**Baylett-Smith.**

A wedding that made two of Centre Hall's well known young people man and wife was quietly solemnized at the United Evangelical parsonage, in Baltimore, Maryland, at 1:30 P. M. on St. Patrick's Day, by Rev. Charles Byster, when Miss Madeline Smith became the bride of Roy E. Baylett, the ring ceremony being used.

The bride is the second daughter of Mr. and Mrs. Robert I. Smith, of Centre Hall and a graduate of the local high school, class of 1922.

They will take up housekeeping at Milton where the groom is employed by Shippers Car Line.

**"Little Miss Jack."**

A comedy drama, as titled in the heading of this article, was well executed by students of the Porter township (Clinton county) high school, in Grange Arcadia, on Saturday evening, to a house of considerable numbers. Those who witnessed the play vouch that it was well characterized, and that each participant did himself or herself credit, and also reflected great credit on the principal, Prof. Diehl, a native of Nittany Valley. This high school has a splendid reputation in its county for effective work in all lines.

**CHEAPER than 30 years ago**

One reason concrete is used so generally today in all types of construction from sidewalks to highways, from garages to enormous industrial plants, is the fact that Portland Cement actually costs less than it did thirty years ago.

The Atlas rotary kiln, daily producing as much as the old-time kiln did in one month, was the greatest single factor in assuring this cheapness.

And your building material dealer, the only distributing channel between Atlas and you, assures distribution economy. He knows building and building materials. He can help you.

**It Is Not Necessary to Work 16 Hours per Day and Do Your Chores after Dark—**

if you do your plowing with an Oliver No. 1 Improved gang. The use of the No. 1 Improved gang means more plowed acres per day with less horse and less man power.

One man, four horses and one No. 1 Improved gang can do the plowing of two men, six horses and two ordinary sulkies.

Be prepared to finish your plowing early in the season.
