Eddie Hearne to Race at Altoona.
Champion Eddie Hearne, the biggest figure in the year's racing, this week signed up for the big 250-mile international classic to be held on the great speedway at Altoona, Saturday, June 14. With Hearne entered, the "big four" of the sport—Hearne, Milton, Murphy and Fenger—top the list of those who will face the starter's flag. "Grandpa" Hearne, the veteran of the sport, although only 38 years old, comes to Altoona as the victor in the first big classic raced there last Labor Day, when the track was opened to the public. Driving the 200-mile grind without a stop last September, he distanced the fast field when his skill at nursing his roaring car at 114 miles an hour kept him from out of the pits throughout the contest when more spectacular pilots were forced in several times, losing precious seconds, by lubrication and ignition troubles.

One of the most outstanding proofs of Eddie's nerve as a champion driver was given at this inaugural race at Altoona. Flying into the first turn out of the home stretch at a gait close to 117 miles an hour, he witnessed the spectacular spill of "Howdy" Wilcox, in which the great Hoosier pilot was killed, and careened his car within a few inches of the top guard rail to escape the hurtling wreck. Although "Howdy" was a lifelong friend, Eddie followed the rules of the game in surging over the remaining laps, but broke into tears when he was given the coveted checkered flag instead of smiling the smile of a winner.

Eddie declared during 1923 that if he could only attain championship laurels he would retire, but no fear was felt that the present season wouldn't see him on the track. The odor of the exhaust "custer" and the cannonade of cars in early tuning have brought him back, as race men knew would happen.

County Scholarships at State College.
The school superintendents of Centre, Bradford, Cameron, Warren and Wyoming counties have been notified that they may conduct competitive examinations for McAlister Scholarship awards at the Pennsylvania State College. One prospective Penn State student from each of these counties is to receive this scholarship appointment prior to the opening of college next September. The scholarship is valued at \$120 and is good for the freshman year only. These counties are selected because they send the largest number of students to the college in comparison to the total county population.

Hall's Catarrh Medicine
Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and assisting Nature in restoring normal conditions. All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

Facts About INTEREST

Money has TWO uses—not just one. We generally recognize the fact that money can be exchanged for other commodities such as food and clothing, but we sometimes overlook the other use to which money can be put, namely that of earning more money.

Money deposited in the bank earns money for you day and night—seven days in the week, fifty-two weeks in the year.

Money deposited at 3 per cent interest, compounded semi-annually, will double itself in about twenty-one years.

It was the earning power, not the purchasing power, of money that built the fortunes of Carnegie, Rockefeller and Morgan.
