

LOCAL AND PERSONAL.

Rev. and Mrs. J. M. Kirkpatrick and son, Jack, are spending a two weeks' vacation at Homeworth, Ohio.

Mrs. R. H. Kreider and little son, Daniel, of East Orange, New Jersey, who are visiting her mother, Mrs. Susan Meyer, of near Penn Hall, were also guests of Miss Lois Ulrich at the Fisher home in Centre Hall.

Mrs. A. R. Burkholder, daughter, Miss Margaret, of Phillipsburg, New Jersey, and Miss Katharine Burnes, of Easton, since last Wednesday have been guests of the former's mother, Mrs. M. E. Strohm, in Centre Hall. Mr. Burkholder is expected here in a few days.

Mr. and Mrs. William T. Campbell, of Erie, visited the latter's sister, Mrs. Elizabeth Stump and the Samuel Gross family, in Centre Hall, for a week, returning home on Friday, accompanied by Mrs. Stump, who will remain at the Campbell home for a short time.

Miss Mary Wert, of Tusseyville, who holds a position at the Pennsylvania Village, Laurelton, was at her home on Sunday. She is very much pleased with her work, which is largely out in the open. There are now a few over one hundred and fifty inmates in the institution.

Theodore Meyer, son of Mr. and Mrs. J. Frank Meyer, of Washington, D. C., is at the home of his grandmother, Mrs. Susan Meyer, near Penn Hall, where he is spending a part of his vacation. The senior Mr. Meyer is expected to come here for a few weeks in the near future.

Recent visitors at the Reformed parsonage in Aaronsburg were: Mr. and Mrs. James N. Hollenbach, Mr. and Mrs. Enos Boyer, Mr. and Mrs. Albert Knause and son Ray, all of Kratzerville and vicinity; S. C. Hollenbach, of Middleburg, and Mrs. Susan Brouse, of near New Berlin.

Miss Margaret Luse returned home a few days ago from a three weeks' visit to Harrisburg with an aunt, Mrs. R. W. Powell, and brought home with her a girl friend, Miss Eva Packer, of Harrisburg, who will spend some time here with Miss Margaret at the home of her parents, Mr. and Mrs. Clifford W. Luse.

Wednesday morning of last week a daughter was born to Mr. and Mrs. John H. Knarr. She was heartily greeted by her two little brothers and named Nellie Jane. The affair was something akin to a surprise party, for Grandmother Meeker was just as much put out over it all as most of the neighbors.

The barn and sheds at the State House, in Seven Mountains, are being painted by F. E. Arney, of Centre Hall. Forester McKinney is very proud of the fine condition of the State's property, where he lives. The State can be, and no doubt is, proud of its forester—for much of tidiness about the premises is due to the pride naturally belonging to him.

A new barn on the Harter farm, in Georges Valley, is nearing completion. The farm is owned by Ezra Harter, of near Spring Mills. The "raising" was done in record time, one day last week, and was almost completed before the call for dinner was announced. Those who gave assistance to place the timbers in position say there was never a better dinner served to any hungry men.

P. M. Weber and daughter, Miss Alice Weber, of Huntingdon, were guests of Mr. and Mrs. John H. Weber, in Centre Hall, last week, and also visited with friends in Boalsburg. Mr. Weber has long been connected with the State Reformatory, at Huntingdon, but since last fall has not been able to fill his place on account of poor health. He is now improving physically, judging from his appearance.

At her farm home, near Potters Mills, Mrs. Clara Meeker has been entertaining a large number of friends and relatives during the past few months. Among others who enjoyed the hospitality of the place or are now doing so, are her daughter, Mrs. H. M. Hipple, of Baltimore; Mrs. Vinton Willhite, daughter Maxine and son Vinton, and a friend of the family, Miss Helen Lord, of Philadelphia; Mr. and Mrs. D. A. Franke and son Harry, and Mr. and Mrs. Edward L. Franke and daughter Florence May, and Miss Thresa Dunlery, all of Baltimore, Md. Mrs. Edward Franke will be recalled as Miss Belle Meeker, a daughter of the hostess. The party is enjoying real country life.

The Reporter was pleased to have a call from one of its valued patrons in the person of William C. Sweetwood, of Los Angeles, California, who left home the second day of this month, stopping in Chicago and other points along the way. In Chicago he was the guest of Rev. and Mrs. Elmer Williams. Like all Californians, Mr. Sweetwood comes along with a good tale of his country, and when asked how he liked the Pacific Coast state, he simply said that "Heaven was just around the corner from where he lived." He has lived in various sections of Pennsylvania, in St. Louis, up in Idaho, and has traveled all through the western section of the U. S., and this makes his allusion to the nearness of the place where we all want to meet, to his home all the more significant. Mr. Sweetwood is a carpenter by trade and has done work on most of the world and international fairs held during his time. He is here alone, Mrs. Sweetwood and three sons remaining on the coast. He is a son of the late James Sweetwood and was reared near Potters Mills. Although he has been about home little since he was a lad of sixteen, he has many friends here who greet him most gladly. Before returning he will visit his brother-in-law, William Grove, at Berwick, and will also spend some time in Harrisburg and Philadelphia. Before coming here he visited his nieces and nephews, children of Amos Alexander, in Millin county. On his return home, Mr. Sweetwood will take with him his sister, Miss Cora, who is now at the Arney home, west of town.

William McClintic, of Linden Hall, represented the lodge of Odd Fellows at a meeting of delegates at the Orphans' Home at Sunbury.

Rev. J. M. Runkle, Mrs. Runkle and their daughter, Miss Mary, of Altoona, have been guests at the home of John H. Runkle, east of Centre Hall.

Mr. and Mrs. S. P. Hennigh and Mr. and Mrs. Samuel Shoop, on Wednesday, drove to the Odd Fellows' Orphans' Home, near Sunbury, where Mrs. Shoop attended a meeting of delegates representing various lodges throughout this section.

Rev. and Mrs. M. H. Hendrickson and four children, of Ulysses, Potter county, motored to Penns Valley beginning of the week and visited the home of Mr. and Mrs. Sparr Wert, at Aaronsburg, and the T. J. Fleisher family and other relatives about Colyer and Centre Hall.

Mr. and Mrs. C. H. Meyer, of Reedsville, and their daughter and husband, Harold Buttles, and baby Buttles, of New York City, drove to Centre Hall on Tuesday evening and for a brief time visited with Capt. G. M. Boal, father, grandfather and great-grandfather, respectively, of the female members of the party.

The L. O. Packer home in Centre Hall had as guest during the recent past, James I. Packer and children, James and Bernadine, and Miss Martha Clark, all of Altoona. Mr. Packer is a brother of Prof. Packer, and is a foreman in the Altoona car shops. Mr. and Mrs. H. P. Robb and son Harry, of Lock Haven, were also entertained by the Packer family.

Mrs. Arthur Johnson, of Eagle Rock City, California, is in the east and while in town is a guest of Mrs. G. O. Benner. She expects to remain here until fall, and then, if present plans carry, she will be accompanied to the coast by Mrs. Benner. Mrs. Johnson, previous to her marriage, was Miss Ella Decker, of near Potters Mills, and has a host of friends and acquaintances about here.

TO ERECT CLUB HOUSE.

Pittsburgh Aggregation to Build Mountain Home on Krise Farm In Seven Mountains.

Last spring brief mention was made in these columns that a Pittsburgh aggregation of professional and business men would erect an elaborate club house on the Krise farm, in the Seven Mountains, about four miles south of Potters Mills. The farm was purchased several years ago by a party of hunters who had before and since making the Krise place their headquarters during the hunting and fishing season, and also a resort for their families during the summer months. The parties became so interested in the place that they concluded to erect an elaborate mountain home, with all modern improvements. The official name of the organization is "Stove Rocks Club," and is composed of thirty-five members from the Pittsburgh district. The president is G. R. Speer, Union Arcade, Pittsburgh, an attorney.

The club house, for which a contract for its erection has been given to W. S. Williams, who is also the contractor for the borough high school building, will be a story and a half high, 24 feet by 40 feet. The walls will be of rough mountain stone, laid in cement and lime mortar and have the rubble effect. At one end will be a large chimney, with a spacious fireplace on the first floor.

The interior will have exposed joists and on the sides sheet rock and paneling.

A large porch will be a feature of the building and this will have for its supports natural tree posts.

Mr. Williams the contractor, states work will be rushed to completion, so that the structure will be ready for occupancy before the game season opens.

All the relatives and friends of the VonNeidas, the Rishels, and the Heckmans of Central Pennsylvania, are cordially invited to meet in annual reunion at the famous Vonada park on the State highway halfway between Laurelton and Woodward, on Saturday of next week.

Sunday was another hummer for autoists. It was sure a perfect day.

LOCAL AND PERSONAL.

Mr. and Mrs. Fred Kirsack, of Cleveland, Ohio, and Miss Hazel Prince, of Delaware, Ohio, were recent guests of Mr. and Mrs. T. M. Gramley, at Spring Mills. Their acquaintance was formed while Mrs. Gramley and Miss Orpha Gramley were patients in the Delaware Sanatorium. The Kirsacks, like the Gramleys, were patients there, and Miss Prince a nurse. It is a pleasure to say further that all the patients, including Mrs. Gramley, have since improved very much.

There is much doubt in the minds of citizens in Loganon whether the young woman, Miss Womiedorf, was attacked by a negro as stated in a brief account on the first page of this issue. It is thought by some that the woman had been seized with a spasmodic attack and later labored under the hallucination that she had been attacked by a negro. How her clothing became so badly torn cannot be explained unless she could have done the tearing with her hands while passing through the paroxysms of the spasms. It is said she had such an attack some years ago.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and assisting Nature in restoring normal conditions. All Druggists. VICTORIES that build Firestone LEADERSHIP

Firestone Leads on Speedway with Five Record Breakers

When the race driver selects his tires he does so realizing that his life and chances for success depend upon them. It is significant that all of the ten money winners in the Indianapolis race were Firestone shod. Firestone, using gum-dipping and other special processes, has developed tires to such a high degree of efficiency that at Indianapolis, May 30th, the following drivers broke the world's record for 500 miles over this brick track, making many rounds at over 100 miles per hour.

Driver	Time	Miles per hour
Joe Boyer—L. L. Corum	5:08:23.51	98.24
Earl Cooper	5:06:47.18	97.99
Jimmy Murphy	5:08:28.39	97.37
Harry Hartz	5:10:44.29	96.55
Bennett Hill	5:11:07.00	96.46

Leadership in Everyday Service

Millions of motorists are profiting by the lengthened service of Firestone tires. Scores of unsolicited testimonials emphasize the long mileage Firestone Gum-Dipped Cords deliver—which builds leadership in service, safety and economy.

Leadership on Cabs, Buses and Trucks

The largest taxicab companies in the five largest cities in the United States use Firestone Gum-Dipped Cords exclusively. One fleet alone, the Yellow Cab Co. of Chicago, uses over one-half million tire miles per day.

Firestone for years has been first to develop tires and rims complete which would meet the heavy trucking loads, great strains and demand for traction. By originating and carrying forward the Ship by Truck movement, and establishing Ship by Truck bureaus in all large cities, Firestone helped to speed up highway transportation and reduce costs.

Balloon Tire Leadership

Firestone's latest contribution to motoring is the low air pressure or Balloon Tire. This, the original full-size Balloon, was made practical by the special Firestone Gum-Dipping process, insulating every fibre of each cord, adding great strength and stamina. Firestone has also simplified the application of full-size Balloon tires to your present car by designing a special unit consisting of tires, tubes, rims and spokes applied by any dealer at a very low cost.

Leadership Against British Rubber Restriction Act

Attacking the unsound and uneconomic character of the British Rubber Restriction Act limiting the exportation of rubber from the Far East, Firestone was the one large tire manufacturer to take up the cause for the car owner. Soon after the agitation was started for America to produce rubber under its own control, the cost of crude rubber was reduced and tire prices brought back to normal.

Dealer Leadership Through Tire Quality and Service

Through Firestone dealers you can obtain organized service and the soundest values on the market, whether you need a Ford 30 x 3 1/2" Fabric, a set of full-size Balloon Gum-Dipped Cords or a 10-inch truck tire.
