

THE CENTRE REPORTER.
THURSDAY, SEPTEMBER 25, 1924.

REBERSBURG.

Calvin Weaver recently bought the Mrs. Snyder Miller home, Mrs. Miller expecting to make sale and go to Illinois, where she will make her future home with her daughter, Mrs. Jordan.

Scott Stover spent last week with his daughter, Mrs. Lester Minnick, in Millinburg.

The farmers are raising their potatoes. The yield is not as good as was expected.

Quite a number of people from a distance came here last Saturday to attend the funeral of Jacob Gephart who died last Wednesday and was buried Saturday afternoon in the Lutheran and Reformed cemetery.

Ammon Shroyer and family of Maple Park, Illinois, were called to this place on account of the serious illness of Mrs. Shroyer's father, Jacob Gephart. They left a few days ago for their western home.

Claud Small will move to South Rebersburg into the E. E. Stover house, which was vacated by Lester Minnick.

Samuel Mowery, who has been on the sick list since last winter, and who has ever since been unable to do any manual labor, is not improving but is slowly getting weaker.

Malone Stover and wife, of Illinois, who visited relatives at this place the past week, left for their western home.

SPRING MILLS

Mr. and Mrs. Howard Neese, of Virginia, are visiting at the Neese home.

Dr. and Mrs. H. S. Braucht spent Friday in Williamsport.

Lester Condo's sale was well attended and everything brought good prices.

Mrs. Mabel Smith and daughter spent Saturday at Lewistown.

Andrew Rote and wife attended the funeral of Jacob Gephart, at Rebersburg, on Saturday.

Good Business Prospects.

The Millheim Journal makes this statement: The Millheim Knitting Mill is running full speed right now and has an average daily production of approximately 500 dozen pairs of hose. They have been knitting and ribbing machines running 22 hours out of 24 and are making preparations to increase the output. The first step in that direction was when an auxiliary plant for looping and mending was opened at Millroy, under the management of Grant Miller. Inability to secure enough loopers in Millheim and vicinity is given as the reason for this move. Looks as if the old burg is going to boom this fall and winter.

Transfers of Real Estate.

See me and **SAVE FROM \$3 to \$5** on any style Glasses you may desire.

REMEMBER THE DATE

THE RURAL COMMUNITY.

Of the Host of Eleven Million Boys and Girls, Three Million Are in One-Teacher Schools.

School has begun. Approximately two-thirds of the young people between the ages of 5 and 20 who live in the open country or the small towns and villages have enrolled in school. Of this host of over 11,000,000 boys and girls, over 3,000,000 are in one-teacher schools.

The teachers of these 175,000 one-teacher rural schools have received the fewest number of weeks of professional training of any group of teachers. Nearly half of them, no doubt, are teaching with the smallest amount of preparation permitted by law. Over one-fourth of them are teaching their first term of school. The majority of them are young; three or four years younger than town and village teachers. Moreover, their school terms are one or two months shorter than those of the latter group.

In view of these facts has the State complied with its obligations in public education? Have the rural boys and girls an equality of opportunity in education? Are they provided facilities for obtaining an education which are in any respect equal to those generally provided in larger centers of population?

The above inadequate conditions make imperative the attention and assistance of every local community to its rural school. Parents, as well as school boards and superintendents, should help the teacher by seeing that the necessary books, supplies, and equipment are provided as needed by the children. The teacher's full time should be devoted to the important task of directing the children in their development. Her energy should be concentrated on methods of securing the best possible development of each individual child entrusted to her care.

Making the World Safe for Valuables.

No. 3.

You'd hate to have those insurance policies go up in smoke, now wouldn't you? And those mortgages, leases, receipts, and other valuable papers—can you afford to leave them where they may be burned, stolen, or trilled with!

We are in the position of the man who awakens you in time to prevent your house catching fire, rather than waiting to tell you about it afterwards.

We believe in locking the stable before the horse-thief comes—rather than after the horse has been stolen.

THE TIME TO SAVE THEM IS NOW—NOT AFTER THEY ARE LOST.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and assisting nature in restoring normal conditions. All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.
