They Say--

"HISTORY REPEATS ITSELF"

That being so, why should we be surprised if we come to face "hard times" occasionally. We need not expect anything else. The wise thing to do is to "lie low" and wait for the hard winds to die down.

Have a financial lantern, a financial cot, and a financial biscuit in your financial storm house and you won't be bothered by "hard times."

A SAVINGS ACCOUNT in which you deposit regularly is the panacea for "hard times."

We pay 3 per cent. Compound Interest. You'll be surprised how soon you can save a comfortable sum.
