It is his hope that his efforts have accomplished some good which will bear fruit in after years.

It will require but a bit of time to register your will on Tuesday. A vote for Mr. Noll will well repay every taxpayer.

A man who stood by Hon. Leonard Rhone in furthering his measures to relieve the farmers of their tax burdens is entitled to the support of the farmers when a candidate for congress in this district. Such man is Edward R. Benson. When a member of the legislature he and Mr. Rhone worked together on the Rhone tax reform measures which provided for lessening the taxes on real estate, especially farm lands.

Mr. Benson, the Democratic candidate for congress in this district, is the true friend of the farmer. He consistently voted for every measure up in the 1913 session of the state legislature that in any way was favorable to the farmers. Vote for him on Tuesday.

Sees Republican Trick Designed to Fool Voter.

Franklin D. Roosevelt, en route to New York from a visit in Georgia, issued a statement through the Democratic National Committee declaring that "a nation-wide organized effort to fool the country is going to be exposed on November 4."

"Relying on the short memory of many voters," he said, "this clever confidence gang is repeating the plan of 1912. In that year the old guard directors gave out bundles of publicity to prove that Mr. Taft was going to be elected. Hands down on the ground that Mr. Roosevelt would draw just as heavily from Democrats as from Republican strength. Election day that year exposed the trick. Roosevelt drew the great bulk of his support from Republicans, just as La Follette is doing this year.

"An unexpectedly small Democratic vote will go to La Follette and his undoubtedly large popular vote will come from normally Republican supporters. Davis has not only a united party support, but also that of hundreds of thousands of progressives of the type that voted for Wilson in 1912. "A week from Wednesday a lot of people are going to wake up and kick themselves for being so easily fooled."

A BIT OF WARNING.

Just prior to the election a bit of warning may be necessary to those who are sincerely in favor of temperance and law enforcement. There may be a bit too much politics of a particular brand being mixed up in the public meetings being held throughout the county under the direction of the W. C. T. U. From what can be learned the propaganda put out is that there is nothing good about the election to be voted for except he is in the Republican column. This is not true; it is false. From the top to the bottom the Democratic candidates appearing on the ticket that will be handed you next Tuesday at the polls are just as much interested in law enforcement and will do much for temperance as those in the Republican column, if not more. The fact that a candidate is endorsed by the Prohibition party or favored in his election by the W. C. T. U. does not make him dry, nor does their disfavor make him wet. The temperance cause and law enforcement will be supported just as well by Mr. Benson as by Mr. Swope, and by Mr. Noll as by Mr. Holmes.

When Mr. Holmes was first named the Republican candidate for assemblyman, great stress was laid on the fact that he stood for whatever enforcement law Governor Pinchot might produce. Now, as we are told he won't do any such thing, and the purpose is to catch both the Pinchot and anti-Pinchot vote for him. Mr. Noll has from the beginning said he would, if elected, vote for any good laws, no matter where they originated. He need not resort to deception.

Mr. Benson is just as dry as Mr. Swope—personally and politically—and because Mr. Benson is endorsed by the Labor party is no reason why dry women should think he is not, and especially when Mr. Swope has the endorsement of the Socialist party. It is also improper for dry women to assume and preach that because Governor Smith of New York is doing all he can to carry New York for Mr. Davis that Mr. Davis is wet; and that because Mr. Davis has the courage to denounce the K. K. K. he (Davis) is in sympathy with the Catholics.

This stuff being put out now by these people is nothing less than Republican propaganda of the lowest order. So when you go to these meetings keep your ear to the ground—do not be deceived.

Penna Valley and Brush Valley Democrats are pointed out as neglectful of their duty on election day. This ought not to be. Let us all go to the polls on Tuesday and vote our convictions. If we all did one of the results would be the election of William H. Noll, and that would mean much.

Hunting Season Opens Saturday.

(Continued from first page.)

owner, and that the tag issued with the license is plainly displayed on the middle of the back on the outer garment. Some sportsmen complain that the new license tag is not substantial. Investigations have developed the fact that invariably such tags have been mutilated by abuse, but a few of the early tags were defective because the dies were new and cut the aluminum. The 1924 tag is believed to be more substantial and will save the sportsmen \$30,000 in cost of manufacture.

Violators of the game laws are enemies of true sportsmanship and a future supply of game. Sportsmen detecting violations should get the county number and license number and forward them to a game protector of the Board at Harrisburg. Hundreds

of violations were detected in this manner last year.

Game killed during the season may be kept after the close of the season for 30 days only.

Respect Property Owner's Rights.

All true sportsmen will recognize the rights of property owners always, and if lands are posted against trespassing endeavor to secure permission from the owners before hunting thereon. Usually such lands are posted to protect a certain kind of game that happens to be scarce, and if permission is granted to hunt for other game, no true sportsman will abuse the privilege granted by killing game which the owner is trying to protect and increase. Where the confidence of the land owners is abused, it invariably means a denial of similar privileges to all sportsmen.
