feet is safer. Pear and cherry trees need 25 to 30 feet for proper development and peaches and plums need 18 to 20 feet.

FOR SALE—A 1 1/2 horse-power water motor, in good condition, is offered for sale. Motor was in use in Reporter office until electric motor was installed. Apply at this office.

NEW ADVERTISEMENTS.

UNUSUAL OPPORTUNITY for 1923 or three men in Centre county. See full page advertisement on page 141 April "American" magazine, then write H. D. Coulter, 369 E. Main St., Lock Haven, Pa.

Plant-and more Plant

During 1922 we added twenty millions of dollars' worth of equipment to our plant in Pennsylvania. Last year the figure was thirty millions. Those were record-breaking years. This year it will be forty millions. As far as we can see now, the coming five years will require about \$173,000,000.

These figures are not of our making. The people of Pennsylvania by asking us for telephones—more and more telephones—are telling us how much new plant we must add.

Although the figures are large, we're in this business to give you all the service you need when you want it and where you want it.

That's why we're spending these millions of dollars in Pennsylvania.

And all of it is for construction—none of it goes for operating expenses. None of it goes for maintaining the equipment; although, of course, both maintenance and operating expenses increase as the telephone plant grows.

These millions must be raised largely in the form of new investments in the property.

Our business is not alone to spend this money as economically as possible. We must also, by sound business management, continue to hold your confidence, for it is to you that we must come for these new investments.
