On a return from a fishing trip to Greens Valley, James Frohm killed four rattle snakes. They were provided with good strings of "bells" and these were lustily used, but failed to give protection. Most of the damage done was to the school house, a large number of window lights have been broken. MBH Hall Church Burned.

Fire of mysterious origin completely

destroyed the MBH Hall Church of Christ one night last week, with a heavy financial loss. The building is nearly a half century old and plans are under way to replace it with a new edifice this summer. There is some insurance.

The flames seemed to break out suddenly all over the building and as there were no fires in the church and the electric current had been turned off, there is nothing on which to base the probable cause of the blaze. It is a one story brick structure of fair size. The Rev. J. A. Agnew is the pastor.

The borough tax rate in Bellefonte was increased from five to ten mills. The street tax of ten mills and interest tax of five mills remains the same.
