#### MORE WOMEN FOR MUNCY PRISON.

### Dr. Ellen C. Potter Has New Plan for Handling Women Prisoners.

Long-term women offenders will be sent to Muncy if the plan of Dr. Ellen C. Potter, secretary of welfare, is approved. Dr. Potter, who has just returned from an inspection trip through the New England States, saw the central reformatory plan in actual work

### 30-foot Fall on Concrete.

A two-year-old child, son of Samuel Richards, fell from an apartment window on the third floor of the Brockerhoff house, Beliefonte, to the concrete walk, the result being a fractured skull, a broken ankle and many bruises. The child climbed to the window and in an effort to secure a plaything lost its balance with the above noted

# Brothers Die Same Day.

Rev. Samuel Curry, a clergyman of the Presbyterian church, died on the same date and at almost the same hour as his brother, Rev. David S. Curry, pastor of the Mount Union Presbyterian church, died Saturday night, August 2. Announcement of the former's death came to Mount Union only last week by cable and also through the columns of the Caleraine Chronicle, Ireland, where he preached. The brother, David, died suddenly after returning tomobile ride to his home in Mount Union and when he was making preparations to preach in the Lewistown Presbyterian church the following Sun-

Shortly after the brother, Samuel, in Ireland died, his relatives there received a cablegram announcing the death of David S. Curry in America. Samuel served as pastor of the First Presbyterian church, York, after his graduation from Princeton Seminary, succeeding the late Rev. Dr. J. C. Niles.

# A Better School Year.

Now is the time of year when the opening of another term of school is just "around the corner," September 8 to be exact. It is proper for those who start into these formal institutions of tearning, little sidepaths in life's journey, to make up their minds solemly and seriously that they will try to make the most of their time in school during the year ahead.

It requires no ability to be able to annoy a teacher, get low marks, not know the lesson or the assignment nor pay attention to the work at hand. Any of these things might be done by an idiot. But he or she who consider the mind as something that is to be developed will have little time in school or out for time-wasting prac-

Make up your mind, young folks, that you are going to do a better year of school work than you did before, and you will never regret it.

# A Real PresidentialCandidate.

"A Democrat." said Mr. Davis," Is a man who wants the record of his party remembered; a Republican is a man who wants the record of his party forgotten." He said, "I want the Government of the United States not to tiptoe behind closed doors for fear the Senate may overhear it. I want it not to sit abroad with unofficial observers peeping through every internotional keyhole."

We wouldn't trade candidates with the Republicans for anything in the

John Meyers, a Rockview inmate, disappeared from the prison bounds one day last week. A description of him was sent to various persons in Penns Valley as it was surmised he would cross the valley to get to his home near Milroy. Next morning he telephoned to the prison authorities that he "got lost" and had no intention of making a get-away. He was taken back to the prison and from there to the Pittsburgh pen. It is stated on good authority that Meyer was in Centre Hall the "night before the morning" he made his whereabouts known. He is well acquainted here, which was the home of his deceased father, Russell Meyer.

An enumeration of children of school age has just been completed in Centre Hall borough, as required by law. The count is 120 children.

#### Reports of the U.S. Agricultural Department Contrary to Claims Made by Republican Political Writers and Orators.

It is true that the report of the experts points out some improvements restiction and send about 100 of the in conditions in the last two years but the improvement has been despite the Republican policy rather than because of it.

Having reached its low point in the first year of Republican rule some improvement was to be expected even though those in control of the administration failed to give effect to promised relief legislation.

"As a means or gauging how the agricultural depression has effected farm standards of living in the four years since 1919-20," says the experts' report, "wholesale prices of all commodities declined twenty--five to thirty per cent., while the farmer's income declined as much as sixty to seventy-two per cent."

Even with the improved conditions of the last two years the farmer received a return of but 3.1 per cent on the capital invested.

National Defense Day at Boalsburg. Preparations for the proper observance of National Defense Day, September 12th, at Boalsburg, are progressing nicely, and all indications point to the assemblage of an immense crowd at Boal Camp, Boalsburg. on Friday of next week.

Two bands, State College and Lemont, have been engaged to enliven the occasion. The basket pienic feature will be an all-day affair.

Enrollment blanks are being widely distributed and from reports received hundreds of men and young men have enrolled for the one-day mobilization demonstration, which is but a renewing of loyalty to our grand country, to the Star and Stripes.

The ladies, too, will have an opportunity to show their patriotic spirit that day. The Red Cross organization is preparing to take an active part. Red Cross units will be organized in all sections and will join the forces at Boal Camp under the leadership of Miss Martz, of State College, and Miss Ishler, of Linden Hall.

# Sweeny .- Fishburn.

A wedding of considerable local interest took place Tuesday morning at 8 o'clock at the home of Mr. and Mrs. W. N. Fishburn, Bellefonte, when their daughter, Miss Pearl, became the bride of Ralph W. Sweeny, a son of Mr. and Mrs. Wm. Sweeny, of Spring Mills. The bride was attended by her sister. Miss Mildred L. Fishburn, and the groom was attended by his brother. George H. Sweeny. Both bride and bridesmand were attired in white silk Canton crepe dresses to match. The ring ceremony was performed by the bride's minister, Rev. Amrbose M. Schmidt, and witnessed by the bride's and groom's family, also the bride's grandfather, Watson Struble.

Immediately after the wedding the newly married couple left for Harrisourg and other places of interest. Both are well known in this vicinity and have many friends who join in wishing them a long, happy and prosperous life.

The young couple will go to housekeeping near Centre Hall. Mr. Sweeny is employed as a public school of Old Fort.

Woodhouse Burned. The woodhouse on the E. H. Grove farm, near Stone Mill, tenanted by his son, Herbert Grove, was destroyed by fire Saturday afternoon. The building stood abot midway between the house and barn, three small buildings being between it and the barn and two on the house side. There was no wind and with a good supply of water and help summoned by telephone, the fire was confined to the woodhouse and smokehouse that stood within two feet of it. The latter building was only partially burned. The woodhouse was well filled with wood cut ready Indianapolis, Indiana; for the cook stove and several cords of wood sawed short and ranked nearby the fire was ablaze but the flames were extinguished before much damage was done.

#### ENCAMPMENT AND FAIR IN FULL SWING.

Every Department of the Great In-

stitution Filled With Exhibits-Sutlers Galore-Park Grounds In Finest Condition and Crowds the Greatest Ever.

At no previous time during the fiftyone years the one-day picnic of the Centre County Pomona Grange developed into the great Encampment and Fair of ten days has the gathering opened under more auspicious circumstances. The grounds were never prettier nor in better condition; the numerous exhibits were never heretofore more tastily and systematically arranged; the exhibits of stock and poultry never larger; the sutlers more plentiful; the exhibitors who offered their wares for sale more hopeful of good business; the children never happier and gay; the throng of people from all sections of Central Pennsylvania more expectant than now.

Early last week families began ocsupying the tent homes, and by Saturday almost every tent had its occupant and was made to appear home like. The attendance Saturday night was as large as a former good Thursday night and Sunday the crowd was never equalled.

Monday was devoted to the arranging of exhibits by those who had not done so before, and those who were out for the week made acquaintance with their neighbors living like them in a tent. The children have been having the time of their lives. The sand pile, the swings, slides and seesaw occupying their attention.

The evenings have been devoted to concerts and playlets, both pleasing. The gatherings in the evenings have never heretofore been equalled. The weather has been ideal for camp life and everyone who possibly could took advantage of it.

The Reporter is being published earlier than usual, so that its force may enjoy the "big" day on the park consequently the proceedings of Wednesday and Thursday cannot be given.

Never experienced such heat in my life as I had coming here. It makes one appreciate the cool night of this state. The days have been quite hot but nights at times cold. There is one cooker. A bucket brigade and a trip around here you would enjoy. It is up Bear Creek canyon to Lookout Mountain. It is a trip of seventyfive miles. Up the canyon there are three little villages-Morrison, Starbuck and Evergreen. The houses in these towns perch on the side of the canyon like bird houses. The contrast in the colors is striking, the deep red of the rocks and the deep green of the spruce. This road has more turns than one could count. When you reach the top of Mt. Lookout, you find Buffalo Bill's grave there in a spot where one can see Denver in the distance delphia, where he has been located for and Golden, the first capital of Cólorado, at the foot of the mountain, There is a cabin built some distance from the grave in which many of Buffalo Bill's curios are on exhibition.
