

PINE GROVE MILLS.

Capt. J. O. Campbell Post 272, G. A. R. have planned to honor the heroic dead on Memorial Day. The parade will form at the I. O. O. F. hall at 2 o'clock p. m., the G. A. R. civic organizations and children carrying flowers to be strewn over the mounds of comrades who have answered the final roll call. All old soldiers who donned the blue from '61 to '65 are cordially invited to join the depleted ranks; also Spanish American and World War veterans. Major S. D. Gettig will be the orator of the day. Rev. J. M. Kirkpatrick will deliver the address at Pine Hall at 6 p. m.

The annual G. A. R. memorial sermon will be preached in the Lutheran church by the pastor, Rev. J. E. English at 10:30 a. m., Sunday, May 25th; everyone is invited.

Mrs. Wm. Moyer of the Branch accompanied her daughter, Mrs. Nettie Whitmer to Philadelphia, where the latter submitted to a surgical operation Wednesday in the Jefferson hospital. Late reports say she is doing nicely.

John L. Markel and son Richard and wife of Altoona, spent Sunday at the W. H. Weaver home on the Branch.

Mr. and Mrs. John F. Kimpert and Samuel Wagner, of Boalsburg, were callers at the Charley Dale home on Tuesday.

Forest McGirk of Altoona passed thru town Sunday enroute to Bellefonte to visit his aunt, Anna Dale, who is recovering from a serious operation at the hospital.

Miss Maude Miller, one of our efficient school teachers, has gone to Chester where she has accepted a position as teacher. She will be missed in educational circles here.

Mrs. Ella Mothersbaugh, who submitted to an operation in the Bellefonte hospital, was discharged and taken to her home Wednesday, where she is convalescing nicely.

On account of ill health Mrs. Norris, teacher of the Branch school, resigned. Miss Mary Johnson is closing out the unexpired term.

J. M. Goheen is driving a new Nash car of the sport model. It's a dandy.

Farmer George Lohr had the misfortune to have one of his mated team of mules die. As it was one of the best mated as well as handsome, its collar will be hard to fill. Steel grey in color and mated to a "T."

Mrs. Lizzie Mallory of Altoona visited some sick friends in Bellefonte hospital between trunks Saturday to find them on the way to recovery. Our supervisor of roads and grain merchant is driving a new Willys Knight car.

All the buildings on the Major Ross farm are being dressed in new coat of paint.

While shifting furniture about and cleaning house Thursday at her home Mother O'Bryan got a tumble fracturing her arm between the wrist and elbow.

A. B. Tanyer, who has been ill the past six months, is now able to go about the house.

Mr. and Mrs. H. F. McGirk, who recently returned from the South, are planning to go housekeeping in Bellefonte shortly.

ODD PRINCIPLE OF HEREDITY

Facts Only Are Known, and Causes of Peculiarity Have Not Been Satisfactorily Explained.

One of the most striking instances of the Mendelian principle of heredity is that which is exhibited by the breeding properties of the Andalusian fowl, an exchange states. The blue Andalusian fowl owes its popularity with the public, and its interest to the student of heredity, to its color. This is a slaty blue-gray. If two birds of this strain are mated, it is found that they do not breed true. Besides the blue birds which hatch out, there will also be a certain number of blacks, and of whites, with occasional black points. If the blues thus produced are mated the odd-colored ones will again appear among their offspring, and no amount of breeding from the blues alone will rid them of the black and white blood which will crop out at every generation, although blue birds only are mated every time.

The principles involved are called the Mendelian principles, after their discoverer, Gregor Johann Mendel, abbot of a monastery at Brunn, Austria, after eight years of patient experimenting in his cloister garden with plants, chiefly edible peas.

The Marsh Mallow.

An erect perennial herb closely related to the hollyhock and commonly called marsh mallow, is found growing in salt marshes along the coast of Massachusetts, Connecticut and New York. It is known to botanists as *Althaea officinalis*, but it is not recognized by physicians as a drug plant. It attains a height of two to four feet and has attractive pink flowers about an inch across. The roots are thick, mucilaginous and used in confectionery and, to some extent, in medicine.

Saved the Day.

At a dinner party which I recently attended the maid failed to bring my serving; the hostess, not observing this, began eating and the others followed.

We had been reading our place cards and having a little fun over them. Mine read, "Because you're like a rose at morn I'm placing beside you a thorn" (Mr. Thorne).

Soon the guests began to notice my dilemma and to look embarrassed, either for me or my hostess. I don't know which, so to save the day I said, "Because you are so very thin, I know you never eat a thing."

Not a good rhyme, but the laugh went round. I was served, and everything went well.—Detroit Free Press.

BILL BOOSTER SAYS

ALWAYS SAY A GOOD WORD FOR YOUR HOME TOWN! YOU MAY BE TALKING TO A MAN WHO IS LOOKING FOR A NEW LOCATION, AND NOBODY IS GOING TO MOVE TO A TOWN WHOSE CITIZENS KNOCK IT!

Try Corl's ICE CREAM

Facts About INTEREST

Money has TWO uses—not just one. We generally recognize the fact that money can be exchanged for other commodities such as food and clothing, but we sometimes overlook the other use to which money can be put, namely that of earning more money.

Money deposited in the bank earns money for you day and night, seven days in the week, fifty-two weeks in the year.

Money deposited at 3 per cent, in interest, compounded semi-annually, will double itself in about twenty-one years.

It was the earning power, not the purchasing power, of money that built the fortunes of Carnegie, Rockefeller and Morgan.

Place your money on interest in our Savings Department.

The First National Bank Centre Hall, Pa.

3 PER CENT INTEREST ON TIME AND SAVINGS DEPOSITS.

LEOLA HOG FEEDERS

Start your Pigs on a LEOLA FEEDER, the most sanitary, economical, labor saving method of producing pork.

PROGRAM OF PHOTOPLAYS

At THE SCENIC and the OPERA HOUSE (BELLEFONTE)

—At "The Scenic"—

THURSDAY, MAY 22—John Gilbert in "Cameo Kirby," fine old Southern scenery. Also, Pathe News and Review.

FRIDAY, MAY 23—Herbert Rawlinson in "Jack of Clubs," an Irish Comedy Drama.

—At The Opera House—

SATURDAY, MAY 24—Bebe Daniels in "The Heritage of the Desert," a good western melodrama; some thrills. Also, two-reel comedy.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and assisting Nature in restoring normal conditions. All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

Coughing

Tires the old, lowers their vitality. The best standard family cough medicine for old and young. **CHAMBERLAIN'S COUGH REMEDY** Good for every member of the family

FOR SALE—Ford roadster, with starter; in good running order. Apply at office of the Centre Reporter.
