The gagging and robbing of a young lady in Centre Hall is a myth. It is at least so believed by those who heard her story and made an effort to obtain additional facts from outside sources. So far as is known there appears to be no reason for the spinning to the justice of the robbery tale.

Farmers are having the usual trouble in securing the oats crop. Much of it has been cut but little housed, owing to the frequent rains since cutting. It is said that in some fields the rains have been interfering with the easy-care of the oats crop, corn fields have been chukking.

Last week mention was made that a building lot in the Bairfoot addition to Centre Hall had been purchased by Harry W. Potter. The Reporter is able to say this week that excavations are underway now for a dwelling house of the bungalow type, and the same will be rushed to completion. The structure will have stucco finish on the exterior, the material to be similar to that used on Sunset club house, which is crushed seashell. The stucco work will be done by H. D. Shlegel, of Spring Mills, and the carpenter work by F. V. O. Housman, of Millheim.

One of the really delightful features of the Encampment and Fair, which begins Saturday, will be the singing and playing by the "Filipino Five," a musical organization of excellent talent and ability. Their first concert will be given Saturday evening, beginning at 7 o'clock, on the Park, and throughout all of next week they will give concerts—outdoors if weather conditions permit, otherwise in the auditorium. The small fee of 50 cents which is charged for admission to the grounds for the entire week cannot buy more value in the line of good entertainment than that which the "Filipino Five" are capable of giving.

Mr. and Mrs. C. E. Blazer and children, of Centre Hall, accompanied by Martin and Isabel Fleck, of Pittsburg, motored to the home of Mr. and Mrs. A. S. Fleck, in Midvale, New Jersey. A day was spent at West Point on the Hudson River, and one in New York City, where the party visited the Museum of Natural History, the Aquarium, the Statue of Liberty on Bedlean's Island and other attractions of the metropolis.
